Congressional Record Baen Publishing Enterprises

This book analyzes the politics of judicial selection in seven states from an interest group perspective. It is unique in that it offers a multi-state comparative study in a previously neglected field of political science. Champagne and Haydel and the contributors are scholars interested in state judicial reform and have tried to develop findings on single states into a book which allows the reader to examine developments and patterns of reform movements in several states. Rather than viewing judicial selection as a 'good government' issue, the book explores who gets what and how from selection politics. Contents: Introduction, Anthony Champagne and Judith Haydel; Judicial Reform in North Carolina, James Drennan; Judicial Reform in Ohio, John Felice, John Kilwein and Eliot Slotnick; Judicial Reform in Louisiana, Judith Haydel and Tom Ferrell; Judicial Reform in Texas, Anthony Champagne; Judicial Reform in Pennsylvania, Voorhees Dunn; Judicial Reform in California, John Culver and John Wold; Judicial Reform in Washington, David Burke; Conclusion,

Anthony Champagne and Judith Haydel; Index.

Robert B. Parker's iconic and irresistible PI Sunny Randall is back, and the stakes are higher than ever as she races to protect her ex-husband--and his Mafia family--from the vengeful plan of a mysterious rival. Sunny Randall is "on" again with Richie, the ex-husband she never stopped loving and never seemed to be able to let go, despite her discomfort with his Mafia connections. When Richie is shot and nearly killed, Sunny is dragged into the thick of his family's business as she searches for answers and tries to stave off a mob war. But as the bullets start flying in Boston's mean streets, Sunny finds herself targeted by the deranged mastermind of the plot against the Burke family, whose motive may be far more personal than she could have anticipated...

The Florida Agriculturist Simon and Schuster

Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaing an intimate relationship with his slave, Sally Hemmings; the enemy of government power who

exercisdd it audaciously as president; the visionary who remained curiously blind to the inconsistencies in his nature. American Sphinx is a marvel of scholarship, a delight to read, and an essential gloss on the Jeffersonian legacy.

Fifteen Minutes of Fame DIANE Publishing

Students of political parties and of Third World politics will find this introductory textbook both useful and stimulating. Political Parties in the Third World demonstrates the continuing importance and versatility of Third World parties, which persist in most Third World states, including those governed by military regimes. The main part of the book consists of specially commissioned case studies covering the main Third World regions and types of party systms -- Zambia, Ghana, Iraq, India, Mexico, Brazil, Jamaica and Cuba. Each study examines the origins and development of the party system, parties' political role and future prospects. The conclusion draws on these studies to consider how parties persist as institu

The official U.S. Army account of Army performance in the Gulf War, Certain Victory was originally published by the Office of the Chief of Staff, U.S. Army, in 1993. Brig. Gen. Scales, who headed the

Army's Desert Storm Study Project, offers a highly readable and abundantly illustrated chronicle. [Mine Eyes Have Seen the Glory](#) Basic Civitas Books

This book looks at the then-nascent emergency management sector in China, specifically from 2003-2012, that arose from the 2003 SARS crisis and subsequently set the stage for its responses to the COVID-19 pandemic. Covering not only the amended and new laws and regulations at the national level, the book also includes the rearrangement and creation of the organizational structures, as well as the response plans for individual emergencies that were either recrafted or produced during this period. Beyond chronicling the milestones and products of this transformation, this book highlights key ideas and ideals that guided the various stakeholders, from the governing elites to the policy experts in this process. The book demonstrates how definitions of emergency management and emergency categories, as well as other ideational objects were initially either absent or weakly developed, but were refined and to the extent that they helped corral disparate actors into the new organizational field of emergency management. [Exploring the Power of Nonviolence](#) Oxford University Press, USA

