*Death Comes to Main Street* Alexander King

Sooraj Sanghani is the richest bachelor on earth - and probably the unhappiest one too! Despite having all the money, an elite Harvard education, power and influence, he is unable to beat his arch-enemy - his extra weight. Nina Ben - Sooraj's super controlling mother - is ready to go to any lengths to make him look fit and dashing for her daughter's much-awaited big, fat wedding. But Sooraj has other plans. His attention is captured by Nivriti, who Nina Ben doesn't approve of. He also wants to make his mark on the business world through his path-breaking idea. Unable to take charge of his life, Sooraj embarks on a seemingly

impossible weight loss journey which disrupts his personal and professional life. Lonely and tired, he is thrown into the glamorous, glitz-fuelled wedding of his sister while he struggles to keep his identity intact. Will his business plans work out? Will he find love? And more importantly, will Sooraj lose the extra kilos? *Slim Chance at Love* is an entertaining cocktail of action, drama and laughter, which is sure to tickle your funny bone. Explore the emotions that drive an enthusiastic mother and the resilience of a boy who has been under the weight of expectations ever since he can remember. This is a light and breezy read, which has a feel good factor with several laugh out loud instances. Set in the contemporary times, this will entertain and drive you to reach for your dreams.

*Valentine Journals of a Roman Vampyre Vol 1* Delacorte Press  
This study explores the cultural and political impact of Victorian

travelers' descriptions of physical and verbal violence in Africa. Travel narratives provide a rich entry into the shifting meanings of colonialism, as formal imperialism replaced informal control in the Nineteenth century. Offering a wide-ranging approach to travel literature's significance in Victorian life, this book features analysis of physical and verbal violence in major exploration narratives as well as lesser-known volumes and newspaper accounts of expeditions. It also presents new perspectives on Olive Schreiner and Joseph Conrad by linking violence in their fictional travelogues with the rhetoric of humanitarian trusteeship.

*Victorian Travel Writing and Imperial Violence* Dan Johnston  
Found alone in an Ohio mall after closing, mute, and covered head-to-toe with fish-scale tattoos, a young girl is adopted by Lucy, a former circus fat lady, who risks her life, and sanity, to protect her charge and uncover the mystery of her true identity  
*Out Of Time* Random House

Mackenzie "Max" Miller has a problem. Her parents have arrived in town for a surprise visit, and if they see her dyed hair, tattoos, and piercings, they just might disown her. Even worse, they're expecting to meet a nice wholesome boyfriend, not a guy named Mace who has a neck tattoo and plays in a band. All her lies are about to come crashing down around her, but then she meets Cade. Cade moved to Philadelphia to act and to leave his problems behind in Texas. So far though, he's kept the problems and had very little opportunity to take the stage. When Max approaches him in a coffee shop with a crazy request to pretend to be her boyfriend, he agrees to play the part. But when Cade plays the role a little too well, they're forced to keep the ruse

going. And the more they fake the relationship, the more real it begins to feel. The hot new, New Adult title from New York Times bestselling author of *Losing It*, Cora Carmack.

*The Bar Code Tattoo (The Bar Code Trilogy, Book 1)* John Wiley & Sons

From coffee enemas to religious cults to Barrack Obama and Donald Trump, this book is total bullshit! A book every young person should read. It fosters freethinking, healthy skepticism, and it reminds us that we shouldn't easily accept everything we hear as truth. *A Brief History of Bullshit in America* is a funny and easy to read book that examines the bullshit obsessed "post-truth era" of today and how we got here. It is filled with information, misinformation, disinformation, and any other sort of bullshit you can think of. If you consider yourself to be connoisseur of good bullshit, then you will love this book! Bullshit can be so many things. It could be anything from a degree in Gender Studies to something simple as a three-word campaign slogan, or even something as complicated as our nation's 6,550-page tax code. Political speeches, self-help books, marketing, press conferences, tax code, song lyrics, conspiracy theories, many college majors, Santa, the Tooth Fairy, the multi-billion-dollar diet industry, medicine, and even the Constitution of the United States itself are all some form of bullshit in one way or another. Bullshit is everywhere all around us. It influences the clothes we wear, shapes our political views, and even determines what food we eat. This book will examine some of the greatest bullshitters of all time and celebrate their accomplishments. Bullshitters are beautiful highly intelligent individuals, and they play a vital role in our world. They start almost all of our wars, make our drugs, sell

us our cars, raise and lower our taxes, regulate our economy, they tell us what to wear, and in many instances what to believe. This book will also give you some basic bullshit strategies that you can use in your own life as well.

