ROY NATHAN

"Wake Up, Mr. West" InterVarsity Press

Mr. West covers the main events in superstar Kanye West's life while also following the poet on her year spent researching, writing, and pregnant. The book explores how we are drawn to celebrities—to their portrayal in the media—and how we sometimes find great private meaning in another person's public story, even across lines of gender and race. Blake's aesthetics take her work from prose poems to lineated free verse to tightly wound lyrics to improbably successful sestinas. The poems fully engage pop culture as a strange, complicated presence that is revealing of America itself. This is a daring debut collection and a groundbreaking work. An online reader's companion will be available at <http://sarahblake.site.wesleyan.edu>.

The Power of Music Simon and Schuster

Through rap and hip hop, entertainers have provided a voice questioning and challenging the sanctioned view of society. Examining the moral and social implications of Kanye West's art in the

context of Western civilization's preconceived ideas, the contributors consider how West both challenges religious and moral norms and propagates them.

The Politics of Sincerity Random House

This volume examines how social media is evolving as an industry—it is an extension of traditional media industries, yet it is distinctly different in its nature and ability to build relationships among users. Examining social media in both descriptive and analytical ways, the chapters included herein present an overview of the social media industries, considering the history, development, and theoretical orientations used to understand social media. Covered are: Business models found among the social media industries and social media as a form of marketing. Social media as a form of entertainment content, both in terms of digital content, and as a tool in the production of news. Discussions of ethics and privacy as applied to the area of social media. An examination of audience uses of social media considering differences among Latinos, African-Americans, and people over the age of 35. Overall, the volume provides a timely and innovative look at the business aspects of social media, and it has much to offer scholars, researchers, and students in media and communication, as well as media practitioners.

Jet McFarland

Using the royal family of celebrity culture, the Kardashians, as a lens through which to scrutinize early 21st century culture, this book examines the worlds of business, politics, technology and entertainment, to show how celebrity has fundamentally changed the way we live.

The Continuing Storm St. Martin's Press

Drawing from a large national qualitative data set generated by 333 diverse participants from 12 different states across 6 U.S. regions, Mark P. Orbe offers a comprehensive look into public perceptions of Barack Obama's communication style, race matters, and the role of the media in 21st century politics. The book is the first of its kind and provides comprehensive, in-depth coverage of the similarities and differences that exist among diverse groups of everyday U.S. Americans.

Black Celebrity, Racial Politics, and the Press Wesleyan University Press

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and

mobile entertainment issues and trends.

A growing frustration with “spin doctors,” doublespeak, and outright lying by public officials has resulted in a deep public cynicism regarding politics today. It has also led many voters to seek out politicians who engage in “straight talk,” out of a hope that sincerity signifies a dedication to the truth. While this is an understandable reaction to the degradation of public discourse inflicted by political hype, Elizabeth Markovits argues that the search for sincerity in the public arena actually constitutes a dangerous distraction from more important concerns, including factual truth and the ethical import of political statements. Her argument takes her back to an examination of the Greek notion of parrhesia (frank speech), and she draws from her study of the Platonic dialogues a nuanced understanding of this ancient analogue of “straight talk.” She shows Plato to have an appreciation for rhetoric rather than a desire to purge it from public life, providing insights into the ways it can contribute to a fruitful form of deliberative democracy today.

[The Crisis](#) Henry Holt and Company

Humans are sexual creatures. Our sexuality can be a beautiful and mysterious expression of what it means to be human. But it can also become distorted and sinful. Perhaps no issue is as urgent for the church today, or confronts it with as many questions, as human sexuality: What does it mean to fulfill God’s will through our sexuality? To what extent should our sexuality define who we are? How can we navigate cultural trends around sexuality while being faithful to Scripture? The Center for Pastor Theologians (CPT) seeks to assist pastors in the study and production of biblical and theological scholarship for the theological renewal of the church and the ecclesial renewal of theology. Based on the 2016 annual CPT conference, this volume brings together the reflections of church leaders and academic theologians who seek to answer the urgent questions concerning human sexuality. Contributors engage with Scripture, draw on examples from church history, and delve into current issues in contemporary culture, including embodiment, marriage, homosexuality, pornography, transgenderism, and gender dysphoria. Beauty, Order, and Mystery tackles difficult questions with discernment in order to offer a theological vision of faithful human sexuality for the church. Based on annual CPT conferences, the volumes in the Center for Pastor Theologians series bring together the reflections of pastors and theologians who desire to make ongoing contributions to the wider scholarly community for the renewal of both theology and the church.

