 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

 INSTANT NEW YORK TIMES BESTSELLER From the host of Tucker Carlson Tonight on Fox News and the New York Times bestselling author of *Ship of Fools*, a collection of nostalgic writings that underscore America's long slide from innocence to orthodoxy. Thirty years ago, Tucker Carlson got his first job out of college

fact checking for a quarterly magazine, and he went on to write for many other publications before becoming the primetime Fox News host he is today. In *The Long Slide*, Tucker delivers a few of his favorite pieces—annotated with new commentary and insight—to memorialize the tolerance and diversity of thought that the media used to celebrate instead of punish. In snapshots spanning the 1990s to today, he'll take you on a visit to Africa with Al Sharpton and members of the Nation of Islam to stop the civil war in Liberia in 2003, inside the (not-so-) secret armies of Operation Iraqi Freedom, and on the campaign trail with Donald Trump in 2016. In case you missed it the first time around, you'll also learn about the aesthetic merits of British colonialism, the second shift at a baked bean factory, the unexpected charm of James Carville, and the simple beauty of rural western Maine. With his signature wit and 20/20 hindsight, Tucker investigates in this patriotic and memorable collection a question on all of our minds: Has America really changed that much in recent decades? The answer is, unequivocally, yes.

 A biography of Thomas Sowell, one of America's most influential conservative thinkers Thomas Sowell is one of the great social theorists of our age. In a career spanning more than a half

century, he has written over thirty books, covering topics from economic history and social inequality to political theory, race, and culture. His bold and unsentimental assaults on liberal orthodoxy have endeared him to many readers but have also enraged fellow intellectuals, the civil-rights establishment, and much of the mainstream media. The result has been a lack of acknowledgment of his scholarship among critics who prioritize political correctness. In the first-ever biography of Sowell, Jason Riley gives this iconic thinker his due and responds to the detractors. *Maverick* showcases Sowell's most significant writings and traces the life events that shaped his ideas and resulted in a Black orphan from the Jim Crow South becoming one of our foremost public intellectuals.

The definitive, shocking account of the FIFA scandal—the biggest corruption case of recent years—involving dozens of countries and implicating nearly every aspect of the world's most popular sport, soccer, including the World Cup is “an engrossing and jaw-dropping tale of international intrigue...A riveting book” (The New York Times). The FIFA case began small, boosted by an IRS agent's review of an American soccer official's tax returns. But that humble investigation eventually led to a huge worldwide corruption scandal that crossed continents and reached the highest levels of the soccer's world governing body in Switzerland. “The meeting of American investigative reporting and real-life cop show” (The Financial Times), Ken Bensinger's *Red Card* explores the case, and the personalities behind it, in vivid detail. There's Chuck Blazer, a high-living soccer dad who ascended to the highest ranks of the sport while creaming millions from its coffers; Jack Warner, a Trinidadian soccer official whose lust for power was matched only by his boundless greed; and the sport's most powerful man, FIFA president Sepp Blatter, who held on to his position at any cost even as soccer rotted from the inside out. Remarkably, this corruption existed for decades before American law enforcement officials began to secretly dig, finally revealing that nearly every aspect of the planet's favorite sport was corrupted by bribes, kickbacks, fraud, and money laundering. Not even the World Cup, the most-watched sporting event in history, was safe from the thick web of corruption, as powerful FIFA officials extracted their bribes at every turn. “A gripping white-collar crime thriller that, in its scope and human drama, ranks with some of the best investigative business books of the past thirty years” (The Wall Street Journal), *Red Card* goes beyond the headlines to bring the real story to light.

"This is a colorful crash course in Filipino cooking, with everything from classic chicken adobo to modern twists like squash and long bean risotto. [Marvin] creates a book that he hopes will spark a new and lasting interest in Filipino food and culture."—Food Network blog In *The Adobo Road Cookbook*, Marvin Gapultos, a food blogger-turned-gourmet food trucker, brings the exotic—yet easy to make—flavors of the Philippines into your home with this beautiful *Filipino Cookbook*. With a distinct lack of Filipino restaurants to be found, the road to great Filipino food begins and ends at home. In his debut cookbook, Marvin demonstrates that Filipino cuisine can be prepared in any kitchen—from Manila to Los Angeles and everywhere in-between. Marvin interprets traditional Filipino flavors with equal parts kitchen savvy and street smarts—providing easy-to-follow, tried-and-true recipes that serve as a guide to the pleasures of Filipino cooking. The nearly 100 recipes in these pages pave a culinary road trip that transports home cooks to the roadside food stalls, bars and home kitchens of the Philippines, to the hungry streets of L.A., and even into the kitchens of Marvin's grandmother, mother and aunts. A

