The Law and Business of Litigation Finance considers the international development of the law and practice of high value litigation and arbitration funding. It is an essential guide for those who provide or seek such funding, as well as for anyone who wishes to understand the litigation funding process and to avoid pitfalls. It answers questions such as: - How do litigation funders raise capital and how do they spend it? - What are their corporate and

financial structures? - What type of cases do they invest in and what are their returns? - What are the key legal issues relating to litigation funding? The Law and Business of Litigation Finance assists various parties, including: - Those who do not have the resources or risk appetite to proceed in litigation or arbitration without financial support - Law firms who are interested in a significant business development opportunity, and fairer outcome for litigants - Insolvent estates, whose biggest assets are their potential claims - Judges, arbitrators and other neutral parties in funded dispute resolution cases - Regulators, legislators and policymakers in the fields of legal and financial services - Investors who seek high risk, high return opportunities The book is edited by one of the most accomplished litigation funders in the international market and has contributions from leading experts drawn from legal practice, financiers and academia. The focus is on the UK and the US, the two main centres for the international litigation funding industry, with reference to Australia, New Zealand and other select jurisdictions. As the first book on litigation finance to take an international, and particularly transatlantic, perspective, this is a must-have guide for all lawyers, commercial court judges, legal policy makers, regulators, investors, and academics in these jurisdictions.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Best Practices in Law Firm Business Development and Marketing is a unique resource for law firm leaders, practicing attorneys, legal marketers, consultants, and educators who want to uncover the best marketing practices in the legal profession. Find out how the most successful law firm leaders are creating and developing firm cultures to encourage business development, and how smaller firms and single practitioners are executing on marketing plans to make an impact. This book uncovers the best practices in the wide arena of legal marketing and covers topics including: the most successful ways to create long-term relationships with clients, show personalities, leadership, and collaboration contribute to a firm's culture and brand, what characteristics management should look for when hiring a CMO, how compensation, firm culture,

training, and coaching can support and incentivize business development steps to take to build an individual reputation and brand, including the use of press, speaking engagements, and social media, the essential approach to support women lawyers with business development -- including ideas on networking, mentorship versus sponsorship, and authenticity in marketing how new technologies are being applied to deliver better service, attract clients, and generate business, the important role of legal operations, the procurement professional, and legal process outsourcing, practical methods for evaluating AI solutions to business needs such as billing, e-discovery, and technology-assisted review. Culled from scores of interviews with law firm leaders, chief marketing officers, and legal innovation visionaries, Best Practices provides actionable advice and real-world thinking. Each chapter is filled with information that can be scaled to apply to a single-person law practice as well as a large international law firm. In addition, the book features special "Think Pieces" from some of the nation's leading experts in legal marketing.

*Pro Bono in Principle and in Practice* West Academic Publishing

Big Data: A Business and Legal Guide supplies a clear understanding of the interrelationships between Big Data, the new business insights it reveals, and the laws, regulations, and contracting practices that impact the use of the insights and the data. Providing business executives and lawyers (in-house and in private practice) with an accessible primer on Big Data and its business implications, this book will enable readers to quickly grasp the key issues and effectively implement the right solutions to collecting, licensing,

handling, and using Big Data. The book brings together subject matter experts who examine a different area of law in each chapter and explain how these laws can affect the way your business or organization can use Big Data. These experts also supply recommendations as to the steps your organization can take to maximize Big Data opportunities without increasing risk and liability to your organization. Provides a new way of thinking about Big Data that will help readers address emerging issues Supplies real-world advice and practical ways to handle the issues Uses examples pulled from the news and cases to illustrate points Includes a non-technical Big Data primer that discusses the characteristics of Big Data and distinguishes it from traditional database models Taking a cross-disciplinary approach, the book will help executives, managers, and counsel better understand the interrelationships between Big Data, decisions based on Big Data, and the laws, regulations, and contracting practices that impact its use. After reading this book, you will be able to think more broadly about the best way to harness Big Data in your business and establish procedures to ensure that legal considerations are part of the decision.

#### Essentials of Business Law South

Western Educational Publishing

No other text conveys such a passion for this exciting and profoundly important discipline. While more brief than the traditional business law text, it provides solid coverage of the core topics, especially contracts. This one-semester, paperback meets all AACSB curriculum standards. A focus on human conflict makes the book sparkle. Innovative, chapter-opening vignettes; fascinating cases; and business applications create

student interest, while cases are summarized in the authors' own words. The result is a business law text that is authoritative and accurate, yet a pleasure to read.

#### **Business Law for a New Century**

Cengage Learning
