The Handbook for Catholic Moms, Lisa M. Hendey's eminently practical and award-winning resource, has helped new parents balance and integrate the deeply personal needs of their hearts, minds, bodies, and souls with the demands of family life and faith commitment. Since the first edition was published in 2010, it's become an indispensable resource for two generations of Catholic moms, offering a unique perspective on all aspects of life and honest advice from fellow moms on topics ranging from marriage and finances to stress management and parish life. The Handbook for Catholic Moms is not a typical parenting book: It doesn't offer tips for calming a fussy baby or dealing with adolescent angst. In caring for yourself—heart, mind, body, and soul—you can better love and care for your family, community, and Church, according to Lisa M. Hendey, founder of CatholicMom.com and bestselling author of *The Book of Saints for Catholic Moms* and *The Grace of Yes*. Hendey provides her

personal stories and observations on a number of topics, including: stress reduction and sleep nurturing your marriage engaging in Mass as a family modeling lifelong learning to your children balancing your career with your vocation as a mother Each chapter includes relevant scripture references, quotations from saints or noted Catholic figures, commentary and perspectives from other Catholic writers, and checklists of suggested steps moms can take in bringing better balance and integration to their lives.

To build for the future, we must learn from the past. With an engaging and personal style, Fr. Bob Hater considers both the future and the past in this one-of-a-kind bridge building book about catechesis in America. Discover Fr. Hater's entirely new concept for catechesis -- a Common Sense approach. It takes into account the historical framework over the course of the 20th century and overlays key concepts to give catechetical leaders and catechists, usually volunteers, what they need to succeed today. Common Sense Catechesis requires two main things of the catechist: 1. Knowing the basic teachings to be taught, and 2. Devising ways to present them clearly and effectively At the same time, Fr. Hater acknowledges the elements of each catechetical approach along the way... The memorization approach of the early 20th century, and the use of the Baltimore Catechism The chaotic approach of the late 60s and 70s, and the effects of Vatican II The experiential approach of the 80s and 90s, including the Rite of Christian Initiation of Adults The systematic approach from the 90s to today, and the influence of the Catechism of the Catholic Church Let Fr. Hater's common sense approach bring energy and life to your catechetical ministry, ensuring that Christ is at the center of it all. Now that makes sense!

Recent popes have challenged all Catholics to ; participate in the New Evangelization. But most Catholics feel ill-equipped to take up the challenge. Terry Barber, founder of St. Joseph Communications, has written a practical guide that takes much of the pain and uncertainty out of sharing one's faith. Based on Barber's decades of personal experience as an effective evangelist and masterful communicator, and drawing on the perceptions, examples, and lessons of other great evangelists and apologists, *How to Share Your Faith with Anyone* informs, entertains, and inspires would-be, as well as, seasoned evangelists and teachers. Barber uses clear examples and insightful stories to explain such topics as: What evangelization is Why Catholics often don't evangelize Preparing to be an evangelist The eight laws of effectively sharing the faith with anyone Jesus the perfect Evangelizer The heart of evangelization How to share your personal testimony Barber explains how to bring people to Christ and to his Church without compromise or conflict. This is a superb, easy-to-follow playbook for the New Evangelization.

Advent and Christmas Saint Mary's Press

Following the success of their bestselling devotional *Lent: One Day at a Time for Catholic Teens*, youth ministry experts Katie Prejean McGrady and Tommy McGrady offer devotions for Advent and Christmas that help teens make sense of the things that matter most in their lives such as relationships, their future, and coping with stress. Realistic and easy to use, each daily devotion

starts with a brief Bible quote that connects with a topic important to teens such as insecurity, pressure, trust, fitting in, finding hope, and choosing joy. A brief reflection helps teens consider the day's topic through their faith. The McGrady's sometimes offer comfort, hope, or reasons for joy in these reflections, while on other days they issue a challenge or two. Unlike many other seasonal prayer books, each day offers exercises and activities such as naming areas of teen's lives where they want to be more hopeful or to trust God more. The result is a closer relationship with God. Each single-page, weekday devotion can be as brief as five minutes or as long as thirty if a teen chooses to do a bit extra with a feature called "Feel Ambitious?" This activity invites them to read, reflect, and respond to a longer scripture passage that connects to the day's theme. Saturdays and Sundays offer additional challenges to reflect on the previous week and to look ahead to the next.

A celebration of the treasured traditions, rituals, and stories that run through the bloodstream of American Catholics For Andrew Greeley, it is the reverence of Christmas night and the exultation of Easter morn. Martin Scorsese, like many others, remains grateful for the nuns who rapped his knuckles but built his self-esteem. Mary Gordon recalls the sense of lightness that follows confession; Vince Lombardi, the strength he derived from Mass; and Christopher Buckley, the role St. Thomas More plays in his writing. *I Like Being Catholic* brings together the memories, thought, and hopes of famous Catholics and ordinary parishioners, lapsed and "good-enough" Catholics, and those who have devoted their lives to the faith. It captures their abiding ties to and deep affection for the Church and offers the wide-ranging, sometimes surprising views on the good things that come with being Catholic. This is not a book of theology. It is about the beauty at the heart of Catholicism. It is about what Teilhard de Chardin called "the chosen part of things." It is about family and community, the value of Catholic education, the significance of sacraments and milestones, and the cultural impact of Catholicism—there are lists of the ten best Catholic novels, the ten best Catholic movies, ten Catholic heroes of the twentieth century, ten good reasons to raise your kids Catholic, fifty things Catholics like best about being Catholic, and much more ... *I Like Being Catholic* is a book for all those who have ever called themselves Catholic. It is a book of warmth, affection, humor, and love.

Assemblies recognize the difference between a lector who simply reads and one who truly proclaims the Word of God. They perk up and take special notice when they sense that the lector has worked to get inside the text, to express the meaning authentically, and to draw them into the story. Like the rosary itself, the influence of Catholicism on the social and historical development of the American West has been both visible and hidden: visible in the effects of personal conviction on lives and communities; hidden in that the fuller context of this important American religious group has been largely

marginalized or undervalued in traditional historiographic treatments of the region. This volume, an outgrowth of the 2004 Walter Prescott Webb Memorial Lectures, seeks to redress this imbalance. Editors Roberto R. Treviño and Richard Francaviglia have assembled here a variety of scholarly voices to present, according to the preface, "little-known stories about a religion whose traditions and adherents had until recently remained largely at the periphery of U.S. history narratives." The result is a work that offers at once a fuller portrait of the Catholic experience in and impact on the American West, and also tantalizing glimpses that are highly suggestive of fruitful areas for further study. The contributors to *Catholicism in the American West* bring to light the variety, the hardships, and, ultimately, some of the triumphs of Catholicism in the American West. These studies are fine examples of the scholarship currently "reshaping how historians understand the role of Catholicism both in the development of the West and in the broader history of the nation."
