NEIL KADENCE

Good Night, Teddy

Harry N. Abrams

This adorable padded cloth book for baby comes with a miniature soft, pajama-clad Teddy bear that can be taken out from the bed blanket on the book's front cover. The seven bright illustrations on the book's pages show charming scenes that every toddler will recognize at play, at mealtime, at bath time, and more. Each illustration comes with a little pocket where Teddy can be inserted as part of the new picture. The tiny Teddy is attached to the book's spine with a ribbon, so he can't get lost. There is a cloth carrying handle on the book's spine and a Velcro tab to keep the book closed. The book and Teddy come packaged in a clear plastic carrying case. (Ages Infant-3)

Mortal Highway

Stanke
In the dark reaches of the universe lies a remote planet that holds both forbidden pleasures and unspeakable horrors. For three naive smugglers, it's also a place to unload a deadly cargo: an Alien egg. But something about this particular egg is scaring off the black marketeers. And when it hatches, the nightmare will have just begun.

Escape to Hell and Other Stories

Createspace Independent Publishing Platform
Hoop it up with Nickelodeon's PAW Patrol as they take to the court for Adventure Bay's big basketball game. Boys and girls ages 3 to 7 will cheer for this action-packed storybook. This Nickelodeon read-along contains audio narration.

The Cat Who Went to Heaven

Createspace Independent Publishing Platform
A group of foul-mouthed gamers embark on the most epic tabletop RPG campaign of all time when they're magically transported into their own game! Relive the magic of Crypt Shyfter over and over and over again with this special book containing the complete scripts for the entire series. And then go rewatch it on Newgrounds and complain about how much better the script is than the actual cartoon in the review section! Game on! ----- Watch Crypt Shyfter and other wacky cartoons by Kung Fu Space Barbarian on <http://kungfuspacebarbarian.newgrounds.com/>

Among Us 2

B.E.S. Publishing
"From Hello Kitty's iconic bow and pinafore to Charmmy Kitty's collar to My Melody's floppy ears to other icons of sweet joy, including ice-cream cones and strawberries, origami has never been this, well, happy. The 60 origami projects featured in this book were designed by the versatile Japanese crafter Eriko Teranishi, whose work ranges from paper folding to crochet. Use the completed projects to make greeting cards for friends, create play scenes, or decorate the table at a Hello Kitty tea party. Includes 80 sheets of origami paper printed with Hello Kitty colors and patterns."--

Hello Kitty Origami

National Geographic Books
How many video games have you played during your life? Do you think games are a form of art that should be preserved? What if we told you that there are thousands of interesting games you'll never play, all of which could be lost forever? It's true, there are many cancelled titles that are often lost to video game history. While video games may not be largely considered to be on par with paintings and statues, they are still art on their own, just like books, movies, and music, and like other works of art, video games have their own lost works. Games that were cancelled, never released, and often not even known by the general public. Unfortunately, there is no proper museum dedicated on saving them. Unseen64 is an online archive to preserve articles, screens and videos for cancelled, beta & unseen videogames. Every change and cut creates a different gaming experience: we would like to save some documents of this evolution for curiosity, historic and artistic preservation. Over the course of almost 500 pages, the 45+ writers and editors of this crowdsourced book hope to

educate the gaming world on the history of video games as an ephemeral art form, by showcasing more than 200 lost games that could have been forgotten. Starting from early '90s PC titles, to 8-bit games for the NES and Sega Master System, and all the way through to the 7th generation of consoles with PS3, X360 and Wii, there are many unseen games that you will discover in this book. Also included are essays about the preservation of cancelled games, how to research for these unseen titles, and 20 interviews with museums and developers who worked on lost games. In this book there's plenty of examples of what gaming history is losing every day. Hopefully, by reading this book, more gamers, developers, youtubers, gaming journalists and historians can look back at what could have been and as a result raise awareness on the preservation of lost games: to see the hidden stories that played a part in leading gaming culture to where it is now. This is the black / white version of the book, the content is identical to the full-color version, the only difference is the cover and the interior color. Before to read this book, please keep in mind that: - The lost games featured in this book are just a small sample of all the titles we will never play. It would be impossible to list them all in just one book. - We are a collective of gamers from all around the world. - This book is fully in English, but most articles were written by Italians and people from other non-English countries. Each article was proofread by English native speakers, but there could still be typos and random english. - This book was made with love and sleep deprivation.

Cats and Sugar Bowls

Made in Colors Publishers
Children are always losing their favourite stuffed toy, and this book offers a fun, interactive way of finding it. Hide Bunny in a different place each time, and enjoy the repeated fun.

All-Star Pups! (PAW Patrol)

BooksMango
A beautiful collection of sweet and provocative yuri romances! Want a little spice with your sugar? Cats and Sugar Bowls delivers with nine bite-sized stories about love between women. Rena and Sanae are like a pair of naughty kitties who act far more innocent than they really are. Touka, while looking for a lover willing to indulge her more extreme BDSM fantasies, runs into her boss at a bondage club. All these delights and more await!

Aliens: Kidnapped

Nickelodeon
A cat looks on as her master, a poor Japanese artist, works on a painting commissioned by a high priest. The artist must paint all the animals blessed by Buddha except cats, which have been excluded from paradise. Despite the risk, the compassionate artist decides to include a cat in his painting and is rewarded. Text copyright 2004 Lectorum Publications, Inc.

Simon and Schuster

Remember Agar.io? Slither.io is, in spirit at least, its sequel. It mixes the old Snake concept with a new multiplayer gameplay. Grow by eating little circles or by eating bigger or smaller snakes.

Video Games You Will Never Play

In the present texts, aside from the views as a revolutionary and a prophet, we discover Quaddafi as a writer and an essayist.
