ALINA MOORE

A Parent's Guide to a Peaceful Home Simon and Schuster
Have other people called your child 'too sensitive'? Do you have children who cry too easily or have too many particular demands? Have you felt at a loss on how to confront your child who may be too emotional and flies off into tantrums easily? Your child may be a highly sensitive child. High sensitivity is a personality trait that may not be common but exists in 15 to 20 percent of our population. They are ordinary people, but highly sensitive people may just have some particular needs not shared by everyone. Having a highly sensitive child may be challenging for parents and many have searched for resources on how to take care of them. This book is a product of my own experience of taking care of a highly sensitive child. Hopefully, the insights I have gathered from my personal experience with HSC may also help other parents in taking better care of their highly sensitive children. In this book, you will learn: What a highly sensitive child is and what causes such a personality trait Ways on disciplining a highly sensitive child Proper attitude and approaches to adopt when caring for a highly sensitive child Issues that may hound a highly sensitive child in their adulthood Get this book and you will never look at your child in the same way again. You will learn to appreciate the giftedness of your child's sensitivity and even be thankful you had one. May your parenting problems find confidence in this book dedicated to the creativity of highly sensitive children.

The Parents' Guide to Psychological First Aid Peace Hill Press
Written by parents for parents, this handy guide book shows both how to deal—and help—when a child is engaging in self-harm An ever-increasing number of young people are turning to self-harm in order to cope with the pressures of modern living, and this poses a huge problem for parents and others who care for them. This book provides the answers needed to the pressing questions these parents struggle with daily, and shows that there is hope in these distressing situations. Questions addressed include: How do I know for sure whether my child is self-harming? How should I

approach my child? What help and treatment is available to us? What can I do to help my child? and How have other parents coped? Full of the real-life experiences of parents who have been there, this is a practical book that will both inform and equip parents to help their children and themselves get through this difficult time.

It Simon and Schuster

This handbook for parents, family members and caregivers of children with visual impairments explains special education services that these children are likely to need and to which they are entitled--and how to ensure that they receive them. Edited and written by experienced parents and professionals, this helpful and easy to use resource addresses the effect of visual impairment on a child's ability to learn and the services and educational programming that are essential for them to get the best education possible. Chapters address early intervention, assessment, different types of services, IEPs, accommodations and adaptations, different types of placements, children with other disabilities in addition to visual impairment, and negotiation and advocacy.

Getting to 30 Zubaan

Parenting is not an idea, concept or belief. It's a process and therefore is neither static nor fixed in time that results in something special being created. The Parents' Handbook provides you with tools, techniques, insights and approaches to improve the way you communicate, to be available emotionally and physically and to successfully fulfill the different roles expected of you as a parent.

A Parents' Guide to Special Education in New York City and the Metropolitan Area Oxford University Press

"Relax," writes author Mary DeMocker, "this isn't another light bulb list. It's not another overwhelming pile of parental 'to dos' designed to shrink your family's carbon footprint through eco-superheroism." Instead, DeMocker lays out a lively, empowering, and doable blueprint for engaging families in the urgent endeavor of climate revolution. In this book's brief, action-packed chapters, you'll learn hundreds of wide-ranging ideas for being part of the revolution — from embracing simplicity parenting, to freeing yourself from dead-end science debates, to teaching kids about

the power of creative protest, to changing your lifestyle in ways that deepen family bonds, improve moods, and reduce your impact on the Earth. Engaging and creative, this vital resource is for everyone who wants to act effectively — and empower children to do the same.

The Parents' Guide to Body Dysmorphic Disorder Simply Youth Ministry

Offers strategies for safe, fun hiking, backpacking, cycling, canoeing, and camping, and discusses family adventure gear, campsite fundamentals, age-specific activities, and related topics. *A Parent's Guide to Raising Grieving Children* New World Library
The future is brighter than ever for children with cerebral palsy -- the most common developmental disability among young people today. With advances in medicine, early intervention, and therapy, these children can maximise their potential and lead healthy, rewarding lives. But perhaps the most important influence of all comes from parents who provide constant support and encouragement. This is essential reading for all parents who want to learn about cerebral palsy and how it will affect their child and family.

Fentanyl And Our Kids: A Parents Guide To Navigating The Epidemic Tow Books

Providing a wealth of tools, instructional advice and easy-to-follow guidelines.

Sex and Your Teenager CRC Press

The A-Z of Kids is for people thinking about becoming parents or who are new parents or who have just seen parents in the street and wondered what the job involves. It's useful for anyone working with children but less as a handbook of what to do on a day-to-day basis and more a half-serious consideration of how becoming a parent changes you. The basic idea is to help people to think or laugh. As parents of young children, you may not have the energy to do either. Britain has very little self-help culture. If you read this book, you may see why.

Children with Cerebral Palsy It

Simon and Schuster

The Institute Roger Ellerton

Are you prepared to adopt and parent transracially? Transracial adoption can be a daunting and exhilarating journey. At times you

feel incredibly isolated and lost. However, with this conversational and practical guide in hand, you will be able to adopt with confidence and parent with education, empathy, and enthusiasm. Whether you are new to adoption, a seasoned adoptive parent, or you are an adoptee, birth parent, or adoption professional, COME RAIN OR COME SHINE will enhance your understanding and appreciation for transracial adoption. The book contains extensive resource lists, discussion/reflection questions for adoptive parents, and advice and research from experts in the adoption field. Recommended by MSNBC's Melissa Harris-Perry: "We had an amazing guest on the MHP show about a year ago who is white and raising black adopted children, Rachel Garlinghouse. I love her book Come Rain or Come Shine: A White Parent's Guide to Adopting and Parenting Black Children." (from Jezebel, Melissa Harris-Perry Answers Your Questions, 4/6/14)
[The Parent's Guide to Raising Twins](#) Unitarian Universalist Association of Congregations

