ATTRACTIONS -- don't waste your precious time on the lesser

ones. We've done all the work for you.

Clearwater / St. Petersburg - The Delaplaine 2021 Long Weekend Guide Lulu.com

Playing Doctor is an engaging and highly perceptive history of the medical TV series from its inception to the present day. Turow offers an inside look at the creation of iconic doctor shows as well as a detailed history of the programs, an analysis of changing public perceptions of doctors and medicine, and an insightful commentary on how medical dramas have both exploited and shaped these perceptions. Drawing on extensive interviews with creators, directors, and producers, Playing Doctor is a classic in the field of communications studies. This expanded edition includes a new introduction placing the book in the contemporary context of the health care crisis, as well as new chapters covering the intervening twenty years of television programming. Turow uses recent research and interviews with principals in contemporary television doctor shows such as ER, Grey's Anatomy, House, and Scrubs to illuminate the extraordinary ongoing cultural influence of medical shows. Playing Doctor situates the television vision of medicine as a limitless high-tech resource against the realities underlying the health care debate, both yesterday and today. Cover image: Eric Dane, Kate Walsh, Sara Ramirez, and crew members on the set of Grey's Anatomy © American Broadcasting Company, Inc.

Ronald Searle's America New York : Ballantine Books

"Here is the book lover's literary tour of Florida, an exhaustive survey of writers, books, and literary sites in every part of the state. The state is divided into ten areas and each one is described from a literary point of view. You will learn what authors lived in or wrote about a place, which books describe the place, what important movies were made there, even the literary trivia which the true Florida book lover will want to know. You can use the book as a travel guide to a new way to see the state, as an armchair guide to a better understanding of our literary heritage, or as a guide to what to read next time you head to a bookstore or library."--Publisher.

JERRY ORBACH: PRINCE OF THE CITY HIS WAY FROM THE FANTASTICKS TO LAW AND ORDER

Jerry Orbach, Prince of the City Sterling Publishing Company

HOW DO WE KEEP AMERICA GREAT? Rick Baker, former mayor of St. Petersburg, Florida, provides a compelling—and challenging—answer: by making American cities great. And great cities are built first of all through strong leadership. During his two terms in office, Rick Baker worked toward a clear, uncompromising goal: to make St. Petersburg the best city in America. He led a downtown renaissance, rebuilt the most economically depressed area of the city, attracted businesses, worked to reduce violent crime, and made public schools a city priority—all with measurable results. The Seamless City offers practical advice, based on his nine years of experience in City Hall, to show how every mayor and city council can make their city dramatically better. In *The Seamless City* you'll step behind the scenes of city government to learn: How maintaining basic amenities, like running water, requires constant vigilance—and sometimes tough decisions on the part of city leadership Why a vibrant downtown is essential to attract businesses and create jobs Why the most effective leadership is servant leadership How to find and implement the most effective solutions to a city's most challenging problems Why city government needs to regard the city as a seamless whole, with no section under-served or overlooked

TV Guide Film & Video Companion Plunkett Lake Press
The function of print resources as instructional guides and descriptors of popular music pedagogy are addressed in this concise volume. Increasingly, public school teachers and college-level faculty members are introducing and utilizing music-related educational approaches in their classrooms. This book lists reports dealing with popular music resources as classroom teaching materials, and will stimulate further thought among students and teachers. It focuses on the growing spectrum of

published scholarship available to instructors in specific teaching fields (art, geography, social studies, urban studies, and so on) as well as on the multitude of general resources (including biographical directories and encyclopedias of artist profiles). Building on two recent publications: *Teaching with Popular Music Resources: A Bibliography of Interdisciplinary Instructional Approaches*, *Popular Music and Society*, XXII, no. 2 (Summer 1998), and *American Culture Interpreted through Popular Music: Interdisciplinary Teaching Approaches* (Bowling Green State University Popular Press, 2000), this volume focuses on the growing spectrum of published scholarship that is available to instructors in specific teaching fields (art, geography, social studies, urban studies, and so on) as well as on the multitude of general resources (including biographical directories and encyclopedias of artist profiles).