**Reports of Cases Determined in the Courts of Appeal of the State of California** Simon and Schuster

A "former cop sets the record straight in this ... memoir about his youth selling crack in the '80s with one of NYC's toughest gangs and later rise through the ranks of the NYPD to become a community leader"--

The Commitment Tor Nightfire

There is a new casino being built in Dodge. Since it is connected to an old Indian burial ground, there are mixed feelings about if it should be built or not. There are strange stories that have been told about Dodge, and people are worried. One person in particular is Sue. She doesn't want her husband, Jim, to work for Paul at the construction site. Paul just wants to do his job and get the casino built. However, something or someone is killing off his workers. Which has Sue worried even more. The authorities have shut down the construction site until this monster is caught. How can they catch a monster that is a toy statue one minute, and a larger than life iron demon the next, who seems to have trouble staying in one city? Will this monster ever be caught? Will the casino ever be built? Only time will tell, and according to Paul's boss, that time is running out.

*Eve's Garden* Penguin

Part Hopi computer hacker Laura Winslow investigates a shocking web of drugs, murder, and smuggling in this gorgeously-written seventh installment in the Shamus-nominated series. Part Hopi

computer hacker Laura Winslow hasn't shed the sense of Koyanisquaatsi--the Hopi word for World Out of Balance, or, for Laura, the feeling that society is falling down. She's just been offered another hacker job by an anonymous client, work that would be illegal and probably unethical; her romance with policeman Nathan Brittles has lately been rocky; and her daughter has just come home with a baby, and won't tell who the father is. But soon a woman named Mary Emich, director of park events at Tohono Chul Park hires Laura, revealing that strange messages have been turning up on the park's computers--signals that something may be very wrong in the usually tranquil area. Laura's desperate need for friendship pulls her to Mary Emich--and soon deep into a case that throws her already-rocky world even more off kilter. For a dark force has entered Tohono Chul: a crime cartel that masks itself as the village and park's protector is in fact involving a hopeless town in drugs, and even worse, people smuggling across the Mexican border. And amidst a backdrop of desperation, broken trust, and murder, Laura must question even those to whom she's become close, attempting to stop a criminal enterprise that threatens to destroy an entire people.

*Once a Cop* Delacorte Press

Valentine Journals of a Roman Vampyre Vol 1 Valentine Memoirs of a Vampire starts in present day and takes you back over 2000 plus years to when a roman soldier inadvertently became involved with a cursed man, Judas....cursed by God to be a Vampire. As well as Demons summoned by persons of authority who offer their souls for power, thus leading to a chain of events this poor soldier and his family have to try and endure to this

day. Valentine is also a character in my other fantasy series Pangerath, which has a main character that is a relation to Valentine...That he knows not of. I WAS BORN VALENTINO POMPEIUS MAGNUS IN ROMA ON SEPTEMBER 22, 7 BC, AND DIED ON SEPTEMBER 22, 33 AD...TO BE REBORN HOURS LATER. These are my journals. From my untimely death in Egypt, some 2000 years ago, until today. My death and ultimate rebirth has changed me and made me what I have become. Some may think me a demon, but I was once a mortal man, a father, and a husband, as well as a loyal soldier of Rome. And so, I have embraced my new life and all its fantastic abilities, for, in order to exact my revenge and bring Death to those responsible, and to fulfil my Vow, I will need to be as I am A Vampire

How to Be a Footballer Soho Press

Randon Billings Noble has collected a range of lyric essays in a variety of forms that showcase the essay's openness to experimentation, reliance on authentic voice, and potential to explore complex subject matter.

Stanley's Last Trip and Other Stories New Horizons Publishing  
Statistics in Medicine, Third Edition makes medical statistics easy to understand by students, practicing physicians, and researchers. The book begins with databases from clinical medicine and uses such data to give multiple worked-out illustrations of every method. The text opens with how to plan studies from conception to publication and what to do with your data, and follows with step-by-step instructions for biostatistical methods from the simplest levels (averages, bar charts) progressively to the more sophisticated methods now being seen in medical articles (multiple regression, noninferiority testing).

