[This Is Not a T-Shirt](#) Peter Lang

This Companion provides a comprehensive introduction to key topics in the study of ancient history. Examines the forms of evidence, problems, approaches, and major themes in the study of ancient history. Comprises more than 40 essays, written by leading international scholars. Moves beyond the primary focus on Greece and Rome with coverage of the various cultures within the ancient Mediterranean. Draws on the latest

research in the field. Provides an essential resource for any student of ancient history.

Screen Savers II is John DiLeo's three-part grab bag of classic movies, beginning with his extensive essays about ten remarkable and underappreciated movies, as in the first Screen Savers, and representing a variety of genres and stars such as Barbara Stanwyck, James Stewart, Ginger Rogers, and DiLeo favorite Joel McCrea. Part Two collects and categorizes posts from DiLeo's classic-film blog screensaversmovies.com,

containing his musings on classics revisited, sleepers and stinkers, films old and new, plus his memorial tributes to Hollywood notables. Part Three might be called a delayed bonus round to DiLeo's 1999 quiz book, with all-new matching quizzes. Can you identify the films in which a character writes a book titled Hummingbird Hill; Fred Astaire dances with Betty Hutton; a character named Sean Regan is important but never seen?

REFLECTIONS OF A "B"- MOVIE JUNKIE McFarland

Stars and Silhouettes: The History of the Cameo Role in Hollywood traces the history of the cameo as it emerged in twentieth-century cinema. Although the cameo has existed in film culture for over a century, Joceline Andersen

explains that this role cannot be strictly defined because it exists as a constellation of interactions between duration and recognition, dependent on who is watching and when. Even audiences of the twenty-first century who are inundated by the lives of movie stars and habituated to images of their personal friends on screens continue to find cameos surprising and engaging. Cameos reveal the links between our obsession with celebrity and our desire to participate in the powerful cultural industries within contemporary society. Chapter 1 begins with the cameo's precedents in visual culture and the portrait in particular—from the Vitagraph executives in the 1910s to the emergence of actors as movie stars shortly after. Chapter 2 explores the fan-

centric desire for behind-the-scenes visions of Hollywood that accounted for the success of cameo-laden, Hollywood-set films that autocratic studios used to make their glamorous line-up of stars as visible as possible. Chapter 3 traces the development of the cameo in comedy, where cameos began to show not only glimpses of celebrities at their best but also of celebrities at their worst. Chapter 4 examines how the television guest spot became an important way for stars and studios to market both their films and stars from other media in trades that reflected an increasingly integrated mediascape. In Chapter 5, Andersen examines auteur cameos and the cameo as a sign of authorship. Director cameos reaffirm the fan's interest in the film not just as a stage for actors but as a forum

for the visibility of the director. Cameos create a participatory space for viewers, where recognizing those singled out among extras and small roles allows fans to demonstrate their knowledge. Stars and Silhouettes belongs on the shelf of every scholar, student, and reader interested in film history and star studies.

American Film History McFarland LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. Since the beginning of television, Westerns have been playing on the small screen. From the mid-1950s until the early 1960s, they were one of TV's most popular genres, with millions of viewers tuning in to such popular shows as *Rawhide*, *Gunsmoke*, and Disney's *Davy Crockett*. Though the cultural revolution of the later 1960s contributed to the demise of traditional Western programs, the Western never actually disappeared from TV. Instead, it took on new forms, such as the highly popular *Lonesome Dove* and *Deadwood*, while exploring the lives of characters who never before had a starring role, including anti-heroes, mountain men, farmers, Native and African Americans, Latinos, and women. *Shooting Stars of*

the Small Screen is a comprehensive encyclopedia of more than 450 actors who received star billing or played a recurring character role in a TV Western series or a made-for-TV Western movie or miniseries from the late 1940s up to 2008. Douglas Brode covers the highlights of each actor's career, including Western movie work, if significant, to give a full sense of the actor's screen persona(s). Within the entries are discussions of scores of popular Western TV shows that explore how these programs both reflected and impacted the social world in which they aired. Brode opens the encyclopedia with a fascinating history of the TV Western that traces its roots in B Western movies, while also showing how TV Westerns developed their own unique

storytelling conventions.

Screen World, 1966 MCD

This guide to film portrayals of U.S. armed services lists more than 1,000 features produced in the United States since 1898. It also includes movies that received military assistance, documentaries, foreign films depicting American servicemen, and movies made for television. Each feature film entry contains credit information, a list of major cast members, year of production, service represented, and a summary.

