“MOVE AN INCH AND I’LL KILL YOU.” It had been a girl’s voice, but a voice that fiercely meant what it said. Bond, his heart thumping, stared up the shaft of the steel arrow whose blue-tempered triangular tip parted the grass stalks eighteen inches from his head. The girl was dressed in ragged coat and trousers. The beauty of her face was wild and animal, with a wide, sensuous mouth, high cheekbones and silvery gray, disdainful eyes. There was the blood of scratches on her forearms and down one cheek. She looked like a dangerous customer who knew wild country and forests and was not afraid of them. Bond thought she was wonderful. He smiled at her...”I suppose you’re Robin Hood. My name’s James Bond...”  
**BOND IS BACK! 007** deals a deathblow to international crime as he tracks gunrunners in the blue Caribbean, unearths a thorny nest of spies in a French forest, smashes smugglers in sunny Italy and teams up with an untamed huntress on a mission of vengeance in

Vermont.

The quality of our consciousness can go up or down based on how we see the world and act in it. When we act like the eternal spiritual beings that we are – small parts of a supreme whole – makes us happy. But if we focus our attempts at happiness on the temporary body and mind – on matter – and make those our life's priority, our consciousness will shrink and we'll be miserable. Spiritual elevation – raising our consciousness to higher levels – happens quickly when we revive our God consciousness. In this compact book, Srila Prabhupada recommends seeing the world as it is – a temporary place full of anxiety – and then taking the road to higher consciousness by rediscovering our relationship with the Supreme Person, Krishna. Anyone can become elevated; the journey begins with a single step up.

The romantic landscapes and exotic cultures of Arabia have long captured the interests of both academics and the general public alike. The wide array and incredible variety of environments found across the Arabian peninsula are truly dramatic; tropical coastal plains are found bordering up against barren sandy deserts, high mountain plateaus are deeply incised by ancient river courses. As the birthplace of Islam, the recent history of the region is well documented and thoroughly studied. However, legendary explorers such as T.E. Lawrence, Wilfred Thesiger, and St. John Philby discovered hints of a much deeper past during their travels across the subcontinent. Drawn to Arabia by the magnificent solitude of its vast sand seas, these intrepid adventurers learned from the Bedouin how to penetrate its deserts and returned with stirring accounts of lost civilizations among the wind-swept dunes. We now know that, prior to recorded history, Arabia housed countless peoples living a variety of lifestyles, including some

of the world's earliest pastoralists, communities of incipient farmers, fishermen dubbed the "Ichthyophagi" by ancient Greek geographers, and Paleolithic big-game hunters who were among the first humans to depart their ancestral homeland in Africa. In fact, some archaeological investigations indicate that Arabia was inhabited by early hominins extending far back into the Early Pleistocene, perhaps even into the Late Pliocene.

As one of the West Coast's most unique and beautiful resort cities, Laguna Beach has thrived as an enduring enclave of art culture, a destination of hidden beaches, and a coastline rich in natural wonders, which its officials and residents strive to maintain. Settlers arrived in the 1870s, and by the summer of 1918 Laguna's first art gallery opened, featuring works by a growing collective of local artists. Hundreds of visitors came on opening day and, in the next month, 2,000 more visited the small art gallery. In 1932, Laguna started what would become a world-renowned event called the Festival of the Arts and later added the equally famous Pageant of the Masters. Since its simple beginnings as a small village situated where Laguna Canyon opens onto the Pacific shoreline to the reason there are traffic jams on Coast Highway during hot-

month weekends, this southern Orange County jewel has continued to be a great draw for beachgoers, painters, and nature lovers the world over.

 Through my partnership with Yale University at the Jonathan Edwards Center, I have a goal to transcribe unpublished sermons that particularly deal with Edwards' Christology. These sermons, in addition to being available at the Jonathan Edwards Center, are also at my website. ([www.osheadavis.com](http://www.osheadavis.com))  
 However, I wanted to put together a sampling of these sermons in a printed form, and then expound on the Christ-centric preaching of Edwards: not a historical, but a theological focus. Edwards was a Christian, who above all, exuberated a love for the Christ. The sermons in this book will

help show a man who saw the Excellency of Christ, and as a master painter, he exhibits to his audience a Masterpiece of his glorious God. Lastly, I

have written two sermons. They are an endeavor to write modern day equivalents patterned after Jonathan Edwards.

My hope is to enthuse the Christ-centered and Christ-supremacy preaching of Jonathan Edwards into the preaching of my peers.