Examples are given from almost every medical specialty and from dentistry, nursing, pharmacy, and health care management. A preliminary guide is given to tailor sections of the text to various lengths of biostatistical courses. User-friendly format includes medical examples, step-by-step methods, and check-yourself exercises appealing to readers with little or no statistical background, across medical and biomedical disciplines Facilitates stand-alone methods rather than a required sequence of reading and references to prior text Covers trial randomization, treatment ethics in medical research, imputation of missing data, evidence-based medical decisions, how to interpret medical articles, noninferiority testing, meta-analysis, screening number needed to treat, and epidemiology Fills the gap left in all other medical statistics books between the reader's knowledge of how to go about research and the book's coverage of how to analyze results of that research New in this Edition: New chapters on planning research, managing data and analysis, Bayesian statistics, measuring association and agreement, and questionnaires and surveys New sections on what tests and descriptive statistics to choose, false discovery rate, interim analysis, bootstrapping, Bland-Altman plots, Markov chain Monte Carlo (MCMC), and Deming regression Expanded coverage on probability, statistical methods and tests relatively new to medical research, ROC curves, experimental design, and survival analysis 35 Databases in Excel format used in the book and can be downloaded and transferred into whatever format is needed along with PowerPoint slides of figures, tables, and graphs from the book included on the companion site,

**Tattoo Girl** W.K.Clyde

“In pristine, elegant prose,” the Costa Prize-winning author “creates an indelible portrait of a mysterious woman” and her quest for total independence (Kirkus Reviews, starred review). Maud enters Tim’s life as no one else could: by falling straight past him, seemingly to her death, then standing up and walking away. From that moment on, Tim is desperate to love her, rescue her, reach her. Yet there is nothing to suggest Maud has any need of him. She is already complete. A woman with a talent for survival, she works long hours and loves to sail—preferably on her own. When Maud finds her unfulfilling marriage tested by unspeakable tragedy, she attempts to escape from her husband and society’s hypocrisy. In her quest, she encounters the impossible and pushes her mind and body to their limits. A wise and thrilling portrait of an irreducible heroine who asks no permission and begs no pardon, *The Crossing* explores a truth that’s absent from most contemporary literature. “An extraordinary portrait of an enigmatic woman.” —The Guardian  
*A Brief History of Bullshit in America* Sristhi Publishers & Distributors

'Very funny on almost every page, wonderfully self-deprecating and very sharp on the ludicrous behaviour of the modern player' - Sunday Times 'The funniest man in British sport' - Metro \*\*A Sunday Times Sports Book of the Year\*\* \*\*Shortlisted for the National Book Awards\*\* \*\*Longlisted for the Telegraph Sports Book Awards Autobiography of the Year\*\* You become a

footballer because you love football. And then you are a footballer, and you're suddenly in the strangest, most baffling world of all. A world where one team-mate comes to training in a bright red suit with matching top-hat, cane and glasses, without any actual glass in them, and another has so many sports cars they forget they have left a Porsche at the train station. Even when their surname is incorporated in the registration plate. So walk with me into the dressing-room, to find out which players refuse to touch a football before a game, to discover why a load of millionaires never have any shower-gel, and to hear what Cristiano Ronaldo says when he looks at himself in the mirror. We will go into post-match interviews, make fools of ourselves on social media and try to ensure that we never again pay £250 for a haircut that should have cost a tenner. We'll be coached and cajoled by Harry Redknapp, upset Rafa Benitez and be soothed by the sound of an accordion played by Sven-Goran Eriksson's assistant Tord Grip. There will be some very bad music and some very bad decisions. I am Peter Crouch. This is *How To Be A Footballer*. Shall we?

*Tattoo* Da-Order P&E Company

The creative writing workshop: beloved by some, dreaded by others, and ubiquitous in writing programs across the nation. For decades, the workshop has been entrenched as the primary pedagogy of creative writing. While the field of creative writing studies has sometimes myopically focused on this single method, the related discipline of composition studies has made use of numerous pedagogical models. In *Creative Writing Pedagogies for the Twenty-First Century*, editors Alexandria Peary and Tom C. Hunley gather experts from both creative writing and

composition studies to offer innovative alternatives to the traditional creative writing workshop. Drawing primarily from the field of composition studies—a discipline rich with a wide range of established pedagogies—the contributors in this volume build on previous models to present fresh and inventive methods for the teaching of creative writing. Each chapter offers both a theoretical and a historical background for its respective pedagogical ideas, as well as practical applications for use in the classroom. This myriad of methods can be used either as a supplement to the customary workshop model or as stand-alone roadmaps to engage and reinvigorate the creative process for both students and teachers alike. A fresh and inspiring collection of teaching methods, *Creative Writing Pedagogies for the Twenty-First Century* combines both conventional and cutting-edge techniques to expand the pedagogical possibilities in creative writing studies.

