The Blithedale Romance Be Annotated Routledge

Celebrated for their books on Eugene O'Neill and enjoying access to a trove of previously sealed archival material, the Gelbs deliver their final volume on the stormy life and brilliant oeuvre of this Nobel Prize-winning American playwright. This is a tour through both a magical moment in American theater and the troubled life of a genius. Not a peep show or a celebrity gossip fest, this book

is a brilliant investigation of the emotional knots that ensnared one of our most important playwrights. Handsome, charming when he wanted to be: O'Neill was the flame women were drawn to—all, that is, except his mother, who never let him forget he was unwanted. *By Women Possessed* follows O'Neill through his great successes, the failures he was able to shrug off, and the long eclipse, a twelve-year period in which, despite the Nobel, nothing he wrote was produced. But ahead lay his greatest achievements: *The Iceman Cometh* and *Long Day's Journey into Night*. Both were ahead of their time and both received lukewarm receptions. It wasn't until after his death that his widow, the keeper of the flame, began a fierce and successful campaign to restore his reputation. The result is that today, just over 125 years after his birth, O'Neill is a towering presence in the theater, his work—always in performance here and abroad—still

electrifying audiences. Perhaps of equal importance, he is the acknowledged father of modern American theater, the man who paved the way for the likes of Arthur Miller, Tennessee Williams, Edward Albee, and a host of others. But, as Williams has said, at a cost: "O'Neill gave birth to the American theater and died for it."

Cutting Free: The Extraordinary Memoir of a Pakistani Woman Roli Books Private Limited

Ronald Reagan's autobiography is a work of major historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years

and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account of this childhood, we understand how his parents, struggling to make ends meet despite family problems and the rigors of the Depression, shaped his belief in the virtues of American life—the need to help others, the desire to get ahead and to get things done, the deep trust in the basic goodness, values, and sense of justice of the American people—virtues that few presidents have expressed more eloquently than Ronald Reagan. With absolute authority and a keen eye for the details and the anecdotes that humanize history, Ronald Reagan takes the reader behind the scenes of his extraordinary career, from his first political experiences as president of the Screen Actors Guild (including his first meeting with a beautiful young actress who was later to become Nancy Reagan) to such high points of his presidency as the November 1985 Geneva meeting with Mikhail Gorbachev, during which Reagan invited the Soviet leader outside for a breath of fresh air and then took him off for a walk and a man-to-man chat, without aides, that set the course for arms reduction and charted the end of the Cold War. Here he reveals what went on behind his decision to enter politics and run for the governorship of California, the speech nominating Barry Goldwater that first made Reagan a national political figure, his race for the presidency, his relations with the members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of

the world as a friendly and peaceful power. His narrative is full of insights, from the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. *An American Life* is a warm, richly detailed, and deeply human book, a brilliant self-portrait, a significant work of history.

Miles Coverdale is about to abandon his comfortable bachelor pad in mid-19th-century Boston to start a new life and help launch a new rural utopian community called Blithedale. A number of young and popular intellectuals will be going there at the same time, making it a hot topic in the papers. On the night before his departure, Coverdale goes to see an exhibition of the Veiled Lady, a mesmeric phenomenon with widespread popularity in Boston at the time. At the show, Coverdale asked the Veiled Lady about the future of the project at Blithedale and he mulls over her vague answers while he walks home. An old man named Moodie stops him and says he has a favor to ask, but he abruptly changes his mind and says he'd rather ask a woman or an older man. Coverdale is confused, but he suggests that Moodie should talk to Hollingsworth, a philanthropist who is a bit older and is also about to move to Blithedale. Moodie thanks him and they part. The next day, Coverdale walks out of his apartment and joins four other men braving the snowstorm to walk to Blithedale. By the time they reach the farmhouse at Blithedale, Coverdale is convinced he's caught a cold. Still, he's excited to meet Mrs. Foster, whose husband is going to teach him and the other men how to work the farm. Coverdale talks with some of the other people who have just moved to Blithedale until Zenobia--a

beautiful writer and social reformer with a reputation as a women's rights advocate--comes in to greet them. Coverdale is immediately taken in by Zenobia's beauty and wit. He admires her sole ornament, an exotic hothouse flower in her hair. The group talks about their project until dinner.

Printed Drama and Political Instability in Mid-Seventeenth-Century Britain: The Literary Politics of Resistance and Distraction in Plays and Entertainments, 1649-1658 describes the function of printed drama in 1650s Britain. After the regicide of 1649, printed

plays could be interpreted by royalist readers as texts of resistance to the republic and protectoral governments respectively. However, there were often discrepancies between the aspirational content of these plays and the realities facing a royalist party who had been defeated in the Civil Wars. Similarly, plays with a classically republican Roman setting failed to offer a successful model for the new republic. Consequently, writers who supported the new republic and, eventually, Cromwell's protectoral government, proposed entertainments, based around the concept of the sublime, whose purpose was to create political amnesia in the audience, thereby nullifying any political dissatisfaction with a non-monarchical form of government. This volume will appeal to students and scholars of seventeenth-century literature, and of the political history of 1640s and 1650s Britain.

