The Address Book e-
artnow

A comprehensive guide to the speculative sub-genre of alternate history fiction, this book maps the unique terrain of this vibrant mode of storytelling and then explains how to write it. First giving a concise

conceptual overview and the critical tools to differentiate the different forms of counterfactual fiction, Jack Dann lays out the 'tricks of the trade' such 'Heinleining', how to create recognizable 'divergent points' and how to employ paratextual elements and 'layering' to overcome readers' unfamiliarity with invented counterfactual events and cultures.

Alongside this, Dann takes you step-by-step through a complete short story to demonstrate, line-by-line, how alternative history fiction works. As well as Dann's exacting methodology for writing professional quality alternate history stories, this book also features a live-on-the-page Q&A with some of the most esteemed alternate history writers working

today, including Kim Stanley Robinson, John Birmingham and Lisa Goldstein among many others, who will detail their own particular hacks, theories, processes, methods and strategies. Combining extensive and deep knowledge of the field with accessible writing advice, this is the ultimate guidebook to the broad and complex sub-genre of counterfactual and alterative history fiction.  Being haunted isn't
 always a bad thing... as
 long as you can survive it.
 Jacynda Johnson is trying
 to start over again. After a
 traumatic break-up with
 her rocker boyfriend,
 which devastated her,
 things seem to finally be
 looking up. Being

promoted to the managing position at the upscale salon she works at, she is finally able to move out of the apartment she shared with him and away from the bad memories, as well as the good ones that she still longs for. She is determined to erase him from her life and make new memories—better memories—without him. As luck would have it, she comes across a small house in one of the historic neighborhoods in Knoxville, TN that seems perfect for her; it's close

to her work, within her budget, and having been empty for a while, it's like it was just waiting for her to buy it. Little did she know, it was.

Dramatic impersonations accompanied by informed discussions are becoming increasingly popular methods of educating visitors to museums and historical sites. This is the first book to provide step-by-step instructions for how to conceive, plan, publicize, present, and pay for such historical

presentations.

Monthly Record ...

Rowman & Littlefield

In September 1952, John Lukacs, then a young and unknown historian, wrote George Kennan (1904-2005), the U.S. ambassador to the Soviet Union, asking one of the nation's best-known diplomats what he thought of Lukacs's own views on Kennan's widely debated idea of containing rather than militarily confronting the Soviet Union. A month later, to Lukacs's surprise, he received a personal

reply from Kennan. So began an exchange of letters that would continue for more than fifty years. Lukacs would go on to become one of America's most distinguished and prolific diplomatic historians, while Kennan, who would retire from public life to begin a new career as Pulitzer Prize-winning author, would become revered as the man whose strategy of containment led to a peaceful end to the Cold War. Their letters, collected here for the first time, capture the

writing and thinking of two of the country's most important voices on America's role and place in world affairs. From the division of Europe into East and West after World War II to its unification as the Soviet Union disintegrated, and from the war in Vietnam to the threat of nuclear annihilation and the fate of democracy in America and the world, this book provides an insider's tour of the issues and pivotal events that defined the Cold War. The correspondence also

charts the growth and development of an intellectual and personal friendship that was intense, devoted, and honest. As Kennan later wrote Lukacs in letter, "perceptive, understanding, and constructive criticism is . . . as I see it, in itself a form of creative philosophical thought." It is a belief to which both men subscribed and that they both practiced. Presented with an introduction by Lukacs, the letters in *Through the History of the Cold War* reveal new

dimensions to Kennan's thinking about America and its future, and illuminate the political—and spiritual—philosophies that the two authors shared as they wrote about a world transformed by war and by the clash of ideologies that defined the twentieth century.

My Online Privacy for Seniors is an exceptionally easy and complete guide to

protecting your privacy while you take advantage of the extraordinary resources available to you through the Internet and your mobile devices. It approaches every topic from a senior's point of view, using meaningful examples, step-by-step tasks, large text, close-up screen shots, and a custom full-color interior designed for comfortable reading. Top beginning technology author Jason R. Rich covers all you need to know to: Safely surf the Internet (and gain some control over the ads

you're shown) Protect yourself when working with emails Securely handle online banking and shopping Stay safe on social media, and when sharing photos online Safely store data, documents, and files in the cloud Secure your entertainment options Customize security on your smartphone, tablet, PC, or Mac Work with smart appliances and home security tools Protect your children and grandchildren online Take the right steps immediately if you're

victimized by cybercrime, identity theft, or an online scam You don't have to avoid today's amazing digital world: you can enrich your life, deepen your connections, and still keep yourself safe. History of Kalamazoo County, Michigan Rowman & Littlefield These two memoirs provide windows into the Sumatran past, in particular, and the early 20th-century history of south-east Asia, in general. In reconstructing their own passage into adulthood, the writers tell

the story of their country's turbulent journey to independence. *Bible Society Record* Bloomsbury Publishing Oral memoirs of a cross section of American women of African descent, born within approximately 15 years before and after the turn of the century. *Historical Encyclopedia of Illinois* Princeton University Press Finalist for the 2020 Kirkus Prize for Nonfiction | One of Time Magazine's 100 Must-Read Books of 2020 | Longlisted for the

2020 Porchlight Business Book Awards "An entertaining quest to trace the origins and implications of the names of the roads on which we reside." —Sarah Vowell, The New York Times Book Review When most people think about street addresses, if they think of them at all, it is in their capacity to ensure that the postman can deliver mail or a traveler won't get lost. But street addresses were not invented to help you find your way; they were created to find you. In

many parts of the world, your address can reveal your race and class. In this wide-ranging and remarkable book, Deirdre Mask looks at the fate of streets named after Martin Luther King Jr., the wayfinding means of ancient Romans, and how Nazis haunt the streets of modern Germany. The flipside of having an address is not having one, and we also see what that means for millions of people today, including those who live in the slums of Kolkata and on the streets of London.

