## **BRODY STEVENS**

Chief Culture Officer John Wiley & Sons  
Written by a team of leading trainers, practitioners and supervisors, this bestselling classic is the trainee therapist's best friend. It identifies and guides trainees through the practical skills and knowledge they'll need to make a success of their training - from writing essays through to case formulation and on to preparing for their first meeting with a client. Along the way, it addresses and allays the concerns which are common to all students. Now in its fourth edition, the book has been fully updated to take account of the significant changes in the therapy professions in recent years. It now includes new and important chapters on: Evidence-based practice Working with diversity Reflective practice Using social media, technology and online therapy The Trainee Handbook is an invaluable companion, and source of information and guidance for all trainees in counselling, psychotherapy and counselling psychology, and newly-qualified therapists entering into practice.

**The Bible Recap** Harvard Business Press

\_\_\_\_\_ THE PHENOMENAL  
KOREAN BESTSELLER TRANSLATED BY  
INTERNATIONAL BOOKER SHORTLISTEE  
ANTON HUR 'Will strike a chord with  
anyone who feels that their public life is  
at odds with how they really feel inside.'  
- Red PSYCHIATRIST: So how can I help  
you? ME: I don't know, I'm - what's the  
word - depressed? Do I have to go into  
detail? Baek Sehee is a successful young  
social media director at a publishing  
house when she begins seeing a

psychiatrist about her - what to call it? -  
depression? She feels persistently low,  
anxious, endlessly self-doubting, but also  
highly judgemental of others. She hides  
her feelings well at work and with  
friends; adept at performing the  
calmness, even ease, her lifestyle  
demands. The effort is exhausting,  
overwhelming, and keeps her from  
forming deep relationships. This can't be  
normal. But if she's so hopeless, why can  
she always summon a desire for her  
favourite street food, the hot, spicy rice  
cake, tteokbokki? Is this just what life is  
like? Recording her dialogues with her  
psychiatrist over a 12-week period, Baek  
begins to disentangle the feedback  
loops, knee-jerk reactions and harmful  
behaviours that keep her locked in a  
cycle of self-abuse. Part memoir, part  
self-help book, *I Want to Die but I Want  
to Eat Tteokbokki* is a book to keep close  
and to reach for in times of darkness.  
*The New Rules of Work* Corwin Press  
Radical Candor is the sweet spot  
between managers who are obnoxiously  
aggressive on the one side and ruinously  
empathetic on the other. It is about  
providing guidance, which involves a mix  
of praise as well as criticism, delivered to  
produce better results and help  
employees develop their skills and  
boundaries of success. Great bosses  
have a strong relationship with their  
employees, and Kim Scott Malone has  
identified three simple principles for  
building better relationships with your  
employees: make it personal, get stuff  
done, and understand why it matters.  
Radical Candor offers a guide to those  
bewildered or exhausted by  
management, written for bosses and  
those who manage bosses. Drawing on  
years of first-hand experience, and  
distilled clearly to give actionable  
lessons to the reader, Radical Candor

shows how to be successful while retaining your integrity and humanity. Radical Candor is the perfect handbook for those who are looking to find meaning in their job and create an environment where people both love their work, their colleagues and are motivated to strive to ever greater success.

*Better Leaders Ask Better Questions* John Wiley & Sons

Join the new breed of leaders.... become a "Potentialiser" POTENTIALISER - poa-tena-tia-aa-lia-ser Meaning: Releaser of amazingness in others Your team have more potential than you realise and the chances are that your current management style may be preventing this potential to ever come to the surface through one unconscious act..."Telling"! In this book you will discover how changing your approach by doing less telling and instead, asking Better Questions you will become a "POTENTIALISER" and release the potential of your people and create a team that are more engaged, empowered and fulfilled. Suitable for Leaders at all levels, this book will enhance your leadership style by learning: \* How telling can be an inhibitor of potential \* How you need to redefine your role by changing your mindset \* Why Better Questions are so powerful \* How to ask Better Questions and release the potential in your team Some comments from people that have been trained to be "Potentialisers" "I have been amazed that such a simple concept can lead to all sorts of wonderful outcomes" "At times being so busy it is quicker and easier to give the answer, but I have found that by taking the time to ask questions instead of telling, people have the opportunity to shine... they amaze me and themselves!" "Since

changing my approach to asking rather than telling I have been really quite amazed by the changes in my team, they seem more committed to their work and even happier in their roles!"

