Weinstein Books
"I'm publicly bisexual now, I'll make all the musical theatre references I please. I'll belt Cole Porter songs prancing on

top of this bar if I want to."
—His Royal Highness Prince Edward Nicholas William Desmond of Wales, second son of Her Majesty Queen Victoria II of England and the Commonwealth The second son of the Queen of

England has certain responsibilities. Dress well, smile at public events, uphold the family honor, be straight. At sixteen, Edward Kensington had been convinced that hiding his bisexuality was a small price to pay to

protect his mother and siblings from yet another tabloid scandal in the wake of his parents' high-profile divorce. But over ten years later, even a closet the size of Buckingham Palace feels small, and his secrets have only gotten harder to keep. Like being in love with his bodyguard—a man by the name of Isaac Cole. Then he's outed by the press. The official schedule has no time for an

identity crisis, even though every member of the royal family seems to be having one at once. Eddie's estranged father shows up. His sister flirts with the reporter hired to write their grandmother's biography. His older brother, harboring a secret of his own, is more reluctant than ever to take up public-facing duties, and Her Majesty is considering going out on a date. And now the Public Relations Office has set

Eddie the task of finding himself a suitable fiancée. But when Eddie learns that Isaac returns his decidedly inconvenient feelings, keeping calm and carrying on becomes impossible. Prince Charming never wished harder for a men's size 12 glass slipper, but life in the spotlight isn't a fairy tale, and there are some dragons not even a prince can fight alone. For any one of them to steal a happily ever

after, the Kensingtons will have to pull together for the first time since the Second World War. Hold on to your tiaras. It's going to be a bumpy ride. "A total delight. If Anthony Trollope wrote a soap opera about a modern royal family, what you'd get is *The Spare*." - Cat Sebastian, author of *Hither*, Page "Miranda Dubner has created a beautiful multi-generational royal family saga with *The*

Spare, flawlessly weaving together the various dramas and romances of each character without shying away from difficult topics. You'll fall into the story on the first page—and you'll never want to leave." -Brina Starler, author of the forthcoming *Anne of Manhattan* "An incredible, multigenerational, alternate-universe-royal-family saga that wrings you out, then fills you up again.

It doesn't tug at your heartstring, it punches. And the scorchingly beautiful queer romance at the center of it all makes it one of my all-time favorites." - Jaida Jones, co-author of the *Havemercy* series and *Master of One* *The Heir and the Spare* Simon and Schuster The landmark five-book series—all together in one ebook bundle *The Incerto* is an investigation

of opacity, luck, uncertainty, probability, human error, risk, and decision making when we don't understand the world, expressed in the form of a personal essay with autobiographical sections, stories, parables, and philosophical, historical, and scientific discussions, in non-overlapping volumes that can be accessed in any order. The main thread is that while there is

inordinate uncertainty about what is going on, there is great certainty as to what one should do about it. This ebook bundle includes: FOOLED BY RANDOMNESS THE BLACK SWAN THE BED OF PROCRUSTES ANTIFRAGILE SKIN IN THE GAME The Spare Heir Handbook 'All I had ever wanted was privacy. In order to get it, it seemed that an exceptionally detailed 500,000-word book was in

order...' He was born into an ancient powerful dynasty and, through no fault of his own, became one of the most recognisable men on the planet. His life was a constant barrage of press intrusion and manipulation. Until finally, he demanded that it stop. In order to get the privacy he so craved, he has written a frostbite-and-all book that goes deep inside the castle walls and exposes

every shouting match, fist-fight, betrayal, teddy bear, awkward hug and tear-stained wedding rehearsal for the world to feast their eyes on. All for privacy! This is his story.

