Far too much emphasis is placed today on the utilization of cookie cutter routines designed by strangers to appeal to the lowest common denominator or lifter, while few texts today appeal to the beast within every real lifter. 365 Days of Brutality does just that- it enables lifters to harness their inner badass by emulating the training of the badasses who have gone before them, and in doing so, forge their own path. 365 Days of Brutality is a compendium of a year's worth of workouts designed to take the aspiring gymgoer from "who gives a \$h!t about that gymbro nobody" to "slavering, musclebound, iron-crazed slaughterbeast" within that time frame. These workouts have been sourced from some of the most insane and intense strength athletes from every discipline- wrestlers, powerlifters, Olympic weightlifters, bodybuilders, and arm wrestlers- to ensure that anyone reading it will have the tools necessary to jump into the middle of anyone's workout and hang with or beat the people with whom (against whom) they're training. Leave the allegedly scientific programming to the prey animals and clock punchers, the posers and the neophytes, and learn to sharpen your fangs and attack the gym with the ferocity that belies your will to defeat gravity. This is 365 Days of Brutality.

This book was written for the person who understands that there is so much more for them to accomplish but just can't seem to breakthrough. One of the traps in life is being satisfied with a 211 degree life. This is a very good life and many would characterize it as a successful life. But for the person who should be living at 212 degrees they feel like the oyster with sand in its shell, very agitated. Many times they can't put their finger on what is wrong or what is needed. Even the Christian living a good life before God can feel that something is missing. The thing missing is their purpose. They love the Lord and all that He provides but they realize there is more they should be doing for Him. If you feel like you are not walking in your purpose then this is the book for you! One Degree of Change: How to Succeed Now! will open your heart and mind to just how close you really are to accomplishing what the Lord has designed you for. It will provide much needed answers for

your advancement. Because you are only one degree from the success you desire.

In the 1970s a group of pioneering feminist entrepreneurs launched a movement that ultimately changed the way sex was talked about, had, and enjoyed. Boldly reimagining who sex shops were for and the kinds of spaces they could be, these entrepreneurs opened sex-toy stores like Eve's Garden, Good Vibrations, and Babeland not just as commercial enterprises, but to provide educational and community resources as well. In *Vibrator Nation* Lynn Comella tells the fascinating history of how these stores raised sexual consciousness, redefined the adult industry, and changed women's lives. Comella describes a world where sex-positive retailers double as social activists, where products are framed as tools of liberation, and where consumers are willing to pay for the promise of better living—one conversation, vibrator, and orgasm at a time.

A specter is haunting contemporary television—the specter of creepiness. In our everyday lives, we try to avoid creepiness at every cost, shunning creepy people and recoiling in horror at the idea that we ourselves might be creeps. And yet when we sit down to watch TV, we are increasingly entranced by creepy characters. In this follow-up to *Awkwardness* and *Why We Love Sociopaths*, Adam Kotsko tries to account for the strange fascination of creepiness. In addition to surveying a wide range of contemporary examples—from *Peep Show* to *Girls*, from *Orange Is the New Black* to *Breaking Bad*—Kotsko mines the television of his 90s childhood, marveling at the creepiness that seemed to be hiding in plain sight in shows like *Full House* and *Family Matters*. Using Freud as his guide through the treacherous territory of creepiness, Kotsko argues that we are fascinated by the creepy because in our own ways, we are all creeps.

Does the Internet Have an Unconscious? is both an introduction to the work of Slavoj Žižek and an investigation into how his work can be used to think about the digital present. Clint Burnham uniquely combines the German idealism, Lacanian psychoanalysis, and Marxist materialism found in Žižek's thought to understand how the Internet, social and new media, and digital cultural forms work in our lives and how their failure to work structures our pathologies and fantasies. He suggests that our failure to properly understand the digital is due to our lack of recognition of its political, aesthetic, and psycho-sexual elements. Mixing autobiographical passages with critical analysis, Burnham situates a Žižekian theory of digital culture in the lived human body.

The beautiful Casablanca star, the world's greatest war photographer, and the secret love affair that would change their lives forever . . . in Chris Greenhalgh's *Seducing Ingrid Bergman* June 1945.

When Ingrid Bergman walks into the lobby of the Ritz hotel in Paris, war photographer Robert Capa is enchanted. From the moment he slips a mischievous invitation to dinner under her door, the two find themselves helplessly attracted. Played out against the cafés and nightclubs of post-war Paris and the parties and studios of Hollywood, they pursue an intense and increasingly reckless affair. But the light-hearted Capa, who likes nothing more than to spend his mornings reading in the tub and his afternoons at the racetrack, is not all that he seems. And Ingrid offers the promise of salvation to a man haunted by the horrors of war, his father's suicide, and the death of a former lover for which he blames himself. Addicted to risk, Capa must wrestle his devils, including gambling and drink, and resist an impulse to go off and photograph yet another war. Meanwhile, Ingrid, trapped in a passionless marriage and with a seven-year-old daughter to bring up, must court scandal and risk compromising her Hollywood career and saintly reputation if their love is to survive. With their happiness and identities at stake, both Capa and Ingrid are presented with terrible choices.