"Kara in Black takes place January through March of 2003, beginning prior to the invasion of Iraq and finishing three days after the invasion. Eighteen-year-old Kara's older sister, Della, is leaving to join her Army unit and travel to Kuwait to prepare for the possible invasion of Iraq. While Della is proud to serve and proud to be a woman in the Army, is ready to prove herself, and believes in the policies of the administration, Kara, after thinking about such things for the first time in her life, begins to oppose her sister going, and the impending war itself. Their dialog begins as Della is preparing to depart to join her unit and continues by phone up to the night before the invasion. Together with Juanita and Sue Ellen, two of her friends, Kara researches the first Gulf War to try to understand what may occur in this one. As the research continues and questions multiply, a rising chorus of

voices opposes Kara: Sue Ellen, other students, Della, Della's best friend Rachel, and, seemingly, the majority of the American people. To understand more about war and its effects on people, Kara talks to Stevens--Juanita's former stepfather--a decorated Vietnam vet who speaks directly from the reality of his combat experience. Kara finds her way to Women in Black, an international organization, begun in Israel, which holds nonviolent vigils protesting violence toward women and children. Motivated by Steven's revelations, her love for her sister, and her budding political sensibility, Kara (with Juanita) decides to open a local chapter of Women In Black to protest the invasion of Iraq. Throughout the play Kara struggles with her feelings of isolation, frustration, fear, ignorance and helplessness to begin to understand her own views and to find the courage--against the opposing voices--to express herself publicly on matters important to her."--Publisher's website.

TED TALKS: The Official TED Guide to Public Speaking HMH

Zakes Mda is the most acclaimed South African writer of the independence era. His eight novels tell stories that venture far beyond the conventional narratives of a people's struggle against apartheid. In this memoir, he tells the story of a life that intersects with the political life of his country but that at its heart is the classic adventure story of an artist, lover, father, teacher, and bon vivant. Zakes Mda was born in 1948 into a family of lawyers and grew up in Soweto's ambitious educated black class. At age fifteen he crossed the Telle River from South Africa into

Basutoland (Lesotho), exiled like his father, a "founding spirit" of the Pan Africanist Congress. Exile was hard, but it was just another chapter in Mda's coming-of-age. He served as an altar boy (and was preyed on by priests), flirted with shebeen girls, feared the racist Boers, read comic books alongside the literature of the PAC, fell for the music of Dvorák and Coltrane, wrote his first stories—and felt the void at the heart of things that makes him an outsider wherever he goes. The Soweto uprisings called him to politics; playwriting brought him back to South Africa, where he became writer in residence at the famed Market Theatre; three marriages led him hither and yon; acclaim brought him to America, where he began writing the novels that are so thick with the life of his country. In all this, Mda struggled to remain his own man, and with *Sometimes There Is a Void* he shows that independence opened the way for the stories of individual South Africans in all their variety.

Beginning with a privileged childhood in an elite family of pre-partition India, to a troubled youth in Pakistan, this is the inspiring story of Salma Ahmed - a woman who surmounted formidable odds to achieve extraordinary success in business and politics. In this strikingly honest and candid account, Salma talks of her three marriages - to a naval officer, a scion of a leading feudal family, and a cricketing star; her conflicts as a mother as she makes the agonising decision to give up two of her six children; and her efforts to build a career as an entrepreneur and political figure in an emerging Pakistan. As she recounts the events of a life filled with dramatic highs and equally painful lows, she does not spare herself any more than she does other players in her story. This is a book that unabashedly reveals many of the hidden taboos of contemporary Pakistani society, bringing into question customs that are an integral, if unpleasant, part of subcontinental culture. Salma Ahmed's gripping narration of her political career is fast-paced and often amusing. The book relates

events of the 1985 Assembly, which no other author has yet commented on. Her interaction with the late President Zia-ul-Haq and Prime Minister Mohammad Khan Junejo, MQM leader Altaf Hussain, the charismatic Pir Sahib Pagaro, and several others, gave her a unique opportunity to witness first-hand the intrigue, power plays and unfolding drama of Pakistani politics. Her

frequent visits to India brought her into contact with Indira Gandhi, her son Rajiv, and many other leading figures of the sub-continent. This is the absorbing tale of a woman who was a pampered child, an unhappy wife, a repentant mother - but one who emerged triumphant as a woman of substance, in business and politics.