Comprehensive Healthcare Simulation: Implementing Best Practices in Standardized Patient Methodology  
Routledge

"Irreverent." "Funny." "Essential." Read this book before you publish your book. You just wrote your first book. And there you are. Stark naked. Vulnerable. Wondering what to do next to get your masterpiece published. This is the one book you need to read and follow if you're writing a book for the first time. Why? Because you've never written a book before. This is new territory. To write a successful book, you need to find and work with an editor who shares your passion for your work and your message and who will help you make your book sing. And sing a smash hit. A blockbuster of a message, clearly and carefully constructed so readers love you and your work and leave you five-star Amazon reviews only because they don't have more stars to give. This is a toolkit for tinkering under the hood of your working manuscript so you, the author, can take your work as far as you can before an edit and production such as cover design and not dump a half-baked chocolate cake on some poor schlub of an editor to "fix." Don't make first-time author mistakes. No matter what you think, you do need an edit. Not the English teacher next door. You can't self-edit either. A professional editor knows how to navigate those thorny commas and can solve your organizational questions. An editor can guide you through the murky waters of modifiers and passive sentences, correct typos, and get your book manuscript polished

and on its way to production. Even if you slept through English class, never turned in book reports, and don't know a thing about publishing the book of your dreams, your name is on the cover and you don't want to be embarrassed. Turn your vulnerability into confidence with these insider secrets to publishing success when working with an editor. No, this is not a grammar book (ick) or a guide to self-editing (can't be done well). This is not a dry, boring book about usage or sentence structure. Although the author, a veteran nonfiction editor, specializes in memoir, true crime, business/leadership, and self-help, her advice holds true for fiction writers as well. Get your questions answered (and more): Why do I need an editor? How do I find an editor? What do editors do? And how much do they cost? What are the levels of edit? Developmental? Line edit? Copy edit? Proofreading? How do I know what level of editing my manuscript needs? Will an editor tell me if my manuscript sucks? Why do words make a difference? Which words do I overuse? Which words should I never use? How do I know when I'm done writing? How can I work with a cover designer and audiobook engineer? Can my local bookstore help me? Do I need beta readers? **BONUS Checklist for Authors to Fine-Tune a Manuscript before Editing Begins BUY a copy today, because you need to know these insider secrets to successfully work with an editor on your way to publishing success.**

**Flying Without a Net** Macmillan  
From executives complaining that their teams don't contribute ideas to employees giving up because their input isn't valued--company culture is the culprit. *Courageous Cultures* provides a road map to build a high-performance, high-engagement culture around sharing

ideas, solving problems, and rewarding contributions from all levels. Many leaders are convinced they have an open environment that encourages employees to speak up and are shocked when they learn that employees are holding back. Employees have ideas and want to be heard. Leadership wants to hear them. Too often, however, employees and leaders both feel that no one cares about making things better. The disconnect typically only widens over time, with both sides becoming more firmly entrenched in their viewpoints. Becoming a courageous culture means building teams of microinnovators, problem solvers, and customer advocates working together. In our world of rapid change, a courageous culture is your competitive advantage. It ensures that your company is "sticky" for both customers and employees. In *Courageous Cultures*, you'll learn practical tools that help you: Learn the difference between microinnovators, problem solvers, and customer advocates and how they work together. See how the latest research conducted by the authors confirms why organizations struggle when it comes to creating strong cultures where employees are encouraged to contribute their best thinking. Learn proven models and tools that leaders can apply throughout all levels of the organization, to reengage and motivate employees. Understand best practices from companies around the world and learn how to apply these strategies and techniques in your own organization. This book provides you with the practical tools to uncover, leverage, and scale the best ideas from every level of your organization.

**Thanks for the Feedback** National Geographic Books

Confronted by omnipresent threats of job loss and change, even the brightest among us are anxious. Packed with practical advice and inspiring stories, "Flying Without a Net" explains how to draw strength from vulnerability.

