your business! We will provide you with a Complete Business Plan in Microsoft Word and Excel format...the kind that investors and banks want to see. Follow a widely accepted and expected format & flow including all relevant financial terminology collated by professionals with more than 25 years of experience in the Business Planning Consulting Service industry. Why plan your business today?: A comprehensive and sustainable business plan IS A MUST for your business to succeed. Much depends on it: outside funding, credit from suppliers,

management & personal operation/finances, promotion & marketing of your business, strategy to achieve goals and objectives. NO software: Simply replace the generic business name, locations, and dates with your own specific plan details. All the information is in Word and Excel, in a professional format for easy and clear printing. Our packages offer Simple walk-through steps to outline the major issues that you need to know to complete a sustainable and solid business plan to successfully get funded including: How much will the start-up cost of my

project? How much Inventory should be necessary? What will it cost to launch the business? How much will the website for my business? How much will the additional services cost? How much will be spent on marketing? What's the best time to launch? How profitable will I be, and when? Which key financial indicators should I include? And several others... You can create a winning business plan with no major knowledge in financial writing and business terminology, in less than 5 Hours! Documented research adds credibility to your plan... The included analysis is written based upon current sources in your industry. Use your computer's word processor to turn this business plan into your own. Once you have finished editing, print your plan and insert it into the three ring binder for a professional presentation Financial Pro Forma Spreadsheet (Microsoft Excel) Your investor will love it! The Financial Statement Template is a tremendous time-saver for business plan writers. The Template is an Excel file that includes 4 years of monthly Income Statement, Balance Sheet, and Cash Flow projections. Each group of monthly statements

includes an annual summary formatted with presentation quality so that they can be appended directly to your plan or copied and pasted into it. The plan Financial Statement Template is not just a nice format - it's much more. All of the formulas and calculations have been set up for you so that you have to enter only a small number of variables to generate a complete set of financial projections. In addition to the Financial Statements, the Template offers you 10 individual worksheets you can use to work out the details of your financial plan. There are separate worksheets for Sales, Cost of Goods Sold, Staffing, Depreciation, and Loan Payments. Why choose our Business Plan? Running or starting a business is a complex process and involves different tasks that need to be accomplished in a suitable time and manner to get the success desired.