Traces of Indiana and Midwestern History Taylor & Francis

"Reflections Of A 'B' Movie Junkie" is a tribute to the old "B" Movies of the Saturday Matinees of yesteryear. Actually, it is more of a homage to them, or at least (6) genres of those film types,

that were so prevalent back in primarily the '40's and '50's. Their research and discussion, however, in some instances, dates all the way back to the beginning of the "talkies" of motion picture content, and can extend in the other direction, into the early '70s. These (6) genres include the popular "B"-Western, The Comedy Teams, The Jungle Adventures, Sci-Fi & Fantasy, Horror and the Serial, or Chapter Plays, so popular with the week-end Matinee crowds back then. These film-types filled up our Saturday afternoons (and evenings) with exciting adventure, curious wonder, spine-tingling horror, and non-stop action. Often filmed on a shoe-string budget, and in a limited time-frame, many of these "classics" came to be looked upon by many fans as being so

truly bad, that they were good, (in a bad sort of way) ! They are thus categorized, reviewed and discussed, for the most part, in a lovingly personal style, especially when compared to the film types we are subjected to in today's market. They had their place in film history, and that time is long since gone. But, for some of us, they have never been equaled, which, for others, may indeed be a good thing.

Stars and Stripes on Screen Biblo & Tannen Publishers

This book traces the journey of popular Hindi cinema from 1913 to contemporary times when Bollywood has evolved as a part of India's cultural diplomacy. Avoiding a linear, developmental narrative, the book re-examines the developments through the ruptures in the course of cinematic

history. The essays in the volume critically consider transformations of the Hindi film industry from its early days to its present self-referential mode, issues of gender, dance and choreography, Bombay cinema's negotiations with the changing cityscape and urbanisms, and concentrate on its multifarious regional, national and transnational implications in the 21st century. One of the most comprehensive volumes on Bollywood, this work presents an analytical overview of the multiple histories of popular cinema in India and will be useful to scholars and researchers interested in film and media studies, South Asian popular culture and modern India, as well as to cinephiles and general readers alike.

[A Companion to Ancient History](#) Springer

Most people view movie posters as an expensive form of expendable advertising. Others, however, see the posters as valuable art. If you are in the latter category, this is the work for you. All facets of collecting movie posters are covered in this guide book. The history of the movie poster is first presented, including a look at how the early studios influenced the development of posters. Next is a brief look at the world of movie art collecting. This is followed by a reference section that provides comprehensive explanations of the most commonly used terms in the field. Getting your collection started is the next topic, giving novice and more experienced collectors information on publications and materials available, where to go to purchase posters, where

to go for help and other items. A concluding section details the proper care and handling of movie art materials, along with methods for restoration.

A Short History of Film A Short History of Film

In this must-have new anthology, top media scholars explore the leading edge of digital media studies to provide a broad, authoritative survey of the study of the field and a compelling preview of future developments. This book is divided into five key areas - video games, digital images, the electronic word, computers and music, and new digital media - and offers an invaluable guide for students and scholars alike.

High Fidelity/Musical America
Bloomsbury Publishing

This work digs deep into sampling practices across audio-visual media, from found footage filmmaking to Internet 'memes' that repurpose music videos, trailers and news broadcasts. The book extends the conceptual boundaries of sampling by emphasizing its inter-medial dimensions, exploring its politics, and examining its historical and global scope.

High Fidelity Rutgers University Press
The history of international cinema is now available in a concise, conveniently sized, and affordable volume. Succinct yet comprehensive, A Short History of Film provides an accessible overview of the major movements, directors, studios, and genres from the 1880s to the present. More than 250 rare stills and illustrations accompany the text,

bringing readers face to face with many of the key players and films that have marked the industry. Beginning with precursors of what we call moving pictures, Wheeler Winston Dixon and Gwendolyn Audrey Foster lead a fast-paced tour through the invention of the kinoscope, the introduction of sound and color between the two world wars, and ultimately the computer generated imagery of the present day. They detail significant periods in world cinema, including the early major industries in Europe, the dominance of the Hollywood studio system in the 1930s and 1940s, and the French New Wave of the 1960s. Special attention is also given to small independent efforts in developing nations and the corresponding more personal independent film movement

that briefly flourished in the United States, the significant filmmakers of all nations, censorship and regulation and how they have affected production everywhere, and a wide range of studios and genres. Along the way, the authors take great care to incorporate the stories of women and other minority filmmakers who have often been overlooked in other texts. Compact and easily readable, this is the best one-stop source for the history of world film available to students, teachers, and general audiences alike.

Are you a fan of World Wrestling Entertainment (WWE)? Do you watch in awe as the giant competitors throw themselves and each other around the

ring? Are you familiar with the terminology of WWE? Would you like to know more about the professional wrestlers who provide such thrilling entertainment? If you answered yes to any of these questions you won't want to be without this handy new reference guide. Presented in an easy-to-follow format, this book contains all the facts and figures on WWE you will ever need to know, including detailed information on the top professional wrestlers past and present, their nicknames, biographies, catchphrases, championship winners and losers, WWE records, Divas, belts and much more. **101 Things You May Not Have Known About World Wrestling** is as entertaining as wrestling itself and is a must-have for all those who enjoy the sportsmanship

and spectacle of WWE. This book will appeal to anyone who likes watching WWE from lifelong fans to those who are new to the sport.