#### *The Mom Test* Penguin

Now learn from two seasoned consultants how to implement the 360° feedback process effectively--whatever the size and history of your organization. Packed with case studies and the authors' real-life consulting experiences, this book examines the successes and problems of 360° and upward feedback implementation efforts in more than 15 organizations, including Motorola, AT&T, Federal Express, Raychem, Colgate-Palmolive, and UPS. The book objectively considers such crucial components of 360° feedback as organizational culture and performance, pros and cons, the impact on the individual employee, and whether the feedback should be used for evaluative or developmental purposes. Models and tables lend a visual dimension to the book's concepts. Sample surveys and feedback reports--including the authors' own TEAM-Q survey and report set--show you what types of questions to ask and how to present feedback most effectively. If your company is considering adopting its own 360° feedback program, don't start before you read this book!

#### **Asking the Right Questions** CIPD Publishing

The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie

to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

#### **Using Student Feedback for Successful Teaching** Harvard Business Press

The Wall Street Journal bestselling author of *18 Minutes* unlocks the secrets of highly successful leaders and pinpoints the missing ingredient that makes all the difference You have the opportunity to lead: to show up with confidence, connected to others, and committed to a purpose in a way that inspires others to follow. Maybe it's in your workplace, or in your relationships, or simply in your own life. But great leadership—leadership that aligns teams, inspires action, and achieves results—is hard. And what makes it hard isn't theoretical, it's practical. It's not about knowing what to say or do. It's about whether you're willing to experience the discomfort, risk, and uncertainty of saying or doing it. In other words, the most critical challenge of leadership is emotional courage. If you are willing to feel everything, you can do anything. *Leading with Emotional Courage*, based on the author's popular blogs for Harvard Business Review, provides practical, real-world advice for building your emotional courage muscle. Each short, easy to read chapter details a distinct step in this emotional "workout," giving you grounded advice

for handling the difficult situations without sacrificing professional ground. By building the courage to say the necessary but difficult things, you become a stronger leader and leave the "should've's" behind. Theoretically, leadership is straightforward, but how many people actually lead? The gap between theory and practice is huge. Emotional courage is what bridges that gap. It's what sets great leaders apart from the rest. It gets results. It cuts through the distractions, the noise, and the politics to solve problems and get things done. This book is packed with actionable steps you can take to start building these skills now. Have the courage to speak up when others remain silent. Be stable and grounded in the face of uncertainty. Respond productively to opposition without getting distracted. Weather others' anger without shutting down or getting defensive. Leading with Emotional Courage coaches you to build your emotional courage, exercise it effectively, and create an environment in which people around you take accountability to get hard things done.

18 Minutes Write on Ink Publishing Instant Wall Street Journal Bestseller! Congratulations, you're a manager! After you pop the champagne, accept the shiny new title, and step into this thrilling next chapter of your career, the truth descends like a fog: you don't really know what you're doing. That's exactly how Julie Zhuo felt when she became a rookie manager at the age of 25. She stared at a long list of logistics-- from hiring to firing, from meeting to messaging, from planning to pitching-- and faced a thousand questions and uncertainties. How was she supposed to spin teamwork into value? How could she be a good steward of her reports' careers? What was the secret to leading

with confidence in new and unexpected situations? Now, having managed dozens of teams spanning tens to hundreds of people, Julie knows the most important lesson of all: great managers are made, not born. If you care enough to be reading this, then you care enough to be a great manager. *The Making of a Manager* is a modern field guide packed with everyday examples and transformative insights, including: \* How to tell a great manager from an average manager (illustrations included) \* When you should look past an awkward interview and hire someone anyway \* How to build trust with your reports through not being a boss \* Where to look when you lose faith and lack the answers Whether you're new to the job, a veteran leader, or looking to be promoted, this is the handbook you need to be the kind of manager you wish you had.

**Stand Out** Routledge

360-degree appraisal can provide accurate and useful insight into individual employee strengths, weaknesses and scope for development. Ward explains its advantages and offers detailed guidance on implementation.

HBR Guide for Women at Work (HBR Guide Series) Random House

Trenchantly on point and bursting with insight, anthropologist Grant McCracken shows American corporations how keeping a finger on the pulse of contemporary cultural trends can change their business practices for the better -- and ahead of the curve. Levi-Strauss, the jeans and apparel maker, missed out on the hip-hop trend. They didn't realize that those kids in baggy jeans represented a whole new -- and lucrative -- market opportunity, one they could have seen coming if they had but been paying attention to the shape of American culture. Levi Strauss isn't

alone. Too many corporations outsource their understanding of culture to trend hunters, cool watchers, marketing experts, consulting firms, and, sometimes, teenage interns. The cost to Levi-Strauss was a billion dollars. The cost to the rest of corporate America is immeasurable. The lesson? The American corporation needs a new professional. It needs a Chief Culture Officer. Grant McCracken, an anthropologist who now trains some of the world's biggest companies and consulting firms, argues that the CCO would keep a finger on the pulse of contemporary cultural trends—from sneakers to slow food to preppies—while developing a systematic understanding of the deep waves of culture in America and the world. The CCO's professionalism would allow the corporation to see coming changes, even when they only exist as the weakest of signals. Delightfully authoritative, trenchantly on point, bursting with insight and character, Chief Culture Officer is sure to expand your horizons—and your business.