Prince Harry

KidHaven Publishing
The true story of one of the most devastating wildfires in Australian history and the search for the man who started it. On the scorching February day in 2009, a

man lit two fires in the Australian state of Victoria, then sat on the roof of his house to watch the inferno. What came to be known as the Black Saturday bushfires killed 173 people and injured hundreds more, making them among the deadliest and most destructive wildfires in Australian history. As communities reeling from unspeakable loss demanded answers,

detectives scrambled to piece together what really happened. They soon began to suspect the fires had been deliverately set by an arsonist. The Arsonist takes readers on the hunt for this man, and inside the puzzle of his mind. But this book is also the story of fire in the Anthropocene. The command of fire has defined and sustained us as a species, and now, as climate change normalizes

devastating wildfires worldwide, we must contend with the forces of inequality, and desperate yearning for power, that can lead to such destruction. Written with Chloe Hooper's trademark lyric detail and nuance, *The Arsonist* is a reminder that in the age of fire, all of us are gatekeepers.

Mean Baby
Macmillan
William and Harry is a fascinating insight into the lives and

loves of two extraordinary young men who have captured not only the hearts and minds of not only the British public, but those the world over. This is the definitive book about the princes, bringing their story right up to date. It is the tale of two brothers who have carried the legacy of their mother, Diana, Princess of Wales, into the twenty-first century and on whom the future of the House of

Windsor largely depends. Drawing on her unique set of contacts Katie Nicholl recounts the royal brothers' extraordinary lives and reveals William and Harry's real characters as they become front-line soldiers and modern princes. Through her network of sources, some of which have agreed to speak for the very first time, Katie tells the story of one of Prince William's earliest

romances, and his struggle with his destiny as a future King of England. As a royal wedding between Prince William and Kate Middleton seems more probable, Katie has spoken to a wealth of contacts close to the couple who reveal how their love affair really started at St Andrews, the hurdles the pair overcame and the challenges they still face. She recounts the story of Harry's time at Eton, his

relationship with Chelsy Davy, and his three months he spent on the front line in Afghanistan. She analyses William and Harry's complex relationship with their father, and the woman who will one day become Queen Camilla. She talks to their friends, contemporaries and confidants to paint a unique and revealing portrait of the two most famous brothers in the world.

g which the
Duke and

Duchess of Sussex, Prince Harry and Meghan Markle, became royal outcasts. Through revealing interviews with royal family insiders, friends, aides, historians, royal watchers, and others with intimate knowledge of The House of Windsor, this tell-all book looks back at the events, motives and crises which led to Harry (sixth in line to the throne) dramatically abandoning

his birthright—in a move not seen for nearly a century, when King Edward VIII also gave up the crown for the woman he loved as Europe teetered on the brink of fascism and war. Like Edward and Wallis Simpson, the catalyst for the scandal here is also an ambitious, controversial American woman. Dylan Howard, bestselling author of *Diana: Case Solved* and *Epstein: Dead*

Men Tell No Tales, charts how Meghan's relationship with Harry was viewed as controversial from the start—and how her brief honeymoon with the British public began to sour shortly after she and Harry announced in November 2018 that they would be leaving Kensington Palace to move to Frogmore Cottage, an hour outside London. As senior royals expressed disapproval, the public at

first seemed to enjoy the royal spat, with many still supporting Team Meghan—until it emerged that the bill to renovate Frogmore Cottage to Meghan’s lavish expectations would be \$3 million . . . and be picked up by British taxpayers. Finally, in a move nobody saw coming, Harry announced he was turning his back on the role he had been groomed for since birth—giving

up his HRH title, repaying the renovation costs of Frogmore Cottage, abandoning his royal duties, and leaving Britain for good. Buckingham Palace reeled. Howard’s unique access and insight into this constitutional crisis will not only address the tensions and tantrums behind closed palace doors, but seek to answer the questions many are still asking: Has Prince Harry ever really recovered

from the death of his mother Diana—and the resentment he feels against the institution that tried to destroy her? Why did Meghan, once hailed as a breath of fresh air, rile up the monarchy? Why did she refuse to conform to royal conventions in the way that Catherine did before her? Did the public and media criticism of Meghan go too far? And just how valid are the accusations of