Shifting understandings and ongoing conversations about race, celebrity, and protest in the twenty-first century call for a closer examination of the evolution of dissent by black celebrities and their reception in the public sphere. This book focuses on the way the mainstream and black press have covered cases of controversial political dissent by African American celebrities from Paul Robeson to Kanye West. Jackson considers the following questions: 1) What unique agency is available to celebrities with racialized identities to present critiques of American culture? 2) How have journalists in both the mainstream and black press limited or facilitated this agency through framing? What does this say about the varying role of journalism in American racial politics? 3) How have framing trends regarding these figures shifted from the mid-twentieth century to the twenty-first century? Through a series of case studies that also includes Eartha Kitt, Sister Souljah, and Mahmoud Abdul-Rauf, Jackson illustrates the shifting public narratives and historical moments that both limit and enable African American celebrities in the wake of making public politicized statements that critique the accepted racial, economic, and military systems in the United States. [Taylor Swift Lines To Live By](#) Routledge

In this report I investigated the Famous feud between Kim Kardashian, Kanye West and Taylor Swift from 10 points of research. This report was born out of the urgent need to provide clearer,

more transparent information and better-founded examples to explain the Famous feud in a different way than what Kim Kardashian, Kanye West and Taylor Swift offered through music, interviews and other media content. This report explored the background strategies of Kanye West, Kim Kardashian and Taylor Swift to maintain popularity and fame in an ever-changing world: sacrifices, intelligence, methods of communications, side effects and a minimal view of the efficiency of their strategies in the long term. I’m gonna let you finish reading it, but ‘On the Famous Feud’ it is a unique and original investigation, there is no other research which explores this feud on various levels; at the time of publishing, this report is the most advanced analysis of the Famous feud. Second Edition July 2023

The Instant New York Times Bestseller “A book historians will relish.”—Peggy Noonan, Wall Street Journal “Must read. I've read every book about the Trump presidency. This is the best.”—Bill Press An account like no other, from the White House reporter who has known President Donald Trump for more than 25 years. We have never seen a president like this...norm-breaking, rule-busting, dangerously reckless to some and an overdue force for change to others. One thing is clear: We are witnessing the reshaping of the presidency. Jonathan Karl brings us into the White House in a powerful book unlike any other on the Trump administration. He’s known and covered Donald Trump longer than any other White House reporter. With extraordinary access to Trump during the campaign and at 1600 Pennsylvania Avenue, Karl delivers essential new reporting and surprising insights. These are the behind-the-scenes moments that define Trump’s presidency--an extraordinary look at the president, the person, and those closest to him. This is the real story of Trump’s unlikely rise; of the struggles and battles of those who work in the administration and those who report on it; of the plots and schemes of a senior staff enduring stunning and unprecedented unpredictability. Karl takes us from a TV set turned campaign office to the strange quiet of Trump’s White House on Inauguration Day to a high-powered reelection campaign set to change the country’s course. He shows us an administration rewriting the role of the president on the fly and a press corps that has never been more vital. Above all, this book is only possible because of the surprisingly open relationship Donald Trump has had with Jonathan Karl, a reporter he has praised, fought, and branded an enemy of the people. This is Front Row at the Trump Show. [Billboard](#) Kanye West

This book will show you how music can either indoctrinate or educate you, spark rebellion or patriotism, and drive you to the devil or draw you closer to God.