101 Things You May Not Have Known About World Wrestling

Rowman & Littlefield

This is the definitive work on Roy Rogers, the "King of the Cowboys." The lives and careers of Rogers and his wife, Dale Evans, are thoroughly covered, particularly their work on radio and television. The merchandising history of Roy Rogers reveals that his marketing of character-related products was second only to that of Walt Disney; Roy Rogers memorabilia are still among the most popular items. Includes a comprehensive discography, filmography and comicography. Heavily illustrated.

Net Guide University of Texas Press
This comprehensively revised, updated and significantly extended edition introduces German film history from its beginnings to the present day, covering key periods and movements including early and silent cinema, Weimar cinema, Nazi cinema, the New German Cinema, the Berlin School, the cinema of migration, and moving images in the digital era. Contributions by leading international scholars are grouped into sections that focus on genre; stars; authorship; film production, distribution and exhibition; theory and politics, including women's and queer cinema; and transnational connections. Spotlight articles within each section offer key case studies, including of individual films that illuminate larger histories (Heimat,

Downfall, The Lives of Others, The Edge of Heaven and many more); stars from Ossi Oswalda and Hans Albers, to Hanna Schygulla and Nina Hoss; directors including F.W. Murnau, Walter Ruttmann, Wim Wenders and Helke Sander; and film theorists including Siegfried Kracauer and Béla Balázs. The volume provides a methodological template for the study of a national cinema in a transnational horizon.

Andrews UK Limited

'The Documentary Handbook is mandatory reading for those who want a critical understanding of the place of factual formats in today's exploding television and media industry, as well as expert guidance in complex craft skills in order to fully participate. The practical advice and wisdom here is second to

none.' – Tony Steyger, Principal Lecturer, Southampton Solent University, UK The Documentary Handbook is a critical introduction to the documentary film, its theory and changing practices. The book charts the evolution of documentary from screen art to core television genre, its metamorphosis into many different types of factual TV programme and its current emergence in forms of new media. It analyses those pathways and the transformation of means of production through economic, technical and editorial changes. The Documentary Handbook explains the documentary process, skills and job specifications for everyone from industry entrants to senior personnel, and shows how the industrial evolution of television has relocated the powers and principles of

decision-making. Through the use of professional Expert Briefings it gives practical pointers about programme-making, from research, developing and pitching programme ideas to their production and delivery through a fast-evolving multi-platform universe.

Bomber Boys on Screen McFarland Inspired by the real life post-divorce experiences of television comedy writer Danny Simon, *The Odd Couple* has touched multiple generations of fans. Playwright Neil Simon embellished his brother Danny's pseudo-sitcom situation and created an oil-and-water twosome with memorable characters showcasing the foibles of mankind. The original Broadway production enjoyed a run of 964 performances. The story of the cohabitation of Felix Ungar and Oscar

Madison translated extremely well to the silver screen, and then in 1970 to television, where it brought weekly laughs and mirth to an even larger audience for five seasons in prime time. This thorough history details *The Odd Couple* in all its forms over the decades. It provides capsule biographies of the stage, film and television casts and crew, as well as an episode guide and a wealth of little-known information.

The Odd Couple on Stage and Screen Bloomsbury Publishing USA
The story of *The Hundreds* and the precepts that made it an iconic streetwear brand by Bobby Hundreds himself. Streetwear occupies that

rarefied space where genuine "cool" coexists with big business; where a star designer might work concurrently with Nike, a tattoo artist, Louis Vuitton, and a skateboard company. It's the ubiquitous style of dress comprising hoodies, sneakers, and T-shirts. In the beginning, a few brands defined this style; fewer still survived as streetwear went mainstream. They are the OGs, the "heritage brands." *The Hundreds* is one of those persevering companies, and Bobby Hundreds is at the center of it all. The creative force behind the brand, Bobby Kim, a.k.a. Bobby Hundreds, has emerged as a prominent face and voice in streetwear. In telling the story of his formative years, he reminds us that *The Hundreds* was started by outsiders; and this is truly the story of streetwear.

culture. In *This Is Not a T-Shirt*, Bobby Hundreds cements his spot as a champion of an industry he helped create and tells the story of The Hundreds—with anecdotes ranging from his Southern California, punk-DIY-tinged

youth to the brand's explosive success. Both an inspiring memoir and an expert assessment of the history and future of streetwear, this is the tale of Bobby's commitment to his creative vision and to building a real community.