racism? How did these modern royals treat the tabloids differently to tradition? And did it backfire? What next for Harry and Meghan? And how will they—and the institution they've turned their back on—react to their new lives outside the confines of the Palace and free from the strict codes and conventions that bind all members of the Royal Family? Caught in a trap by virtue of a life

entombed in a gilded cage, *Royals at War* answers these questions and more . . . and reveals how Harry's infatuation with Meghan and desire to modernize the monarchy could yet end in disaster for the House of Windsor. Played out against the cataclysm of the British tabloid's laser focus on the duchess' every movement—for good or ill—this is the true story of Harry and Meghan's split from the

Establishment . . . and perhaps just the beginning of a whole new Monarchy, redefined for the modern age.

od Grand Central Publishing
INSTANT NEW YORK TIMES BESTSELLER
“This extraordinary book is not only a chronicle of Ron's and Clint's early careers and their wild adventures, but also a primer on so many topics—how

an actor prepares, how to survive as a kid working in Hollywood, and how to be the best parents in the world! The Boys will surprise every reader with its humanity.” — Tom Hanks “I have read dozens of Hollywood memoirs. But *The Boys* stands alone. A delightful, warm and fascinating story of a good life in show business.” — Malcolm Gladwell *Happy Days*, *The Andy Griffith Show*,

Gentle Ben—these shows captivated millions of TV viewers in the ‘60s and ‘70s. Join award-winning filmmaker Ron Howard and audience-favorite actor Clint Howard as they frankly and fondly share their unusual family story of navigating and surviving life as sibling child actors. “What was it like to grow up on TV?” Ron Howard has been asked this question throughout his adult life. in

The Boys, he and his younger brother, Clint, examine their childhoods in detail for the first time. For Ron, playing Opie on *The Andy Griffith Show* and Richie Cunningham on *Happy Days* offered fame, joy, and opportunity—but also invited stress and bullying. For Clint, a fast start on such programs as *Gentle Ben* and *Star Trek* petered out in adolescence, with some tough consequences

and lessons. With the perspective of time and success—Ron as a filmmaker, producer, and Hollywood A-lister, Clint as a busy character actor—the Howard brothers delve deep into an upbringing that seemed normal to them yet was anything but. Their Midwestern parents, Rance and Jean, moved to California to pursue their own showbiz dreams. But it was their young sons

who found steady employment as actors. Rance put aside his ego and ambition to become Ron and Clint's teacher, sage, and moral compass. Jean became their loving protector—sometimes over-protector—from the snares and traps of Hollywood. By turns confessional, nostalgic, heartwarming, and harrowing, *THE BOYS* is a dual narrative that lifts the lid on the Howard

brothers' closely held lives. It's the journey of a tight four-person family unit that held fast in an unforgiving business and of two brothers who survived "child-actor syndrome" to become fulfilled adults. *Growing Up Disabled in Australia* Little, Brown The first in-depth biography of the American actress and humanitarian campaigner who married Prince Harry in May 2018, written by the

world's best-known royal biographer. When Meghan Markle and Prince Harry were set up by a mutual friend on a blind date in June 2016, little could they know that just sixteen months later the resulting whirlwind romance would lead to their engagement in November 2017 and marriage in May 2018. Since then, our fascination with the woman who has smashed

the royal mould has rocketed. So different to those coy brides of recent history, Meghan is confident, charismatic and poised, her warm and affectionate engagement interview a stark contrast to the stilted and cold exchange between Prince Charles and Lady Diana Spencer. In this first-ever biography of the duchess-to-be, acclaimed royal biographer Andrew

Morton goes back to Meghan's roots, interviewing those closest to her to uncover the story of her childhood: growing up in The Valley in LA, studying at an all-girls Catholic school and her breakout into acting. We also delve into her previous marriage and divorce in 2013, her struggles in Hollywood, as her mixed heritage was time and again used against her, and her work as a

humanitarian ambassador - so redolent of Princess Diana's passions. Finishing with an account of her romance with Prince Harry, Morton reflects on the impact that Meghan has already made on the rigid traditions of the House of Windsor - not even Kate Middleton was invited to Christmas with the Queen before she had married her prince - and what the future might hold.