For almost forty years, the verdict on Lyndon Johnson's presidency has been reduced to a handful of harsh words: tragedy, betrayal, lost opportunity. Initially, historians focused on the Vietnam War and how that conflict derailed liberalism, tarnished the nation's reputation, wasted lives, and eventually even led to Watergate. More recently, Johnson has been excoriated in more personal terms: as a player of political hardball, as the product of machine-style corruption, as an opportunist, as a cruel husband and boss. In *LBJ*, Randall B. Woods, a distinguished historian of twentieth-century America and a son of Texas, offers a wholesale reappraisal and sweeping, authoritative account of the LBJ who has been lost under this baleful gaze. Woods understands the political landscape of the American South and the differences between personal failings and political principles. Thanks to the release of thousands of hours of LBJ's White House tapes, along with the declassification of tens of thousands of documents and interviews with key aides, Woods's *LBJ* brings crucial new evidence to bear on many key aspects of the man and the politician. As private conversations reveal, Johnson intentionally exaggerated his stereotype in many interviews, for reasons of both tactics and contempt. It is time to set the record straight. Woods's Johnson is a flawed but deeply sympathetic character. He was born into a family with a liberal Texas tradition of public service and a strong belief in the public good. He worked tirelessly, but not just for the sake of ambition. His approach to reform at home, and to fighting fascism and communism abroad, was motivated by the same ideals and based on a liberal Christian tradition that is often forgotten today. Vietnam turned into a tragedy, but it was part and parcel of Johnson's commitment to civil rights and antipoverty reforms. *LBJ* offers a fascinating new history of the political upheavals of the 1960s and a new way to understand the last great burst of liberalism in America. Johnson was a magnetic character, and his life was filled with fascinating stories and scenes. Through insights gained from interviews with his longtime secretary, his Secret Service detail, and his closest aides and confidants, Woods brings Johnson before us in vivid and unforgettable color. Describes the essential elements of the incidents from the Whiskey Rebellion in 1794 to the Reconstruction that followed the Civil War and the ways in which federal military force was applied in each case. Includes: the Fries Rebellion, the Burr Conspiracy, Slave Rebellions, the Nullification Crisis, the Chesapeake and Ohio Canal Riots, the 3Buckshot War2, the Patriot War, the Dorr Rebellion, the Army as Posse Comitatus, San Francisco Vigilantes, the Utah Expedition, the Civil War, etc. Extensive bibliography. Index. Full-color and b&w photos and maps. [LBJ](#) Routledge

Examining the interaction between the Communist Party of China (CCP) and specific social categories (including peasants, workers, the middle classes, and the dominant class), with a focus on class and class discourse, this volume analyses the CCP's impact on social change in China between 1921 and 1978. By exploring the CCP's evolving discourse of class, this book demonstrates that, while class has retained its centrality, its meaning has been re-articulated from an ideological-political tool to a less meaningful signifier, though always used instrumentally. By examining the impact of the CCP's policies and discourse surrounding class, it also reveals how its own policies since 1921 have shaped the CCP's current (2021) perspectives on class and stratification. This volume, through an analysis of economic, political, and cultural inequalities in Chinese society even after 1949, also reveals the emergence of a diverse and often overlooked middle class in Chinese society during the 1950s. Delivering a detailed analysis of how the CCP has developed its practical approaches to class and mobilization, this study will be of interest to

students and scholars of Chinese politics, Chinese history, Asian politics, and Asian studies.

Hoosiers and the American Story Routledge

AN INSTANT #1 NEW YORK TIMES BESTSELLER “How To will make you laugh as you learn...With How To, you can't help but appreciate the glorious complexity of our universe and the amazing breadth of humanity's effort to comprehend it. If you want some lightweight edification, you won't go wrong with How To.” —CNET “[How To] has science and jokes in it, so 10/10 can recommend.” —Simone Giertz The world's most entertaining and useless self-help guide from the brilliant mind behind the wildly popular webcomic xkcd, the bestsellers What If? and Thing Explainer, and What If? 2, coming September 13, 2022 For any task you might want to do, there's a right way, a wrong way, and a way so monumentally complex, excessive, and inadvisable that no one would ever try it. How To is a guide to the third kind of approach. It's full of highly impractical advice for everything from landing a plane to digging a hole. Bestselling author and cartoonist Randall Munroe explains how to predict the weather by analyzing the pixels of your Facebook photos. He teaches you how to tell if you're a baby boomer or a 90's kid by measuring the radioactivity of your teeth. He offers tips for taking a selfie with a telescope, crossing a river by boiling it, and powering your house by destroying the fabric of space-time. And if you want to get rid of the book once you're done with it, he walks you through your options for proper disposal, including dissolving it in the ocean, converting it to a vapor, using tectonic plates to subduct it into the Earth's mantle, or launching it into the Sun. By exploring the most complicated ways to do simple tasks, Munroe doesn't just make things difficult for himself and his readers. As he did so brilliantly in What If?, Munroe invites us to explore the most absurd reaches of the possible. Full of clever infographics and fun illustrations, How To is a delightfully mind-bending way to better understand the science and technology underlying the things we do every day. This witty collection of cutting quotes and narrative is about the most disjointed political party outside of California. Will they get off the hook that plagues eternal? Will they ever make a decision?