Filled with fascinating people and histories, The Address Book illuminates the complex and sometimes hidden stories behind street names and their power to name, to hide, to decide who counts, who doesn't—and why.

 Fredrica Harris
 Thompsett, a scholar of
 the English Reformation,
 introduces us to the role
 that history has played in
 creating and shaping the
 Episcopal Church as we
 know it today. In giving us

the broad lessons of Anglican history, she explores in detail both the historian's task and Anglicanism's distinctive history, from its roots in Scripture and the English language Bible and prayerbook to its seventeenth century flowering in poetry and prose and the different forms it has assumed in the American landscape from the time of the Revolution right through to the late 20th century. Thompsett begins by discussing the relationship between

history, tradition, and change, and goes on to outline ten key "touchstones" or milestones in Christian history that are of particular interest to Anglicans. Since it is the historian's task to write the "unwritten" as well as the official story of the church, chapter three is a history of ministry in the church, especially of lay ministry. Chapter four looks at three ways that Anglicans have handled conflict and controversy throughout its history, concentrating on the

Elizabethan Settlement, the American Civil War, and the impact of Darwin and the new science. Chapter five discusses how theological insight can be "recycled" to shed new light on the problems of today, focusing on Anglican theology of creation and how it helps us address ecology as a spiritual crisis. Finally, chapter six focuses on how a living historical tradition affects the life and mission of the church today, and how we are a part of that history. [The Parliamentary History](#)

 History** Routledge

The story of German
 philosophy from the
 Middle Ages to today This
 concise but
 comprehensive book
 provides an original
 history of German-
 language philosophy from
 the Middle Ages to today.
 In an accessible narrative
 that explains complex
 ideas in clear language,
 Vittorio Hösle traces the
 evolution of German

philosophy and describes
 its central influence on
 other aspects of German
 culture, including
 literature, politics, and
 science. Starting with the
 medieval mystic Meister
 Eckhart, the book
 addresses the
 philosophical changes
 brought about by Luther's
 Reformation, and then
 presents a detailed
 account of the classical
 age of German
 philosophy, including the
 work of Leibniz and Kant;
 the rise of a new form of
 humanities in Lessing,
 Hamann, Herder, and

Schiller; the early
 Romantics; and the
 Idealists Fichte, Schelling,
 and Hegel. The following
 chapters investigate the
 collapse of the German
 synthesis in
 Schopenhauer,
 Feuerbach, Marx, and
 Nietzsche. Turning to the
 twentieth century, the
 book explores the rise of
 analytical philosophy in
 Frege and the Vienna and
 Berlin circles; the
 foundation of the
 historical sciences in Neo-
 Kantianism and Dilthey;
 Husserl's phenomenology
 and its radical alteration

by Heidegger; the Nazi philosophers Gehlen and Schmitt; and the main West German philosophers, including Gadamer, Jonas, and those of the two Frankfurt schools. Arguing that there was a distinctive German philosophical tradition from the mid-eighteenth century to the mid-twentieth century, the book closes by examining why that tradition largely ended in the decades after World War II. A philosophical history remarkable for its scope, brevity, and

lucidity, this is an invaluable book for students of philosophy and anyone interested in German intellectual and cultural history.

Transactions of the Illinois State Historical Society for the Year ... Xlibris Corporation

A practical and engaging guide to the art of teaching history Well-

grounded in scholarly literature and practical experience, Teaching History offers an instructors' guide for developing and teaching classroom history. Written in the author's engaging (and often humorous) style, the book discusses the challenges teachers encounter, explores effective teaching strategies, and offers insight for managing burgeoning technologies. William Caferro presents an assessment of the current debates on the study of history in a broad

historical context and evaluates the changing role of the discipline in our increasingly globalized world. Teaching History reveals that the valuable skills of teaching are highly transferable. It stresses the importance of careful organization as well as the advantages of combining research agendas with teaching agendas. Inspired by the Scholarship of Teaching and Learning movement, the book encourages careful reflection on teaching methods and

stresses the importance of applying various approaches to promote active learning. Drawing on the author's experience as an instructor at the high school and university levels, Teaching History: Contains an authoritative and humorous look at the profession and the strategies and techniques of teaching history Incorporates a review of the current teaching practice in terms of previous methods, examining nineteenth and twentieth century debates

and strategies Includes a discussion of the use of technology in the history classroom, from the advent of course management (Blackboard) systems to today's digital resources Covers techniques for teaching the history of any nation not only American history Written for graduate and undergraduate students of history teaching and methods, historiography, history skills, and education, Teaching History is a comprehensive book that

explores the strategies, challenges, and changes that have occurred in the profession.