The Royals

Skyhorse Prince Harry The Hairy Prince (A Hairy Fairy Tale) is a hilarious story about a royal wedding. Whimsical. Fabulously funny. In the lyrical style of suze with a twist. A moral story that hits a cord with young and old.

Brothers and Wives

Random House Meghan Misunderstood is a pioneering book that sets the record straight on the most talked about, unfairly vilified and misrepresented woman in the world.

The Spare
Legend Press
Discover the full and fascinating story of Prince Philip—one of the most important, influential, and elusive royals—in this colorful and revelatory biography written by the renowned royal family expert and editor-in-chief of Majesty magazine. The son of Greek and Danish royalty, consort to the queen, and the grandfather of Princes Harry

and William, Prince Philip has been at the heart of the royal family for decades—yet he remains an enigma to many. Now, Ingrid Seward, the editor-in-chief of Majesty magazine, brings her decades of experience covering the royal family to this fascinating and insightful biography of Queen Elizabeth II's husband, and father, grandfather, and great-grandfather of the next three

kings of England. From his early childhood in Paris among aristocrats and his mother's battle with schizophrenia to his distinctive military service during World War II and marriage to Elizabeth in 1947, Seward chronicles Philip's life and reveals his many faces—as a father, a philanthropist, a philanderer, and a statesman. Though it would take years for Philip to find

his place in a royal court that initially distrusted him, he remains one of the most complex, powerful, yet confounding members of Britain's royal family. Entertaining, eye-opening, and informative, Prince Philip is perfect for any anglophile and fans of the series *The Crown*. *Royals at War* HarperCollins #1 NEW YORK TIMES BESTSELLER • Discover the global phenomenon that tells an

unforgettable story of love, loss, and healing. “Compellingly artful . . . [a] blockbuster memoir.”—The New Yorker It was one of the most searing images of the twentieth century: two young boys, two princes, walking behind their mother’s coffin as the world watched in sorrow—and horror. As Princess Diana was laid to rest, billions wondered what Prince William and Prince Harry

must be thinking and feeling—and how their lives would play out from that point on. For Harry, this is that story at last. Before losing his mother, twelve-year-old Prince Harry was known as the carefree one, the happy-go-lucky Spare to the more serious Heir. Grief changed everything. He struggled at school, struggled with anger, with loneliness—and, because he blamed the press for his mother’s

death, he struggled to accept life in the spotlight. At twenty-one, he joined the British Army. The discipline gave him structure, and two combat tours made him a hero at home. But he soon felt more lost than ever, suffering from post-traumatic stress and prone to crippling panic attacks. Above all, he couldn’t find true love. Then he met Meghan. The world was swept away by the couple’s cinematic romance and

rejoiced in their fairy-tale wedding. But from the beginning, Harry and Meghan were preyed upon by the press, subjected to waves of abuse, racism, and lies. Watching his wife suffer, their safety and mental health at risk, Harry saw no other way to prevent the tragedy of history repeating itself but to flee his mother country. Over the centuries, leaving the Royal Family was an act

few had dared. The last to try, in fact, had been his mother. . . . For the first time, Prince Harry tells his own story, chronicling his journey with raw, unflinching honesty. A landmark publication, *Spare* is full of insight, revelation, self-examination, and hard-won wisdom about the eternal power of love over grief. **The Arsonist** Random House An “unputdownable” biography

of the future king of England with “intriguing new details” about Kate and Diana by a #1 New York Times–bestselling author (Daily Beast). His face is recognized the world over, his story is well known. But what is Prince William really like? As Diana’s eldest son, he was her confidant. While the tabloids eagerly lapped up the lurid details of his parents’ divorce, William lived painfully through it,