Why I Hate the Democrats Heritage Capital Corporation

About last night... Daughter of a prominent senator, ambitious Washington, D.C., attorney Isabella Kane has big dreams that include marriage to equally ambitious Randall Jarrett. But a funny thing happened on the way to the altar. She met a luscious hunk, and for just one forbidden night she followed her heart and indulged her deepest passions. But now she can't forget.... His mystery lady was gone by dawn, but political strategist Derrick Knight can't stop thinking about the irresistible woman he longs to see again. When she shows up as his fraternity brother's fiance, he's stunned—but determined to stake his claim. He and Randall let a woman come between them once before...but this time he won't back down. He wants Bella for his own bride! Kappa Psi Kappa—these brothers are for real!

The new millennium finds humanity situated at critical crossroads. While there are many hopeful signs of cross-cultural engagement and democratic dialogue, it is equally the case that the challenges of warfare and injustice continue to plague nations and communities around the globe. Against this backdrop, there exists a powerful mechanism for transforming crises into opportunities: the philosophy and practice of nonviolence. The expert authors brought together in this volume collectively deploy the essential teachings of nonviolence across a spectrum of contemporary issues. From considering the principles of the French Revolution and encouraging peace through natural resource management to exploring multiculturalism and teaching peace in the elementary classroom, this work is broad in scope yet detailed in its approach to the fundamental principles of nonviolence.

[Designing Emergency Management](#) Taylor & Francis

NEW YORK TIMES BESTSELLER The “paradigm-influencing” book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today’s evangelicals might not be theologically astute, but they know their VeggieTales, they’ve read John Eldredge’s Wild at Heart, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, Jesus and John Wayne shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

A journey into the world of conservative Christians in America and the basis for an award-winning, three-part PBS documentary, Through the eyes of those that Balmer meets on his journeys, we arrive at a more accurate and balanced understanding of an abiding tradition that, as the author argues, is both rich in theological insights and mired in contradictions.--From Amazon.com. [A Political Family](#) Potomac Books, Inc.

Diasporic Africa presents the most recent research on the history and experiences of people of

African descent outside of the African continent. By incorporating Europe and North Africa as well as North America, Latin America, and the Caribbean, this reader shifts the discourse on the African diaspora away from its focus solely on the Americas, underscoring the fact that much of the movement of people of African descent took place in Old World contexts. This broader view allows for a more comprehensive approach to the study of the African diaspora. The volume provides an overview of African diaspora studies and features as a major concern a rigorous interrogation of

"identity." Other primary themes include contributions to western civilization, from religion, music, and sports to agricultural production and medicine, as well as the way in which our understanding of the African diaspora fits into larger studies of transnational phenomena.

NYU Press

On February 29, 2004, the first democratically elected president of Haiti, Jean-Bertrand Aristide, was forced to leave his country. The president was kidnapped, along with his Haitian-American

wife, by American soldiers and flown to the isolated Central African Republic. In *An Unbroken Agony*, best-selling author and social justice advocate Randall Robinson chronicles his own cross-Atlantic journey to rescue the Haitian president from captivity in Africa while also connecting the fate of Aristide's presidency to the Haitian people's century-long quest for self-determination.
