Zack Eswine starts this unique pastoral resource with a captivating question: Could I now reach who I once was? Challenging the idea that today's preachers must do away with biblical or expository preaching if they are to reach non-Christian people, Eswine offers a way of preaching that embraces biblical

exposition in missional terms. Recognizing all of the different cultural situations in which the gospel must be preached, he gives preachers practical advice on preaching in a global context while remaining faithful to the Bible. Pastors, seminarians, and church and ministry leaders who speak in various contexts will welcome this fresh, thoughtful examination of bringing the Word to today's multi-everything, post-everything world.

Can the Hulk Lift a House? DK Children Wolverine is challenged by criminal mutant Silver Samurai during a trip to Japan.

Marvel Can The Hulk Lift a House? Penguin Marvel is one of the hottest media companies in the world right now, and its beloved superheroes are all over film, television and comic books. Yet rather than simply cashing in on the popularity of iconic white male characters like Peter Parker, Tony Stark and Steve Rogers, Marvel has consciously diversified its lineup of superheroes, courting controversy in the process. Panthers, Hulks, and Ironhearts offers the first comprehensive study of how Marvel has reimaged what a superhero might look like in the twenty-first century. It examines how they have revitalized older characters like Black Panther and Luke Cage, while creating new ones like Latina superhero Miss America. Furthermore, it considers the mixed fan responses to Marvel's recasting of certain "legacy heroes," including a Pakistani-American Ms. Marvel, a Korean-American Hulk, and a whole rainbow of multiverse Spidermen. If the superhero comic is a quintessentially American creation, then how might the increasing diversification of Marvel's superhero lineup reveal a fundamental

shift in our understanding of American identity? This timely study answers those questions and considers what Marvel's comics, TV series, and films might teach us about stereotyping, Orientalism, repatriation, whitewashing, and identification.
