How to Train Your Dog Jacana Media  
Focuses on the single most important obedience command, how to build up a reliable recall successfully, using effective and positive training techniques.

*Farmers' Review* Crown  
Whether you're looking to train a new puppy or to teach an older dog some new tricks, this easy-to-follow guide is for you. Jen and Ryan Tate are expert

animal trainers with years of experience helping dog owners to develop happy and confident pets. In this informative book they distil all their advice so you can feel prepared, stay in control and enjoy a great relationship with your new dog, including: – Choosing the right breed for you and your lifestyle – Preparing your home and the first 48 hours with your pup – House training and basic training – Socialisation and confidence-building – Play, exercise, tricks and rewards – Resolving common behavioural issues such as barking, digging and chewing – Ongoing learning

and fun for teenage and adult dogs  
Clearly written and well organised, and with evidence-based training techniques, this is the perfect handbook for creating a stress-free and enjoyable bond with your puppy or dog.

Life of Pi - CANCELED Kensington

Lara may have retired from the secret service but she can still sniff out danger . . . On the trail of her long-lost dad, Lara discovers a team of rocket-building scientists - evil ones. Their leader is a nasty criminal who wants to cause trouble in space and only Lara can stop him!

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally

eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In Cesar's Way, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking

readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association

of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

The son of a zookeeper, Pi Patel has an encyclopedic knowledge of animal behavior and a fervent love of stories. When Pi is sixteen, his family emigrates from India to North America aboard a Japanese cargo ship, along with their zoo animals bound for new homes. The ship sinks. Pi finds himself alone in a lifeboat, his only companions a hyena, an orangutan, a wounded zebra, and Richard Parker, a 450-pound Bengal

tiger. Soon the tiger has dispatched all but Pi, whose fear, knowledge, and cunning allow him to coexist with Richard Parker for 227 days while lost at sea. When they finally reach the coast of Mexico, Richard Parker flees to the jungle, never to be seen again. The Japanese authorities who interrogate Pi refuse to believe his story and press him to tell them "the truth." After hours of coercion, Pi tells a second story, a story much less fantastical, much more conventional--but is it more true?

Random House Australia

The quartet at the heart of this delightful novel are the four Gainsborough siblings: beautiful but vain Lorna, ultra-sensitive Adrian, nature-loving Laurence and thoughtful, strange little Jenifer. We join

them in 1900 – four happy children at the heart of a loving family, idolizing their strikingly beautiful mother, shrinking from their emotionally damaged Aunt Lena and ill-tempered governess, Miss Marchant. As their world widens on the journey to adulthood – through the advent of the motor car, the horrors of the First World War, the trials and tribulations of unrequited love and unfulfilled dreams – they must fight to keep that happiness. But with Lorna compelled to make everyone love her, Adrian’s artistic genius crippled by oversensitivity to criticism, and Laurence so intent on success in business that he forgets to really live, will Jenifer’s clear-sighted pragmatism be enough to save them? A beautiful exploration of love and family, Quartet has a vivid cast of

characters worthy of Elizabeth Gaskell and paints a wonderful, affectionate portrait of childhood to rival Richmal Crompton’s Just William.

All the "awwws" of animal adoption stories are combined with sugary sweetness in this new, fun-filled chapter book series about a cat café! Every home needs a cat! Kira Parker lives above The Purrfect Cup, the cat café that her family owns and runs. Every day is a new adventure with her cat friends! Except lately, The King County Dog Show seems to be the only thing the regulars can talk about! Kira doesn't get why everyone is so excited. After all, her cat friends are much smarter and more talented than those dogs. Then Kira has a GREAT IDEA -- she's going to train the cats, and enter them in the competition. It's sure to be her best plan yet!

The bestselling author and star of National Geographic Channel's Dog Whisperer shows you how to develop the calm-assertive energy of a successful pack leader and use it to improve your dog's life—and your own. Be the Pack Leader is Cesar Millan's guide for taking your relationship with your dog to a higher level. By developing the skills necessary to become the calm-assertive owner your dog needs in order for him to live a balanced, fulfilled life, you'll improve your dog's behavior and your own life as well. Be the Pack Leader is filled with practical tips and techniques, including:

- How to use calm-assertive energy in relating to your dog—and to others around you
- The truth about behavioral tools, from leashes and harnesses to clickers and e-collars
- How

to satisfy the needs of your dog's breed

- Success stories from Cesar's clients, viewers, and fans—including the Grogan family of Marley & Me fame
- A quick reference guide of specific, step-by-step procedures to tackling some of the most common dog behavior problems “[Cesar] arrives amid chaos and leaves behind peace.” —Malcolm Gladwell, *The New Yorker*
- “[Millan is] serene and mesmerizing. . . . He deserves a cape and a mask.” —*New York Times*

Scholastic Inc.

Dr. Cyrus Mills returns to his hometown after inheriting his father's failing veterinary practice. Cyrus intends to sell the practice and get out of town as fast as he can, but when his first patient—a down-on-her-luck golden retriever named Frieda Fuzzypaws—wags her way

through the door, life suddenly gets complicated. With the help of a black Labrador gifted in the art of swallowing underwear, a Persian cat determined to expose her owner's lover as a gold digger, and the allure of a feisty, pretty waitress from the local diner, Cyrus gets caught up in a new community and its endearing residents, both human and animal. Sensing he may have misjudged the past, he begins to realize it's not just his patients that need healing. The Patron Saint of Lost Dogs is a winsome tale of new beginnings, forgiveness, and the joy of finding your way home.

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories,

compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Journal of Zoöphily Hachette Books Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all,

humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief •

How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Hegira is the finest super-sub that Arab oil money can buy. But the U.S. Navy is only now learning just how good this undersea sword of Islam is. Already one American sub has been destroyed, and another crippled, as the Hegira breaks out of the Mediterranean and heads toward America to deliver its lethal payload. Now it’s up to Captain Michael Pacino and the USS Seawolf to find the enemy sub and destroy it—in the ultimate battle between the most advanced weapons technology on the planet...and the sheer force of human courage.