**A Harp in the Stars** St. Martin's Paperbacks

Bailey Morgan isn't the type of girl who shows a lot of skin, but somehow, she ends up in a dressing room at the mall with her friend Delia applying a temporary tattoo to her lower back. Never one to suffer fashion doubt, trendsetter Delia knows exactly where she wants her own tattoo: on her stomach, right where her shirt ends—can you say "midriff"? Annabelle, the quiet one, chooses the back of her neck, and tomboy Zo plasters hers on the top of her foot. The tattoos will last for three days, and Delia's sure that with them, the four friends will absolutely kill at the school dance. Unfortunately, killing is just what someone has in mind, and Bailey, Delia, Annabelle, and Zo are in for the battle of their lives. Along with her tattoo, each girl receives a gift—a

supernatural power to help them in their fight. As Bailey's increasingly frightening dreams reveal the nature of their enemy, it becomes clear to the girls that it's up to them to save the world. And if they can get Delia to stop using her newfound power to turn gum wrappers into Prada pumps, they might actually stand a chance.

**The Tattoo Murder Case** Covenant Books, Inc.

In near-future Wichita, USA, Henry Thorner, a world-weary 'consultant' is charged with finding a genius young hacker named Tanner Griffen, who disappeared after pulling off a daring data theft. The data was stolen from OraCorp, the most powerful company in the world and owners of 'Ora', the all-encompassing social network that tracks the activity and thoughts of every person in the Western world. When Tanner is placed at the scene of a murder hundreds of miles away by the Ora network, nobody is more surprised than Tanner himself. Consultant, hacker and hired muscle – a damaged young girl called Jeopardy – must reach the murderous Tanner before the OraCorp security forces to find out who, or what, is responsible. Part noir detective story, part science fiction, and part social commentary, *It Looks Like You're Writing a Letter* deals with the big questions of our increasingly connected world – are we more than our social profile, and how comfortable should we be with the corporations who own our digital souls?

**Faking It** Radomír Fiksa

Turn your inspiration into a story with clear, expert guidance *Creative Writing Exercises For Dummies* is a step-by-step creative writing course designed to hone your craft, regardless of ability. Written by the founder of the Complete Creative Writing

*We All Scream* Macmillan

"The Order Of Thieves" is a band of criminals formed with one thing in mind; to prey on the criminal underworld by way of The JUX. "The JUX" is the craft practiced by the men of The Order Of Thieves. Started by a group of Jamaicans, The Order Of Thieves created a legend in the streets that made it an honor to have this group of men relieve you of your personal wealth. No one was safe from the season of the JUX. If you were dealing in any part of

the criminal world then you were fare game for The Order. From Drug dealers to politicians and even a priminister found the season of the JUX upon them. From Jamaica to New York and the Eastern Sea Board to the long arm of the law reaching even across seas for them; one thing was certain, if your wealth became a reason then nothing could protect you from the JUXINSEASON.

How to Write a Lot Elsevier

One of Japan's most popular mystery writers delivers "scenes of fastidiously executed decadence" in a "tale of sexual obsession" (The New York Times Book Review). Kinue Nomura survived World War II only to be murdered in Tokyo, her severed limbs discovered in a room locked from the inside. Gone is the part of her that bore one of the most beautiful full-body tattoos ever rendered. Kenzo Matsushita, a young doctor who was first to discover the crime scene, feels compelled to assist his detective brother, who is in charge of the case. But Kenzo has a secret: he was Kinue's lover, and soon his involvement in the investigation becomes as twisted and complex as the writhing snakes that once adorned Kinue's torso. The Tattoo Murder Case was originally published in 1948; this is the first English translation. "Clever, kinky, highly entertaining." —The Washington Post Book World "A delightful, different book, not only because of its unusual setting and premise, but because Takagi is a powerful plotter and constructor of fascinating, complex characters." —The A.V. Club "Has all the mind-boggling braininess and dazzling artifice of mystery's Golden Age, spiced with voyeuristic close-ups of a dying art in which postwar Japan remains supreme: full-body tattoos . . . Intricate, fantastic, and utterly absorbing. More,

please.” —Kirkus Reviews