ABOUT THE BOOK Kanye West would probably not be considered as a candidate if one were to discuss the best lyricists or storytellers in hip-hop. However, when naming the best entertainers in the genre, West just may be at the top of the list. Kanye is arguably one of the most creative and innovative rappers to exist. And, in actuality, his lyrics are beginning to catch up. Mr. West takes chances in his music that not many other emcees would dare touch. He does not stick to any formula. Each album that he has released is completely different from not only the previous one, but from everything being played in the rap world at that time. Deliberately different and constantly re-inventing himself, Kanye always provides listeners with a new sound. His background as a producer for artists such as Jay-Z is apparent in his own music; as that aspect of his records is nearly flawless. Once “Yeezy” mastered the sound boards and took a shot at the mic, it was evident that he had skills. It is a rare breed that can be equally successful both behind the scenes and in the spotlight. And this is what makes Kanye special. In addition to his musical talents, West is also infamous for a number of other things: interrupting acceptance speeches at awards shows, demonstrating a nauseating cockiness, and being somewhat of a fashionista, to name a few additional of West’s penchants. Regardless, none of these things take away from or add to his music. That can stand on its own. Kanye Omari West may not have been in the rap game for as long as most of the greats, but his impact has been just as tremendous. He bridged a gap between genres; developing tracks that are hard enough for hip-hop, but still rhythmic enough for pop. Buy the book to continue reading! Follow @hyperink on Twitter! How do you define a real artist? Is being a good singer, actor or dancer enough? Talent is either innate or enhanced through constant practice, and it is one of the requirements to become a certified artist. However, the ability to touch other people’s lives, influence them through your acts and be able to change in the society is something worthy of praise, recognition and of course admiration from millions of people. One great example of this kind of artists is Kanye West, who has contributed to the world of hip hop. He is a kind of artist that pursues whatever he thinks is best for the art and music industry. Through his unique sound and style of music, he is considered one of the most admired, popular and influential people in the industry. Kanye West is known for being full of contradictions. He is materialistic but religious, arrogant or big headed but self-deprecating. And he is remarkably rude but also sensitive. Despite some of his negative aspects or attributes as a person, people still see him as a person with a good side, which even makes him more worthy of admiration. Instead of sublimating those conflicts, he shows them off through his music!

Extra! Springer

Unlike much of the literature on Venezuela in the Chávez period, this book shifts focus away from 'top down' perspectives to examine how Venezuelan folksinger Alí Primera (1942-1985) became intertwined with Venezuelan politics, both during his lifetime and posthumously. Alí’s ‘Necessary Songs’ offered cultural resources that enabled Chávez to connect with pre-existing patterns of grassroots activism in ways that resonated deeply with the poor and marginalised masses. Official support for Alí’s legacy led the songs to be used in new ways in the Chávez period, as Venezuelans actively engaged with them to redefine themselves in relation to the state and to reach new understandings of their place within a changed society. This book is essential reading not only for those interested in popular music and politics, but for all those seeking to better understand how Chávez was able to successfully identify himself so profoundly with the Venezuelan masses, and they with him.

Black celebrities in America have always walked a precarious line between their perceived status as spokespersons for their race and their own individual success--and between being "not black enough" for the black community or "too black" to appeal to a broader audience. Few know this tightrope walk better than Kanye West, who transformed hip-hop, pop and gospel music, redefined fashion, married the world's biggest reality TV star and ran for president, all while becoming one of only a handful of black billionaires worldwide. Despite these accomplishments, his polarizing behavior, controversial alliances and bouts with mental illness have made him a caricature in the media and a disappointment among much of his fanbase. This book examines West's story and what it reveals about black celebrity and identity and the American dream.

[On the Famous Feud](#) Lexington Books

Charlamagne Tha God, New York Times bestselling author of Black Privilege and always provocative cohort of Power 105.1’s The Breakfast Club, reveals his blueprint for breaking free from your fears and anxieties. Being “shook” is more than a rap lyric for Charlamagne, it’s his mission to overcome. While it may seem like he’s ahead of the game, he is actually plagued by anxieties, such as the fear of losing his roots, the fear of being a bad dad, and the fear of being a terrible husband. In the national bestseller Shook One, Charlamagne chronicles his journey to beat those fears and shows a path that you too can take to overcome the anxieties that may be holding you back. Ironically, Charlamagne’s fear of failure—of falling into the life of stagnation or crime that caught up so many of his friends and family in his hometown of Moncks Corner—has been the fuel that has propelled him to success. However, even after achieving national prominence as a radio personality, Charlamagne still found himself paralyzed by anxiety and distrust. Here, in Shook One, he is working through these problems—many of which he traces back to cultural PTSD—with help from mentors, friends, and therapy. Being anxious doesn’t serve the same purpose anymore. Through therapy, he’s figuring out how to get over the irrational fears that won’t take him anywhere positive. Charlamagne hopes Shook One can be a call to action: Getting help is your right. His second book “cements the radio personality’s stance in making sure he’s on the right side of history when it comes to society’s growing focus on mental health, while helping remove the negative stigma” (Billboard).