"This is the book parents have been waiting for"—Michael Thompson, coauthor of Raising Cain. The book that is "helpful, hopeful, and engaging"—Jeanne Brooks-Gunn, Ph.D., Columbia University. It is the book that addresses the new reality for parents of kids in their 20s and the issues that everyone in the media is talking about: When will this new generation of 20-somethings leave home, find love, start a career, settle down—grow up? And it's the book that will soothe your nerves. It's loaded with information about what to expect and guidance on what to do when problems arise (as they probably will). In other words, this is the book parents need—Getting to 30, by Jeffrey Jensen Arnett, the world's leading authority on the post-adolescent phase he named emerging adulthood, and Elizabeth Fishel, author of Sisters and other books. As Getting to 30 shows, the road to adulthood is longer than we think—and, for parents, bumpier. It explains what's really happening to your 18- to 29-year-old, including the story behind your child's moods. The phenomenon of the boomerang child—and why it's actually a good thing, for parents and kids. The new landscape of 20-something romance. And it gives all the tools parents need to deal with the challenges, from six ways to listen more than you talk, to knowing when to open (and close) the Bank of Mom and Dad while saving for retirement, to figuring out the protocol for social media. Published in hardcover as When Will My Grown-Up

Kid Grow Up?, Getting to 30 includes the latest research on the optimistic and supportive attitude most parents have regarding their 20-something children.

A Parent's Guide Bundle for Social Media W. W. Norton & Company

The essential guide to the who, why, what, when, where and how of sexuality education. Talking to children and young people about sexuality is never easy. This non-nonsense, straightforward and accessible guide will help adults get across the necessary information in the best way possible. Since 1996, TARSHI has been counselling and supporting people - young and not-so-young - on issues to do with sexual health. Building on the success of the highly popular Red Book (for 10-14-year-olds) and Blue Book (for 15+), the team have put together The Yellow Book specifically for parents and teachers. The Yellow Book is full of tips and tools, information and advice to help you talk to your children about sexuality at every stage of their lives. Published by Zubaan.

The Parents' Guide to Specific Learning Difficulties McGraw Hill Professional

A Parent's Guide to Understanding Teenage Guys will help you see your son through the eyes of Jesus - and it will inspire you to seek God's insight and wisdom as you accompany your son on this journey filled with failure and triumph, defeat and victory, joy and sorrow. Discover insights on shepherding your son, preparing him to take the reins of his life, and helping him confront the extreme struggles every guy faces - such as loneliness, anger, lust, apathy, and technology.

The A-z of Kids John Wiley & Sons

Street Smarts and Self-Defense for Children is THE parent's guide to helping kids recognize and avoid dangerous people and situations, escape danger, and stop a physical assault. ATTENTION PARENTS! Have you taught your kids about adult predators and dangerous bullies and how to stay safe? This book is short, but you will learn something on every page. Do you and your child know...HOW and WHEN to say "NO!" to a grown up? What to do if someone tries to take you somewhere? Who, and How to ask for help when lost? HOW and WHAT to yell in a dangerous situation? Have a family code word? When not to keep a secret. (Even if they promised.) How to make a 911 call? How to make a collect phone call? Who to call if you can't be reached? Don't wait, teach your child to protect their selves.

The Go-To Mom's Parents' Guide to Emotion Coaching Young Children John Wiley and Sons

A lighthearted but insightful guide to raising adolescent children shows parents how to deal with teenagers living in a faster-paced, less morally certain world than the one they knew. Original. 50,000 first printing.

After We Fell Trafford Publishing

The first book offering support for parents and carers of children and young people with Body Dysmorphic Disorder (BDD), this guidebook explains the condition as well as the impact that it may have in education settings, family life and socialisation. The guide begins by explaining how and why BDD emerges, before moving onto an exploration of how the mental health condition presents itself emotionally, psychologically, physically and behaviourally. It then offers practical advice and guidance for parents and carers on talking to their child about BDD, seeking professional treatment, considering medication, managing social media use, working with schools to build a recovery team and more. The Parent's Guide to Body Dysmorphic Disorder is an essential guidebook for parents of children of children and young people with BDD.

[The Parent's Guide to Speech and Language Problems](#) Peace Hill Press

From the producer of the popular on line The Go-To Mom.TV, comes a handy guide filled with practical tips that reject old-fashioned discipline and instead use empathy and emotion coaching, a more effective, open-hearted method of support and positive change. Blaine shows how to put in place life-changing solutions and access previously untapped resources. This book is written for parents who struggle to solve the day-to-day problems of raising kids. She offers emotion coaching solutions for dealing with tantrums, nightmares, hitting, bedtime, whining, bedwetting potty training, shyness, and anger.

The Parents' Guide to Climate Revolution Simon and Schuster

Includes a selection from Sleeping beauties by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

The Parent's Guide to Self-Harm Jessica Kingsley Publishers

Congratulations! You, as a parent, have managed to produce and raise a child who has made it into young adulthood. Now please, back off. Farther, farther ... Your child needs the freedom to really

find themselves and their place in the world and learn that their parents are just people ... flawed people who made terrible mistakes ... Wait, no, that's too far. ?A little closer ... there. Does your wallet feel a bit lighter? Good. ?That's the first lesson. Your

child needs freedom and space, but most of all, they need your money, and you should give it to them because above all you are a good parent. ?And you'll need someone to visit you in the nursing home. In addition to explaining why you should joyfully

give your child all of your hard-earned cash, this book will also explain the nuances of communicating with your child. For example, do not e-mail your child that your family dog has died. Oh, and never have sex, nor utter the word. Ever.
