LLOYD ARTHUR

Barron's 500 Flash Cards of American Sign Language Crown

This heavily illustrated, self-teaching guide to ASL--American Sign Language--is useful both for the deaf and for those men and women who teach or work among deaf people. E-Z American Sign Language presents ASL's 10 key grammatical rules and emphasizes the use of "facial grammar" as an important supplement to manual signing. Most of the book's content takes the form of a presentation of more than 800 captioned line drawings that illustrate signs for their equivalent words and then show how to combine signs in order to communicate detailed statements. Barron's E-Z Series books are updated, and re-formatted editions of Barron's older and perennially popular Easy Way books. Titles in the new E-Z Series feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. All are self-teaching manuals that cover a wide variety of practical and academic subjects, written on levels that range from senior high school to college-101 standards.

Perfect Phrases in American Sign Language for Beginners Barrons Educational Series

The appeal of American Sign Language (ASL) has extended beyond the Deaf community into the mainstream--it's even popular as a class in high school and college. With info on signing etiquette, communicating with people in the Deaf community, and using ASL to aid child development, this book makes signing fun for the entire family. American Sign Language for Beginners includes: - 30 Days of easy ASL--Start off right with an accelerated plan designed to help you begin signing in just one month. - Easy-to-understand instructions--Lessons concentrate on a single idea or subject and include photographs to demonstrate signs. - Everyday pHRases--Daily instruction highlights vocabulary you're most likely to need as you explore ASL in your daily life. - Jump-start your learning experience with American Sign Language for Beginners!

Speech In Motion Rockridge Press

Barron's American Sign Language is a brand-new title on ASL that can be used in the classroom, as a supplemental text to high school and college courses, or for anyone who wants to learn proper ASL. The only book with comprehensive instruction and online graded video practice quizzes, plus a comprehensive final video exam. Content includes topics on the Deaf culture and community, ASL Grammar, fingerspelling, combining signs to construct detailed sentences, Everyday ASL, and much more. More than 1,000 illustrations of signs with instructions on movement--step-by-step with dialogue, tip boxes, and practice exercises and quizzes throughout to reinforce retention and to track your progress.

 Provides hearing people with an understanding of and skill in Pidgin Sign English (PSA) and/or Manually Coded English (MCE).

Sign Language Acquisition John Wiley & Sons

As more and more secondary schools and colleges accept American Sign Language (ASL) as a legitimate choice for second language study, Learning to See has become even more vital in guiding instructors on the best ways to teach ASL as a second language. And now this groundbreaking book has been updated and revised to reflect the significant gains in recognition that deaf people and their native language, ASL, have achieved in recent years. Learning to See lays solid groundwork for teaching and studying ASL by outlining the structure of this unique visual language. Myths and misconceptions about ASL are laid to rest at the same time that the fascinating, multifaceted elements of Deaf culture are described. Students will be able to study ASL and gain a thorough understanding of the cultural background, which will help them to grasp the language more easily. An explanation of the linguistic basis of ASL follows, leading into the specific, and above all, useful information on teaching techniques. This practical manual systematically presents the steps

necessary to design a curriculum for teaching ASL, including the special features necessary for training interpreters. The new Learning to See again takes its place at the forefront of texts on teaching ASL as a second language, and it will prove to be indispensable to educators and administrators in this special discipline.

Intermediate Conversational Sign Language Redleaf Press

Basic ASL for everyday conversation.

Sign Language Made Simple McGraw-hill

Photos make up this dictionary of 112 essential words for signing with start and finish poses including arrows and directions where necessary. Perfect for parents this 6-page guide includes the first infant and toddler signs and many more any beginner would use. Designed to also hang on the wall it is laminated for durability during heavy use or defense against that splotch of applesauce thrown while signing "more". Suggested uses: o Beginner - great source for core words to know when learning sign language o Parent - use as your reference in teaching sign language to your infant or toddler for basic needs, the child can then use it as reference as they grow to expand their vocabulary o Teacher - designed to hang on the wall, two guides will display over 100 words for your class to learn.

How children acquire a sign language and the stages of sign language development are extremely important topics in sign linguistics and deaf education, with studies in this field enabling assessment of an individual child's communicative skills in comparison to others. In order to do research in this area it is important to use the right methodological tools. The contributions to this volume address issues covering the basics of doing sign acquisition research, the use of assessment tools, problems of transcription, analyzing narratives and carrying out interaction studies. It serves as an ideal reference source for any researcher or student of sign languages who is planning to do such work.

This volume was originally published as a Special Issue of Sign Language & Linguistics 8:1/2 (2005)

The videocassettes illustrate dialogues for the text it accompanies, and also provides ASL stories, poems and dramatic prose for classroom use. Each dialogue is presented three times to allow the student to "converse with" each signer. Also demonstrates the grammar and structure of sign language. The teacher's text on grammar and culture focuses on the use of three basic types of

sentences, four verb inflections, locative relationships and pronouns, etc. by using sign language.

The teacher's text on curriculum and methods gives guidelines on teaching American Sign Language and Structured activities for classroom use.