highly personal take on traditional Filipino cooking, *The Adobo Road Cookbook* boasts a tantalizing mix of native Filipino flavors, as well as influences from Spain, Mexico, China, and the U.S. From chapters featuring surefire entertaining foods like Filipino bar food, street food and cocktails to a complete section of adobo recipes, both traditional and with a twist, the recipes found in *The Adobo Road Cookbook* express Marvin's unique approach to cooking. All of his recipes emphasize their authentic Filipino roots, taking advantage of traditional island flavors for which the Philippines is rightly renowned. Original Filipino recipes include: Slow-Braised Pork Belly and Pineapple Adobo Spicy Sizzling Pork (Sisig) Salmon and Miso Sour Soup (Sinigang) Chili Crab Spring Rolls (Lumpia) Coconut Milk Risotto with Kabocha Squash and Long Beans Chicken Adobo Pot Pies Sweet Corn and Coconut Milk Panna Cotta Spicy Sizzling Pork Gin Fizz Tropical Banana-Nut Spring Rolls

The behind-the-scenes story of America's most famous underground restaurant, featuring more than eighty-eight deceptively simple and unbelievably delicious pan-Asian recipes and dozens of luscious full color photos. In 2008, as the American economy cratered, newly unemployed Nguyen Tran and his newly unemployed wife-to-be, Thi, opened an off-the-grid eatery in their small Los Angeles studio apartment. Word of their fabulous food quickly spread, turning their culinary "speakeasy," *Starry Kitchen*, into an underground sensation—and the #1 Asian fusion restaurant in L.A. on Yelp. Threatened by the city's health inspector, Nguyen and Thi transformed *Starry Kitchen* into an acclaimed and wildly popular pop-up restaurant in a downtown sushi joint. But their success was only beginning. As their clientele exploded, thanks to raves in the *Los Angeles Times*, Nguyen and Thi moved to a bigger space of their own in Chinatown, where they helped make the neighborhood the epicenter of L.A.'s burgeoning food scene. *Adventures in Starry Kitchen* chronicles *Starry Kitchen's* DIY evolution—"this beautiful accident gone right"—the mayhem, mishaps, misdemeanors, milestones, and amazing meals that have contributed to (and nearly derailed) its success. As they tell their story, the Trans share more than eighty-eight easy-to-follow pan-Asian recipes—mouthwatering and flavorful comfort cuisine, including Claypot Striped Bass, Buttermilk Beer Beignets, Singaporean Chili Crab, Double-Fried Chicken Wings and, of course, *Starry Kitchen's* trademark Crispy Tofu Balls. Whether you're cooking for two, four, or sixty, *Adventures in Starry Kitchen* demonstrates you don't have to be a desperately hip (or even trained) chef to master sensational modern food that will amaze and delight.

what comes next for the factions and families within the Republican Party as they plot for supremacy in the post-Trump era. With Trump's four years in the White House now in the rearview, an unprecedented period in American political history is concluded. The transition, however, has set off a mad scramble for control of a Republican Party that for so long has reflected the domineering image of one man—and might even still in the years ahead. Who emerges from the warring factions and familial rivalries that proliferated and quietly festered during Trump's presidency could determine the fate of the GOP for a generation, and the first hint of what's to come begins with the 2024 campaign to crown the first Republican nominee, and national party leader, of the post-Trump era. With Trump's exit, a singular era in American political history has ended—and the Republican Party, whose identity had for so long been centered around one man, will be forced to redefine itself for the future. Featuring profiles of everyone from Mike Pence, Mike Pompeo, and Nikki Haley to Marco Rubio, Ted Cruz, and those in the Trump family, *In Trump's Shadow* tells the story of a GOP under—and after—the forty-fifth president, and all of those jousting for influence over the party's direction in the wake of Donald Trump.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Casper, Wyoming: 1973. Eleven-year-old Amy Burrige rides with her eighteen-year-old sister, Becky, to the grocery store. When they finish their shopping, Becky's car gets a flat tire. Two men politely offer them a ride home. But they were anything but Good Samaritans. The girls would suffer unspeakable crimes at the hands of these men before being thrown from a bridge into the North Platte River. One miraculously survived. The other did not. Years later, author and journalist Ron Franscell—who lived in Casper at the time of the crime, and was a friend to Amy and Becky—can't forget Wyoming's most shocking story of abduction, rape, and murder. Neither could Becky, the surviving sister. The two men who violated her and Amy were sentenced to life in prison, but the demons of her past kept haunting Becky...until she met her fate years later at the same bridge where she'd lost her sister.

