The Office of Strategic Services, the forerunner of the Central Intelligence Agency, was founded in 1942 by William 'Wild Bill' Donovan under the direction of President Roosevelt, who realized the need to improve intelligence during wartime. A rigorous recruitment process enlisted agents from both the armed services and civilians to produce operational groups specializing in different foreign areas including Italy, Norway, Yugoslavia and China. At its peak in 1944, the number of men and women working in the service totaled nearly 13,500. This intriguing story of the origins and development of the American espionage forces

covers all of the different departments involved, with a particular emphasis on the courageous teams operating in the field. The volume is illustrated with many photographs, including images from the film director John Ford who led the OSS Photographic Unit and parachuted into Burma in 1943.

"The unspoiled, wooded landscape of the Arkansas Ozarks is steeped in traditions, where legend and myth are a huge part of history. During the Civil War, when Maranda Simmons boldly retrieved her stolen horses from a Union camp, soldiers believed she was a haint. When a cast-iron stove fell off Grace Sollis's baby, she gained superhuman strength, picked up the stove to free the baby and then ran circles around the log cabin until she came to her senses. After patiently waiting years for her promised dream

house, Elise Quigley and her five children tore down their three-room shack and moved into the chicken house after Mr. Quigley left for work. Join author Cynthia Carroll, a descendant of six generations of Ozark natives, as she details the legends and lore of the Arkansas Ozarks." from the back cover

Sentinels of History was conceived of as a way to mark the turn of the millennium by the Arkansas Historic Preservation Program. This generously illustrated book contains thirty-nine essays, each of which showcases an important Arkansas site and is written by a noted authority. Also included is a location map for these sites and a full appendix providing location information, county by county, for the more than two thousand surviving properties in Arkansas (as of June 1999) that appear on the National Register. The essays are as wide-ranging as Roger Kennedy's placement of the Toltec Mounds at the time of Charlemagne, Donald Harington's sensitive look at the "bigeminal" architecture of the Wolf dogtrot cabin, and Neil Compton's egalitarian tribute to the Boxley Valley Historic District on the Buffalo National River. At least one current color photo of the site and one historic image are included with each essay. In addition, illustrations of the locations or structures listed in the appendix are scattered throughout sections. In all, *Sentinels of History* serves as a lavish inventory of historic properties in Arkansas at the end of the twentieth century.

Covering approximately 50,000 square miles, the Ozarks is an upland region that spans four states—Missouri, Oklahoma, Arkansas, and Illinois. In this beautifully illustrated, practical field guide, ecologist and botanist Thomas E. Hemmerly identifies more than 600 species of Ozark flowering plants. *Ozark Wildflowers* is the only book with full color photographs that covers all flowering plants of the Ozark region, including the Ouachita Mountains and Crowley's Ridge. Hemmerly's primary

focus is herbaceous plants, but he also includes an assortment of trees, shrubs, and woody vines with showy flowers. He conveniently organizes the species descriptions primarily by color and secondarily by the grand group—monocot or dicot—to which they belong. To further assist the reader, Hemmerly has included a glossary, an appendix of Ozark natural areas, a bibliography, and an index. In addition to serving as an identification guide, *Ozark Wildflowers* features plants in the context of their environment and the regions where they occur. Hemmerly surveys other plants and animals that form communities with wildflowers and describes the soil, water, climate, and geology that influence Ozark ecology. The author also provides valuable information regarding any medical or ethnobotanical uses of the plants discussed.

An Esquire “Best Christmas Book to Read During the Holidays” A collection of Christmas stories written by African-American journalists, activists, and writers from the late 19th century to the modern civil rights movement. Back in print for the first time in over a decade, this landmark collection features writings from well-known black writers, activists, and visionaries such as Pauline Hopkins, Langston Hughes, and John Henrik Clarke along with literary gems from rediscovered writers. Originally published in African American newspapers, periodicals, and journals between 1880 and 1953, these enchanting Christmas tales are part of the black literary tradition that flourished after the Civil War. Edited and assembled by esteemed historian Dr. Bettye Collier-Thomas, the short stories and poems in this collection reflect the Christmas

experiences of everyday African Americans and explore familial and romantic love, faith, and more serious topics such as racism, violence, poverty, and racial identity. Featuring the best stories and poems from previous editions along with new material including “The Sermon in the Cradle” by W. E. B. Du Bois, *A Treasury of African American Christmas Stories* celebrates a rich storytelling tradition and will be cherished by readers for years to come.

Petit Jean State Park was the first State Park within Oklahoma. It is a natural and historic treasure. The park boasts a wide assortment of activities and lodgings, including Mather Lodge, boating, hiking, tennis, basketball, amphitheater, etc. This park has it all going on! Petit Jean State Park is just one of the many reasons why residents love living in Beautiful Oklahoma! A welcoming stylish guest book creates the opportunity to greet and engage with every guest. When given the choice most homeowners and Real Estate Professionals prefer to know who has attended the open house. Each book contains spaces for guests' names, phone numbers, email addresses and Real Estate

Professional notes. When the homeowners ask, "Was the open house a success? How many people came through?" you can pull out this professional guest book and show them! Guest Book Girl recommends dedicating a separate book for each of your listings and to always have a few on hand for future open house events. Thank you for choosing a Guest Book Girl book for your Open House.

Tired of the same old tourist traps? Whether you're a visitor or a local looking for something different, let Arkansas Off the Beaten Path show you the Natural State you never knew existed. Saddle up for a moonlit ride at the Horseshoe Canyon Ranch in Jasper. Dig in at Eureka Springs' Gaskins Cabin Steakhouse, a cabin which belonged to one of the first settlers in the county. Dig down (for real gemstones!) at Jessieville's Coleman Crystal Mine. So if you've "been there, done that" one too many times, get off the main road and venture Off the Beaten Path.