**Winning Well** Rowman & Littlefield Publishers

Make your career what you want it to be. Women regularly face unfair challenges in the workplace—from being passed over for promotion to being ignored in conversation. Unconscious bias and negative assumptions are working against them. As a woman, how can you break through these barriers and get what you want from your career? The HBR Guide for Women at Work will help you identify and overcome the factors that are holding you back. It provides practical tips and advice so you can face gender stereotypes head-on, make yourself visible when opportunities arise, and demonstrate your leadership skills.

You'll learn to: Speak up in meetings in a way that ensures your ideas will be heard Wield influence by building the right relationships Advocate for yourself—and for what you want Align yourself with mentors and sponsors to support your growth Show passion without being perceived as "too emotional" Create your unique vision as a leader

**Courageous Cultures** Penguin

"Utilizing examples from Carol's decades of work, learn the flaws in the feedback trap and build conditions for employees to flourish for long-term success."--Back cover.

The Professor Is In Random House

Discover how to change the lives of the people around you In You Can Change Other People, the world's #1 executive coach, Peter Bregman, and Howie Jacobson, Ph.D., share the Four Steps to help the people around you make positive change — even if they've been stuck for years. The authors rely on over 50 years of collective professional experience to show you exactly what to say to influence those around you for the better. Changing the way you talk will stop you from being perceived as a critic, and turn you into a welcomed and effective ally. You'll learn how to: Disarm their defensiveness and increase their confidence to act Turn people's biggest problems into even bigger opportunities Ensure accountability and follow through without making them dependent on you No one wants to be changed; but change and personal growth are critical to success, and more importantly, to a fulfilled life. You Can Change Other People is a must-read for those who want to improve their impact with co-workers, family members, and everyone in between.

Demystifying Public Speaking John Catt Educational

Student writing is only as good as the feedback we give. In this remarkable book, Patty McGee shares research-based how-to's for responding to writers that you can use immediately whether you use a writing program or a workshop model. Put down the red-pen, fix-it mindset and help your writers take risks, use grammar as an element of craft, discover their writing identities, elaborate in any genre, and more. Includes lots of helpful conference language that develops tone and trust and forms for reflecting on writing.

Springer Nature

To succeed in today's hypercompetitive economy, managers must master creating a productive work environment for employees while still making numbers. Tense, overextended workplaces force managers to choose between results and relationships. Executives set aggressive goals, so managers drive their teams to deliver, resulting in burnout. Or, employees seek connection and support, so managers focus on relationships and fail to make the numbers. However, managers need to achieve both. In *Winning Well*, managers will learn how to: Stamp out the corrosive win-at-all-costs mentality. Focus on the game, not just the score. Reinforce behaviors that produce results. Sustain energy and momentum. Be the leader people want to work for. To prevent burnout and disengagement, while still achieving the necessary success for the company, managers must learn how to get their employees productive while creating an environment that makes them want to produce even more. *Winning Well* offers a quick, practical action plan for making the workplace productive, rewarding, and even fun.

The Making of a Manager Major Street

Publishing

#1 NEW YORK TIMES BESTSELLER •

Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart*! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG

Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations

ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether

you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership. [Executive Presence eBookIt.com](#)  
We're online and communicating all day, but with less and less impact. We need to build on what makes us human. Skills such as listening, socialising and storytelling have been lost in the world of digital and are needed more than ever, both personally and professionally. These soft skills give you the advantage in a changing world, allowing you freedom, flexibility and the ability to collaborate with others. *Stand Out* will get you ahead of the curve and give you the tools you need to rediscover your human skills so you can pursue your passions, achieve your goals and thrive in your career. 'Don't be left behind, this book is a must-read!' Kosta Christofi, Head of Leadership and Management Development, Reed in Partnership