California's response to COVID-19 has been the worst in America, with incomparable economic destruction, loss of life, and violations of democratic norms. In this devastating critique, California Legislator Kevin Kiley traces these tragic outcomes to

the self-interested and lawless actions of Governor Gavin Newsom, who expressly set out to use the virus as an "opportunity" for a "new progressive era." Kiley successfully prosecuted the legal case against Newsom, winning a judgment from a California Superior Court that the Governor abused his emergency powers and violated the Constitution. Now, using the same engaging and evidence-rich style that has attracted millions to his Capitol Quagmire blog, Kiley offers an alarming inside-the-Capitol account of how Newsom seized absolute power more to hype his presidential ambitions than to protect the California public. This urgently needed book makes the case for not only the removal of the most corrupt Governor in America, but the revival of liberty and self-government in the Golden State: a new politics of sanity and decency to save the California Dream before it's too late. About The Author: Kevin Kiley was reelected to the State Assembly with the highest vote total for a Republican in California history. A graduate of Harvard and Yale Law School and former high school teacher in South Central Los Angeles, he is the only 100 percent citizen-backed California Legislator, refusing all funding from the Special Interests that spent millions electing Gavin Newsom.

Want to know the "secret" to dieting? It's not to diet, but instead change your way of looking at food. When I entered the convent, I was eighteen, heavyset, and lacking self-confidence. I planned to stay forever, living an idealistic life devoted to God. Perhaps deep down I was looking for one solution to all of life's decisions and ambiguities while forging ahead despite parental disapproval. But the years I spent in the convent transformed me in many ways. Without "dieting" at all, I practiced time-tested weight management principles because that's just part of convent life. Dinner was a predetermined portion of a predetermined food. The only thing that kept me from being ravenously hungry was dessert. Eventually I left the convent—and fifty pounds—behind. I have never regained those pounds, because my life changed. The "Convent Diet" really isn't a diet at all. It is a way of looking at food and dealing with life. Food becomes a friend instead of an enemy. Negative diets, full of "do nots" and "should nots" may work for a short time, but they cannot last a lifetime. The Convent Diet works for everyone because it's about creating your own personal diet. The key to losing weight and keeping it off is to make your eating plan your own. The Convent Diet is neither trendy nor a magic bullet, and for most it takes some trial and error, but it works! Even now, fifty years later, I still eat dessert every day. However, there are three musts for success with The Convent Diet: Determination: to create good habits and to establish and practice a routine Tenacity: to stick with it and start again, as many times as is necessary Ability to face stress: to stare down "the elephant in the room" created by our times I call my tips the "Seven Holy Habits": visualization, always eat dessert, don't count calories (but calories count), it's okay to be a couch potato, don't diet while eating out, forget "fake" food, and take time for yourself. It worked for me. It will work for you too.

A reign of violence and intimidation, including arson, bombings, rape, assault and even murder has been unleashed against environmental activists and government employees by proponents of the so-called "Wise Use" movement. *The War Against the Greens* rips the veneer of legitimacy off this right-wing backlash that stretches from armed Militias to the halls of Congress, exposing the public lands corporations, political

operatives and fringe groups who have set out to destroy America's environmental protections by any means necessary. In this updated edition, Helvarg revealed how the petroleum-heavy George W. Bush administration helped expand the backlash, bringing the same individuals and industries into alliance with big oil and the Republican Party, ending an era of bipartisan progress. This is a must-read for anyone wanting to understand the history behind the science denial, corruption, and public lands debacles that mark the Trump era.
