Mnemonic Rowman & Littlefield

Inside The Black Vault Rowman & Littlefield

Inside The Black Vault Inside The Black Vault

Contains more than a hundred card tricks and routines using
Tamariz's memorized deck "Mnemonic"

The evidence in this book may not ultimately give you the
"smoking gun" you are looking for on your journey, but I
guarantee it will give you a box of bullets when you find it. In
1996, John Greenwald, Jr. began researching the secret inner
workings of the U.S. Government at the age of fifteen. He
targeted such agencies as the CIA, FBI, Pentagon, Air Force,
Army, Navy, NSA, DIA, and countless others. Greenwald utilized
the Freedom of Information Act (FOIA) to gain access to more
than two million pages of documents. This archive includes
information relating to UFOs, the JFK Assassination, chemical,

biological, and nuclear weapons, and top secret aircraft. He took
the millions of pages, and over the course of more than two
decades, has built an archive known around the world, as The
Black Vault. Inside The Black Vault: The Government's UFO
Secrets Revealed takes you on a journey within the secret world
of unidentified aerial phenomenon that has plagued the military
since at least the 1940s. Declassified records prove that the UFO
topic is one of the most highly classified and most elusive
subjects the U.S. Government has ever dealt with. Each chapter
explores various agencies and their documents, and Greenwald
breaks down the meaning of why some of the most important
documents are relevant to proving a massive cover-up. Along
with declassified documents, Greenwald outlines the struggle it
took him to get them. No other topic has proven so difficult, in
more than 8,000 FOIA requests that he has filed. He explores why
that might be and meets skeptics and debunkers head on,
outlining why some of their more prominent rebuttals for it all
cannot be true.