Adventure Guide to Tampa Bay and Florida's West Coast Rowman & Littlefield

"Murrow was a cut stone with an astonishing number of facets. He was born in a cabin with an outhouse, and behaved like an English squire, when he was not acting like a lumberjack, or an intellectual gadfly, or a cowboy, or a philosopher, or a daredevil, or a social crusader, or a raconteur, or a hermit. He could be found firing at metal ducks in a Times Square shooting gallery or shooting at grouse on the moors of an English country estate. He could spin dialect stories at a crowded bar or go for twenty-four hours without uttering a word to a house guest. He could send his son to the most prestigious schools, all the while telling the boy that college was not important to a successful life. He was either telling friends how humble his own origins were or insinuating

into the conversation that his wife's ancestors came over on the Mayflower. He was a handsome man and an elegant dresser who bristled at anyone who made mention of his striking appearance. He was impervious, even oblivious, to the charms of most women, yet became involved with an aristocratic beauty and nearly destroyed his marriage. He spent his professional life in world capitals, yet liked to imagine that he would be happier at a small-town college. He made a good deal of money, yet felt guilty about it and was so openhanded that it seemed at times that he was trying to give it all away. His pastimes were those of the he-man, yet he was a favorite of intellectuals. He had everything to live for, but he gambled his life dozens of times flying unnecessary combat missions. He could condemn a war, as he did in Korea, yet find it irresistible. He was modest, even flip, with colleagues about his physical bravery, but wrote letters to his parents presenting an almost maudlinly heroic self-image. He had every reason to be a happy man. He was not. I was drawn to his life because he was the preeminent figure in a profession that he essentially fathered. It is difficult for any thinking person not to be simultaneously mesmerized and repelled by the hold of mass communications over the modern world. Murrow's story is integral to that phenomenon." — from Joseph E. Persico's foreword to Edward R. Murrow: An American Original "If one is curious to find out what makes some people stand out above the rest, what makes a person a hero, the story is in Edward R. Murrow: An American Original. Murrow had talent, drive, intelligence, personality and vision... In comprehensive detail, with dramatic, well-told anecdotes and insight and perceptiveness, Joseph E. Persico describes a man of

extraordinary natural gifts, human failings and stunning accomplishments... a well-organized and readable trip through Murrow's public and personal life... Mr. Persico is a diligent researcher who clearly won the confidence of the people he needed, most especially Murrow's widow, Janet... [He] is an able reporter and a fine storyteller whose taste, tact and skill have produced an appropriate biography... We should be grateful to this book for reminding us that television once had, and on occasion still has — when someone is willing to put up a fight — the surprising and the exceptional." — Joan Konner, The New York Times "Persico's distinguished and compellingly readable biography does not slight the stuff of the Murrow legend — his humble origins as the son of a North Carolina dirt farmer, his work as a lumberjack in the Pacific Northwest, his invention of himself as a dashing and dapper foreign correspondent, his pioneering broadcasts from London during the Blitz, his televised showdown with Joseph McCarthy. But, then, Persico goes far beyond the myth and shows us the real man — to his surprise, and perhaps to our own... the book is rich with intimate anecdotes, recounted by a sympathetic but unadoring biographer, drawing on first-person sources who were close enough to Murrow to detect the cracks in the plaster saint of journalism... Persico brings to Murrow the intellectual discipline of the historian, the polished and memorable prose of the accomplished biographer... a fast but substantial and satisfying read." — Jonathan Kirsch, Los Angeles Times "[T]he conjunctions of events that propelled [Murrow] into a career that didn't exist until he created it is an absorbing tale that Persico tells compellingly. He also has a keen eye for some of the other

towering egos that came to populate the scene.” — Anne Chamberlin, Washington Post “Persico has produced a work which reveals... Murrow’s spirit and his passion for broadcast journalism... Persico tells us what drove this man to such professional heights. This is the work to read for insights into Murrow’s personality, beliefs, feelings, foibles and frustrations. Persico’s work is likely to become the most popular biography of Murrow. He interviewed the right people and his research was faultless and well-documented in the book... His writing is entertaining, revealing, and alive with characters, stories, suspense and humor... Persico causes the reader to share the emotions, the tensions, and the passions felt by Murrow and those close to him. Persico’s is an excellent book to put on a reading list for students, either graduate or undergraduate, it is an especially appropriate selection for those studying the role of broadcasting in our society and the current debate over the public trusteeship of broadcast licensees.” — Edward Funkhouser, Journalism Quarterly “A plain-spoken, essentially favorable, and near definitive appraisal of the accomplished, angst-ridden man who almost single-handedly made broadcast journalism a respectable profession. Persico secured the cooperation of Murrow’s widow, Janet, and other family members; he also had access to private papers not available to previous biographers... As one result, the author is able to add telling detail to the largely familiar, often romanticized record of Murrow’s career... Persico’s diligent research has enabled him to offer a coherent, revelatory narrative that addresses Murrow’s shortcomings and setbacks as well as his triumphs. His informed, evenhanded text clears the air of myth-makers’ hyperbole without tarnishing in any significant

way the achievements of a complex, charismatic broadcast pioneer.” — Kirkus
