LISA LAMBERT

Poor Richard's Almanac
Simon and Schuster
Los Angeles of 2039 is a baffling and bifurcated place. After the Collapse

of 2028, a vast section of LA, the Disincorporated Zone, was disowned by the civil authorities, and became essentially a third world country within the borders of the city. Navigating the boundaries

between DZ and LA proper is a tricky task, and there's no one better suited than eccentric private investigator Erasmus Keane. When a valuable genetically altered sheep mysteriously goes missing

from Esper Corporation's labs, Keane is the one they call. But while the erratic Keane and his more grounded partner, Blake Fowler, are on the trail of the lost sheep, they land an even bigger case. Beautiful television star Priya Mistry suspects that someone is trying to kill her - and she wants Keane to find out who. When Priya vanishes and then reappears with no memory of having hired them, Keane

and Fowler realize something very strange is going on. As they unravel the threads of the mystery, it soon becomes clear that the two cases are connected - and both point to a sinister conspiracy involving the most powerful people in the city. Saving Priya and the sheep will take all of Keane's wits and Fowler's skills, but in the end, they may discover that some secrets are better left hidden. Kroese's The

Big Sheep is perfect for fans of Philip Dick's *Do Androids Dream of Electric Sheep*, Terry Pratchett's *Guards!*, and Scalzi's *Old Man's War*. *The Wall Street Journal Crossword Puzzles* Laurel Leaf With a Hammer for My Heart is the story of Lawanda, a precocious, poverty-stricken fifteen-year-old girl from Cardin, Kentucky, who dreams of attending

college. When Lawanda's friendship with an alcoholic World War II veteran named Garland is misinterpreted by their fellow townspeople, a tragedy calls her future into question.

Don't Breathe a Word

Macmillan Philip Orbanes, master of all things Monopoliana, traces the

remarkable story of the world's most famous board game, from its origins as a collegiate teaching tool in the early twentieth century through Monopoly's explosive growth in the postwar decades, to the game's current status as a fixture in homes across the globe. Along the way, Orbanes includes memorable Monopoly personality portraits, surprising Monopoly legends and

lore, and an extraordinary tour of the ingenious advertising that contributed to the game's rise in popularity. This is the first and only book to cover comprehensively the origin, growth, and global reach of the game that has become a universal and everyday cultural icon. *The Search for Modern China* St. Martin's Griffin Expert Sudoku is an all-new collection of handcrafted puzzles for the

expert puzzle-solver. This is the book that challenges skilled solvers and Sudoku-lovers at the top level—every one of the 320 puzzles is rated "difficult." Good luck! *The Cay* Merriam Webster Tom Harlan brings his Oath of Empire series to a shattering conclusion in *The Dark Lord*. In what would be the 7th Century AD in our history, the Roman Empire still stands, supported by

the twin pillars of the Legions and Thaumaturges of Rome. The Emperor of the West, the Augustus Galen Atreus, came to the aid of the Emperor of the East, the Avtokrator Heraclius, in his war with the Sassanad Emperor of Persia. But despite early victories, that war has not gone well, and now Rome is hard-pressed. Constantinopl e has fallen before the dark sorceries of the Lord Dahak and his legions of the

living and dead. Now the new Emperor of Persia marches on Egypt, and if he takes that ancient nation, Rome will be starved and defeated. But there is a faint glimmer of hope. The Emperor Galen's brother Maxian is a great sorcerer, perhaps the equal of Dahak, lord of the seven serpents. He is now firmly allied with his Imperial brother and Rome. And though they are caught

tight in the Dark Lord's net of sorcery, Queen Zoe of Palmyra and Lord Mohammed have not relinquished their souls to evil. Powerful, complex, engrossing -- Thomas Harlan's Oath of Empire series has taken fantasy readers by storm. The first three volumes, *The Shadow of Ararat*, *The Gate of Fire*, and *The Storm of Heaven* have been universally praised. At the Publisher's request, this

title is being sold without Digital Rights Management Software (DRM) applied. *Simply Canning* Cambridge University Press From Justina Blakeney, the ultimate guide to designing wildly creative interiors that are free-spirited, layered, and deeply personal Justina Blakeney's new book is her biggest, boldest, and most beautiful volume yet, filled with irresistible style, original

patterns, and artwork—lushly photographed by Dabito. In each chapter, Justina shares her distinctive point of view on everything design fans want to know—how to make bold choices with color and pattern, how to take cues from nature, how to authentically glean inspiration from their heritage and travels, how to break rules, and all the other paths to truly begin to decorate wild. Along the

way, Justina also shares personal narratives, practical advice, and nuanced insight into how she lives in her own space—how she reconnects with nature, how she plays and stays inspired, how she gives herself permission to feel free and wild, and how readers can do the same. Jungalow is the term coined by Justina for the brand that embodies her wild, but cozy and homey,

style. Copycats abound, but there is no other book like this one—offering Justina’s authentic, encouraging voice and approachable, signature style. Jungalow: Decorate Wild St. Martin's Griffin Bernadette Mayer and Lewis Warsh wrote Piece of Cake as a work of collaborative prose poetry, based on a process of each writing on alternate days in the course of

August of 1976—the bicentennial year of the America's Declaration of Independence. It recounts the quotidian details of daily activities, negotiating the exigencies of young, married-with-children life, the artistic path and citizenship. It has the classic "I did this, I did that" of a New York School of Poetry text, as characterized by the poetry of Frank O'Hara, and is somewhat reminiscent of Mayer's work

From agriculture to

big business, from medicine to politics, The Cigarette Century is the definitive account of how smoking came to be so deeply implicated in our culture, science, policy, and law. No product has been so heavily promoted or has become so deeply entrenched in American consciousness . The Cigarette Century shows in striking detail how one ephemeral (and largely useless)

product came to play such a dominant role in so many aspects of our lives—and deaths.

"Never before has so much of the truth of black people's lives been shown on the stage in the entire history of the American theatre," James Baldwin observed just before A Raisin in the Sun premiered on Broadway in 1959.
