Training Camp The Big 50: Detroit Red Wings

#1 New York Times Bestseller From the mind of basketball legend and Academy Award-winning storyteller Kobe Bryant comes this radically original portrait of five young basketball players, one enlightening coach, and the awesome transformative power of the game. Filled with insights about the mental stamina and emotional clarity that peak performance requires, this is an indispensable story for young athletes, coaches, educators, and anyone interested in the astonishing potential of team sports to unlock individual growth. THE GAME WILL NEVER BE THE SAME Magic doesn't seem possible for the West Bottom Badgers. They're the lowest-ranked basketball team in their league, and they live in the poorest neighborhood in Dren. Nobody expects them to succeed at anything. Plus, every kid on the team has secret struggles of his own. When a new coach named Professor Wizenard arrives on the first day of training camp, the Badgers can't explain the magical-seeming things they see and hear. Every player experiences unique and

strange visions—visions that challenge everything they thought they knew about basketball, and about their lives and their secrets off the court. To survive the increasingly intense ordeals of training, the Badgers will need to take unimaginable risks, learn to trust their teammates, and confront the darkness within themselves.

Why I Didn't Say Anything Scholastic Inc.

In 1996, Sheldon Kennedy rocked the insular world of Canadian hockey by announcing that his former minor-league coach, Graham James -- the Hockey News 1989 Man of the Year -- had sexually abused him more than 300 times. The media portrayed Kennedy as a hero for breaking the code of silence in professional hockey and bringing James to justice. The heroic myth intensified in 1998 when Kennedy announced that he was going to in-line skate from Newfoundland to British Columbia to raise awareness of sexual abuse. The skate raised over \$1 million for Canadian Red Cross sexual abuse programs, and Kennedy settled in Calgary with his wife and young daughter. Anyone who has followed hockey in the last ten years is familiar with the story of ex-NHL player Sheldon Kennedy. As one of the most promising hockey talents to emerge from the Canadian minor leagues in the last two decades, Kennedy was destined for hockey greatness. But after he was drafted by the Detroit Red Wings in 1988, he attracted more attention for his off-ice antics than for his contributions to the score sheet. Plagued by rumours of drug and alcohol abuse and a string of injuries, Kennedy drifted from team to team. The happy ending promised by the headlines never materialized. Still haunted by the demons of sexual abuse, Kennedy's life spiralled out of control. Now he has finally come

forward to tell his story, and the story of coach Graham James, who is out of prison and currently coaching hockey in Europe.

Lone Survivor Sports Illustrated Kids

"The legacy of the greatest hockey series ever played, fifty years later, with stories from the players that shed new light on those incredible games and the era. "Cournoyer has it on that wing. Here's a shot. Henderson made a wild stab for it and fell. Here's another shot. Right in front...they score! Henderson has scored for Canada!" These immortal words, spoken to hockey fans around the world by the legendary broadcaster Foster Hewitt, capture the final-seconds goal scored by Paul Henderson that won the 1972 Summit Series against the Soviet Union. Hockey fans know the moment well, but the story of those amazing eight games has never been fully told--until now. The series was the first of its kind, and one of the most dramatic and impactful sport showdowns in history. With Soviet hockey dominating international ice, this series was meant to settle the debate, once and for all, over who owned the game. It was Canada's best against the Soviets' for the first time. And in the shadow of the Cold War and ongoing tensions, this was about more than eight games of hockey: it was war. When Canada's finest players faced down the Soviets, expectations were high. This was supposed to be easy, but after the disappointing first four games on home ice with only one win for Canada, victory seemed out of reach. With the final four games in Moscow, what followed was a tug-of-war battle that lasted to the dying seconds of Game 8. Now, five decades after this historic event, it's time to reflect on the legacy of the Summit Series. Veteran journalist and analyst Scott Morrison tells the story from a fresh perspective, with a

storyteller's eye to what it meant to Canada then, and what it means now. Filled with the memories of the players and others involved with the series, he shows how it changed hockey forever, and challenged Canada's sense of identity and place in the world."--

Red Tail Captured, Red Tail Free is a rare gift detailing the experience of Lt. Col. Alexander Jefferson, who was one of 32 Tuskegee Airmen from the 332nd Fighter Group to be shot down defending a country that considered them to be second-class citizens. In this vividly detailed, deeply personal story, Jefferson writes as a genuine American hero about what it meant to be an African American pilot in enemy hands, fighting to protect the promise of freedom. The book features the sketches, drawings, and other illustrations Jefferson created during his nine months as a POW, and Lewis Carlson's authoritative background on the man, his unit, and the fight Alexander Jefferson fought so well.

This revised edition covers the story of Jefferson's continuing outreach and education work, as he brings the story of the Tuskegee Airmen to communities and schools across the country, and the presentation of the Congressional Gold Medal to the Airmen in 2007. *Red Tail Captured, Red Tail Free* is perhaps the only account of the African American experience in a German prison camp.

