Creative Teaching  
Press

Help students master  
essential math skills  
with the motivating,  
classroom-tested Math

Minutes format  
featured in this new  
book. It provides 100  
Minutes of 10 problems  
each for students to  
complete within a one-  
to two-minute period.  
Providing daily practice  
in every key area of  
math instruction, Math  
Minutes is a fun way to  
improve students  
problem-solving speed  
(crucial for testing

situations) and an instant assessment tool.

1st Grade Homeschool Math Timed Test: Builds and Boosts Key Skills Including Two Digit Vertical Problems . (Homeschool Workbooks) Creative Teaching Press  
Math 4 Today: Daily Skill Practice for first grade contains reproducible activities designed to help students learn these math skills and concepts: -number sense -measurement - shapes -addition and subtraction The Math 4 Today book for first grade aligns with current state standards. Math 4 Today: Daily Skill Practice for first grade provides 40 weeks of learning activities for each day of the week. This math workbook for

students only requires 10 minutes of review and practice each day, and it includes fluency activities, reproducible activities, and writing prompts. An assessment of the skills covered for the week is provided for the fifth day to help teachers easily monitor progress. The 4 Today series is a comprehensive, quick, and easy-to-use math workbook. The reproducible activities review essential skills during a four-day period. On the fifth day, an assessment with related skills is provided. Each week begins with a Fluency Blast section to provide students with repeated, daily practice for essential skills. The format and style of the 4 Today books provide

excellent practice for standardized tests. The series also includes a fluency-tracking reproducible, a standards alignment chart, tips for fostering a school-to-home connection, and an answer key.

Math Minutes, 2nd Grade, eBook Creative Teaching Press

Great for teachers and parents alike! The exercises in this book--called "Minutes"--provide practice in every key area of middle-grade math instruction, including basic multiplication and division facts, graphing, problem solving, measurement, fractions, and more. Each "Minute" consists of 10 classroom-tested problems of varying degrees of difficulty to be completed in one minute. Teachers can

use the book in a variety of ways such as bell-work, review, assessment, or homework.

**Math Minutes, 1st Grade, eBook**

Creative Teaching Press

Inspired by the highly popular Math Minutes series, this book features 100 "Minutes." Each Minute consists of 10 grammar questions for students to complete within a short time period. This unique format offers students an ongoing opportunity to improve their own grammar proficiency in a manageable, nonthreatening manner. The quick, time format, combines with instant feedback, makes this a challenging and motivational assignment students

will look forward to each day. Students become active learners as they apply grammar skills to a variety of question formats in key areas

**Addition, Grades 1 -**

**2** Frank Schaffer Publications

Great for teachers and parents alike! Digital resources include assessment analysis tools and pdfs of the activity sheets.

With these daily practice activities, teachers and parents will be helping first

graders improve their math skills in no time!

**1st-Grade Math**

**Minutes** Homeschool Math

A surprisingly simple way for students to master any subject--based on one of the world's most popular online courses and the bestselling book *A Mind for Numbers* *A Mind for Numbers* and its wildly popular online companion course "Learning How to Learn" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and

teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first--the secret is to understand how the brain works so we can unlock its power. This book explains: Why sometimes letting your mind wander is an important part of the learning process How to avoid "rut think" in order to think outside the box Why having a poor memory can be a good thing The value of metaphors in developing understanding A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.

*10 Minutes a Day: Multiplication, Third Grade Creative Teaching Press*  
This book features 100 "minutes" to help students build basic skills, increase speed in math operations, and strengthen problem-solving skills. Each minute consists of 10 problems of varying degrees of difficulty that incorporate a variety of skills. Each 10-problem reproducible can be used as a learning or testing tool. Book includes problems in fractions; time; angles; story problems; graphs; long division; plane and space figures; multiplication; standard and metric measurement; perimeter, area, and volume; and addition and subtraction of decimals