suffering the embarrassment, the humiliation, and divided loyalties. He watched his father denounced on prime time television; he met the lovers. And when he was just fifteen, his beautiful, loving mother was suddenly, shocking snatched from his life forever. The nation lost its princess and its grief threatened the very future of the monarchy. What was almost forgotten in

the clamor was that two small boys had lost their mother. His childhood was a recipe for disaster, yet as he approaches his thirtieth birthday, William is as well-balanced and sane a man as you could ever hope to meet. He has an utter determination to do the right thing and to serve his country as his grandmother has so successfully done for the last sixty years. Who stopped him

from going off the rails, turning his back on his duty and wanting nothing to do with the press—the people he blamed for his mother's death? Where did the qualities that have so entranced the world, and his new bride, Catherine, come from? In the last thirty years, Penny Junor has written extensively about his parents and the extended family into which he was born. With the

trust built up over that time, she has been able to get closer to the answers than ever before.

Diana, William, and Harry Atria Books

A full-scale, intimate biography presents a candid look at the members of the British royal family, focusing on the years following the death of Princess Diana to the present day.

Insight Guides England (Travel Guide with

Free eBook) Simon and Schuster

Selma Blair has played many roles: Ingenue in *Cruel Intentions*. Preppy ice queen in *Legally Blonde*. Muse to Karl Lagerfeld. Advocate for the multiple sclerosis community. But before all of that, Selma was known best as ... a mean baby. In a memoir that is as wildly funny as it is emotionally shattering, Blair tells the captivating story of

growing up and finding her truth. "Blair is a rebel, an artist, and it turns out: a writer."—Glen non Doyle, Author of the #1 New York Times Bestseller *Untamed* and Founder of Together Rising The first story Selma Blair Beitner ever heard about herself is that she was a mean, mean baby. With her mouth pulled in a perpetual snarl and a head so furry it had to be rubbed to make way for

her forehead, Selma spent years living up to her terrible reputation: biting her sisters, lying spontaneously, getting drunk from Passover wine at the age of seven, and behaving dramatically so that she would be the center of attention. Although Selma went on to become a celebrated Hollywood actress and model, she could never quite shake the periods of darkness that overtook her, the certainty that there was

a great mystery at the heart of her life. She often felt like her arms might be on fire, a sensation not unlike electric shocks, and she secretly drank to escape. Over the course of this beautiful and, at times, devastating memoir, Selma lays bare her addiction to alcohol, her devotion to her brilliant and complicated mother, and the moments she flirted with death. There is brutal violence,

passionate love, true friendship, the gift of motherhood, and, finally, the surprising salvation of a multiple sclerosis diagnosis. In a voice that is powerfully original, fiercely intelligent, and full of hard-won wisdom, Selma Blair's *Mean Baby* is a deeply human memoir and a true literary achievement. **Finding Freedom** Miranda Dubner The authoritative

biography of Prince Harry by noted royal family biographer Penny Junor, author of Prince William: The Man Who Will Be King and The Firm: The Troubled Life of the House of Windsor. Prince Harry, one of the most popular members of the British royal family, has had a colorful life. After losing his mother at 12 years old, he spent his teenage years making questionable choices under intense

international media scrutiny, becoming known for his mischevious grin, shock of red hair, and the occasional not-so-royal indiscretion. As he's grown, he has distinguished himself through military service, flying helicopters for the RAF. He served in Afghanistan and continues to devote himself to his military career. He also follows in his mother's footsteps with charity work--

he is the founder of Sentebale, a charity to help orphans in Lesotho, and works with many other charitable organizations to help young people in society and to conserve natural resources. As he reaches his thirtieth birthday, Prince Harry is proving himself a prince of the people. With unprecedented access to the most important figures in his life, Penny Junor is able to get the truth