Minor in Name Only Del Rey

The legendary Hall of Fame hockey player and six-time Stanley Cup champion tells his complete story for the first time, sharing the lessons about leadership and teamwork that defined his career, in this "inspirational memoir that transcends sports" (David Grann, #1 New York Times bestselling author). Mark Messier is one of the most accomplished athletes in the history of professional sports. He was a fierce competitor with a well-earned reputation as a winner. But few people know his real story, not only of the astonishing journey he took to making NHL history, but of the deep understanding of leadership and respect for the power of teamwork he gained. Messier tells of his early years with his tight-knit family, learning especially from his father, Doug—a hockey player, coach, and teacher. He describes what it was like entering the NHL as a teenager with a wild side, and growing close with teammates Wayne Gretzky, Kevin Lowe, Paul Coffey, Glenn Anderson, and others during their high-flying dynasty years with the Edmonton Oilers. He chronicles summers spent looking for inspiration and renewed energy on trips to exotic destinations around the world. And he recounts the highs, lows, and hard work that brought the New York Rangers to the ultimate moment for a hockey club: lifting the Stanley Cup.

Throughout, Messier shares insights about success, winning cultures, and how leaders can help teams overcome challenges. Told with heart and sincerity, *No One Wins Alone* "is about much more than just hockey. It has lessons anyone can use—be it in sports, business, or life" (Jack Nicklaus, PGA Major Championship winner and author of *My Golden Lessons*).

We Sang You Home Simon and Schuster

#1 NATIONAL BESTSELLER The gruffest man in hockey opens up about the challenges, the feuds, and the tragedies he's fought through. Brian Burke is one of the biggest hockey personalities--no, personalities full-stop--in the media landscape. His brashness makes him a magnet for attention, and he does nothing to shy away from it. Most famous for advocating "pugnacity, truculence, testosterone, and belligerence" during his tenure at the helm of the Maple Leafs, Burke has lived and breathed hockey his whole life. He has been a player, an agent, a league executive, a scout, a Stanley Cup-winning GM, an Olympic GM, and a media analyst. He has worked with Pat Quinn, Gary Bettman, and an array of future Hall of Fame players. No one knows the game better, and no one commands more attention when they open up about it. But there is more to Brian Burke than hockey. He is a graduate of

Harvard Law School, and an accomplished businessman with hard-earned lessons that come from highly scrutinized decisions made at the helm of multi-million-dollar companies. And despite his brusque persona on camera and in the boardroom, he is nevertheless a father with a story to tell. He lost his youngest son in a car accident, and has had to grapple with that grief, even in the glare of the spotlight. Many Canadians and hockey fans knew Brendan Burke's name already, because his father had become one of the country's most outspoken gay-rights advocates when Brendan came out in 2009. From someone whose grandmother told him never to start a fight, but never to run from one either, Burke's *Law* is an unforgettable account of old beefs and old friendships, scores settled and differences forgiven, and many lessons learned the hard way.

Operation Red Wings Simon and Schuster

In the fall of 1941, the Philippines was a gardenia-scented paradise for the American Army and Navy nurses stationed there. War was a distant rumor, life a routine of easy shifts and dinners under the stars. On December 8 all that changed, as Japanese bombs began raining down on American bases in Luzon, and this paradise became a fiery hell. Caught in the raging battle, the nurses set up field hospitals in the jungles of Bataan and the tunnels of Corregidor, where they tended to the most devastating injuries of war, and suffered the terrors of shells and shrapnel. But the worst was yet to come. After Bataan and Corregidor fell,

the nurses were herded into internment camps where they would endure three years of fear, brutality, and starvation. Once liberated, they returned to an America that at first celebrated them, but later refused to honor their leaders with the medals they clearly deserved. Here, in letters, diaries, and riveting firsthand accounts, is the story of what really happened during those dark days, woven together in a deeply affecting saga of women in war. Praise for *We Band of Angels* "Gripping . . . a war story in which the main characters never kill one of the enemy, or even shoot at him, but are nevertheless heroes . . . Americans today should thank God we had such women."—Stephen E. Ambrose "Remarkable and uplifting."—USA Today "[Elizabeth M. Norman] brings a quiet, scholarly voice to this narrative. . . . In just a little over six months these women had turned from plucky young girls on a mild adventure to authentic heroes. . . . Every page of this history is fascinating."—Carolyn See, *The Washington Post* "Riveting . . . poignant and powerful."—*The Dallas Morning News* Winner of the Lavinia Dock Award for historical scholarship, the American Academy of Nursing National Media Award, and the Agnes Dillon Randolph Award

On the Clock: Toronto Maple Leafs Douglas & McIntyre

When the NHL announced in early 1976 that its two worst teams, the Washington Capitals and Kansas City Scouts, would travel to Japan for a four-game exhibition series dubbed the Coca-Cola Bottlers' Cup, fans and media were baffled. The Capitals and the Scouts were both expansion teams, with a combined 46 wins, 236 losses and 38 ties in their first two seasons--stats made more dismal when considering seven of those wins were against each other. Yet lagging so hopelessly behind the rest of the NHL, they were perfect for a one-off event on the other side of the globe. The series was an eye-opening success. Players skated on an Olympic swimming pool ringed with rickety boards hung with fishing nets that boomeranged pucks into their faces, as curious

Japanese fans gasped at the gap-toothed Canadians wrestling on the ice. Filled with rare photos and player recollections, this book tells the story of how two league doormats became hockey heroes half-way around the world.
