To the east of Oklahoma City, Lincoln County lies in east central Oklahoma with Chandler as its county seat. The county was

opened by two land runs: the first on September 22, 1891, and again four years later on May 23, 1895. The land is primarily rolling grass hills covered with stands of blackjack oak and post oak and is part of what is called the Crosstimbers. Images of America: Lincoln County celebrates the different tribes that lived in the area: the Sac and Fox, the Iowa, and the Kickapoo. It also features famous lawman Bill Tilghman, Olympic athlete Jim Thorpe, poet Jennie Harris Oliver, and governors J.B.A. Robertson and Roy J. Turner. Oil came early to Lincoln County and continues to play a large role in the economy. At one time, the county was covered in cotton fields. It is also a center of transportation with several railroads, old Route 66, and the Turner Turnpike, which today is the major road connecting Oklahoma City and Tulsa. *Tulsa: Oil Capital of the World* Arcadia Publishing
Tulsa, Oklahoma, "the oil capital of the world," has a long and

varied history. Evidence of a possible Norse presence dates to 1000 AD. An ancient people known as the Mound Builders populated the area, then disappeared just prior to the arrival of Spanish conquistadors in the 1540s. Osage Indians, as well as other members of the Five Tribes, called this part of Oklahoma home. French trappers made a brief appearance. Finally, outlaws like "Pretty Boy" Floyd and "Machine Gun" Kelly cooled their heels in Tulsa while running from the law in the 1930s. What Tulsa is really known for, however, is oil. The discovery of oil fields in Tulsa at the turn of the century caused an economic and social revolution. The formerly small town became a center of power, and fortunes worth millions of dollars were gained and lost. J. Paul Getty got his start in Tulsa along with his father, who was one of the first to ride Tulsa's tsunami-like oil wave. The town boomed through the 20s and 30s, and oil money built the town of Tulsa into the city it is today. Tulsa currently hosts a population of 380,000 people, and, in honor of its oil legacy, is home to one of the most prominent petroleum schools in the world.

Oklahoma is well known as prime hunting and fishing territory, but red-dirt country also offers many opportunities for hiking, running, and off-road biking. Though trail guides for neighboring states abound, outdoorsmen Kent F. Frates and Larry Floyd found no such book for Oklahoma. The outcome of their collaboration, *Oklahoma Hiking Trails*, fills that void as the first comprehensive guidebook for the state. A welcome addition to the travel library of both locals and visitors, this illustrated guide extends a hearty welcome to hikers, bikers, runners, birders, campers, and photographers. For the amateur and expert alike, *Oklahoma Hiking Trails* covers trails accessible to the public across the state. This handy reference will take outdoor adventurers from Tulsa to Lawton and from Broken Bow to Boise City--and all points between. It includes such familiar sites as the Ouachita National Forest and the Wichita Mountains as well as lesser-known gems such as Black Mesa and the Oxley Nature Center. The authors also provide tips on how to prepare for any hiking adventure. Color photographs of trail sites identify landmarks to look for and highlight the natural diversity to be found along the state's hundreds of miles of public trails. Detailed maps, GPS coordinates, and clear directions ensure that the runner, biker, or hiker will get to the trail and stay on it. Each trail is rated easy, moderate, or strenuous. Providing a wealth of information to help you navigate your Oklahoma adventure, *Oklahoma Hiking Trails* offers big returns in a small, light-weight package ideal for your backpack.

In Oklahoma Unforgettable, Kim Baker and John Jernigan capture Oklahoma's allure in 143 outstanding color photographs. The beautiful images are accompanied by an insightful foreword by Donald W. Reeves, the McCasland Chair of Cowboy Culture at the National Cowboy & Western Heritage Museum. Baker and Jernigan's travels have taken the two photographers from the swirls of activity in Oklahoma City and Tulsa to the charming towns that make up America's heartland. The images reveal a land of contrasts—wild prairies and thick forests, soaring mesas and mountain trails, sandy deserts and numerous lakes—that inspires the imagination. Take a drive with Baker and Jernigan down Route 66 and beyond and discover the Sooner State all over again. Whether lifelong Oklahomans or visitors to the state, readers will treasure Oklahoma Unforgettable for years to come. *Insight Guides USA on the Road (Travel Guide eBook)* Mobil Travel Guide

With hundreds of man-made lakes, state parks, casinos, museums and nightlife and dining opportunities in revitalized downtown areas in Oklahoma City and Tulsa, there is a lot to see and do in the Sooner State. The state is dotted with phenomenal lakes where swimming, boating and bass fishing are the most desired activities. Some of the state's most popular lakes include Broken Bow Lake located near the Quachita Mountains; Grand Lake in the northeastern corner of the state at the foothills of the Ozark Mountains and Lake Murray in the hills in the southern part of the state. While the state is known for its many outdoor activities like great fishing, golf, hiking, canoeing and boating, make sure you don't overlook its fantastic museums.

In 1905, a gusher of "black gold" sprang up southwest of Tulsa, two years before Oklahoma became a state. The site, known as Glenn Pool, became the first major oil field in Oklahoma, with reserves so huge that it could produce millions of barrels of crude. As word of the boom spread, a rush of laborers, lease buyers, oilmen, promoters, producers, and speculators flooded into the area with dreams of striking it rich. Oil fields adjacent to Glenn Pool developed, and Tulsa, which grew to be Oklahoma's second largest city, became the hub of the oil industry. *Tulsa: Oil Capital of the World* tells the story of one Oklahoma town's rise to fame and fortune and its emergence as an international leader in business and politics

The story of Tulsa's transformation from a nineteenth-century cow town into the "Oil Capital of the World" has been above ground for years, but a great reservoir of Tulsey Town's heritage has remained beneath the surface. These neglected tales include the dirigible flyover of 1929, the Hominy Indians' victory over the New York Giants and the legendary final performance of Spade Cooley, convicted killer and the self-proclaimed "King of Western Swing." From the horrors of the city's early race riot and the proud legacy of Greenwood (aka Little Africa or Black Wall Street) to Tulsa's iconic landmarks and unforgettable personalities, Steve Gerkin provides an evocative and enjoyable voyage through T-

Town's hidden history.