about who this mercurial and fascinating royal son really is. A modern biography of a modern prince, this book offers an insider's look at the life of the man who is fourth in line to Britain's throne. Meghan Simon and Schuster When Nina Mistry's life hits rock bottom, she decides to change her stars by falling in love...with herself—a hilarious, heartfelt story from outrageously

funny novelist Radhika Sanghani. Nina didn't plan to spend her thirtieth birthday in jail, yet here she is in her pajamas, locked in a holding cell. There's no Wi-Fi, no wine, no carbs—and no one to celebrate with. Unfortunately, it gives Nina plenty of time to reflect on how screwed up her life is. She's just broken up with her fiancé, and now has to move back into her childhood

home to live with her depressed older brother and their uptight, traditional Indian mother. Her career as a freelance journalist isn't going in the direction she wants, and all her friends are too busy being successful to hang out with her. Just as Nina falls into despair, a book lands in her cell: *How to Fix Your Shitty Life by Loving Yourself*. It must be destiny. With literally nothing left to lose, Nina

makes a life-changing decision to embark on a self-love journey. By her next birthday, she's going to find thirty things she loves about herself.

Meghan Markle

Michael O'Mara Books
Things are not always as they seem, in a world where social labels and perceptions often define who we are, how we view each other. With a B.A. in sociology, and an M.A. in counseling, Samantha

never thought she would find herself caught in between the cross hairs of media mayhem, as she defends herself, and her father, by dispelling social labels, and "fake news", when her sister marries a Duke, and a Royal fairy plummets from "the tea towels". Samantha holds firmly over all perceptions, "plots" and "ultimatums". The truth is stranger than fiction. *American Princess*

Simon and Schuster
"Read it for twists on twists, meditations on faith, and a deeply thoughtful treatment of an evangelical community."
— Glamour, Beach Reads That Are Like Summer in a Book "A thoughtful and candid meditation on faith, family, and forgiveness . . . fabulous."
—Claire Lombardo, New York Times bestselling author of *The Most Fun We Ever Had*

Recommended by Good Housekeeping, Elle, Parade, Real Simple, Glamour, Refinery29, Bustle, Oprah Daily, The Millions, Shondaland, Yahoo!, Literary Hub, and more! A mesmerizing debut novel set in northern Texas about two sisters who discover an unsettling secret about their father, the head pastor of an evangelical megachurch, that upends their lives and community—a story of family,

identity, and the delicate line between faith and deception. Luke Nolan has led the Hope congregation for more than a decade, while his wife and daughters have patiently upheld what it means to live righteously. Made famous by a viral sermon on purity co-written with his eldest daughter, Abigail, Luke is the prototype of a modern preacher: tall, handsome, a spellbinding speaker. But

his younger daughter Caroline has begun to notice the cracks in their comfortable life. She is certain that her perfect, pristine sister is about to marry the wrong man—and Caroline has slid into sin with a boy she's known her entire life, wondering why God would care so much about her virginity anyway. When it comes to light, five weeks before Abigail's wedding, that Luke has been

lying to his family, the entire Nolan clan falls into a tailspin. Caroline seizes the opportunity to be alone with her sister. The two girls flee to the ranch they inherited from their maternal grandmother, far removed from the embarrassing drama of their parents and the prying eyes of the community. But with the date of Abigail's wedding fast approaching, the sisters will have to make a hard

decision about which familial bonds are worth protecting. An intimate coming-of-age story and a modern woman's read, *God Spare the Girls* lays bare the rabid love of sisterhood and asks what we owe our communities, our families, and ourselves. "A deeply felt book about love — love for family and community, for people who sustain you and people who disappoint you. And love for God, too, which Kelsey

McKinney writes about with humane and incisive frankness." —Linda Holmes, *New York Times* bestselling author of *Evvie Drake Starts Over* "The accomplishment of this canny novel is in positing coming of age itself as a loss of faith—not only in the church, but in our parents, our family, and the world as we thought we understood it." —Rumaan Alam, *New York Times* bestselling
