### CURTIS LARSEN

**CMA Magazine** Simon and Schuster

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

**Network World** Rowman & Littlefield

This book provides a practical approach to career development with an emphasis on finding, applying, and interviewing specifically for library-related jobs. The book is unique because it includes sparsely covered topics such as online job searching, dissecting a job description, managing your applications, and more.

**Computerworld** John Wiley & Sons

Intended to complement content on the Dice Web site, this unique career guide is essential reading if you are seeking a better job, changing jobs, or looking for your first job. It provides you with real-world sample resumes, interview dialogue, and helpful career resources, as well as invaluable advice on how you can set yourself about the task of applying for high-competition positions. You'll also learn realistic salary expectations for tech jobs and the importance of certifications, among other vital topics.

**Computerworld** Computerworld For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

**Women of Color in Tech** For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide.

Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

**InfoWorld** Simon and Schuster

Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

**Computerworld** John Wiley & Sons

**250-Best Paying Jobs** opens readers' eyes to the economy's best-paying jobs through more than 60 'best-paying jobs' lists and 250 job descriptions. But it doesn't stop there! The authors combine information on high-wage jobs with additional factors to help readers make the best career decisions. This reference uses an easy two-step process in which readers explore the lists to find jobs that interest them and then dive into in-depth job descriptions to learn more. Readers will discover jobs in which almost everyone is well paid; metropolitan areas and industries that pay more than

\$100,000 for certain jobs; and jobs in which there is little or no pay gap between men and women. New information for this edition includes the following useful facts for each job: completely updated data, career cluster and career pathway listing, an 'Other Considerations for Income' section, a 'Metropolitan Areas Where Income Premium is Greatest' section, beginning wage, and earnings growth potential.
