Campaigns and Elections American Style  
Crown Forum

The #1 New York Times Bestseller “He’s one of the best chroniclers of politics today.” -Jake Tapper “This is a really funny book.” -Kara Swisher “His writing is so damn good.” -John Berman “Really fascinating...There are so many revelations.” -Anderson Cooper “The new must read summer book.”  
-Stephanie Ruhle From the author of the

#1 New York Times bestseller This Town, the eyewitness account of how the GOP collaborated with Donald Trump to transform Washington’s “swamp” into a gold-plated hot tub—and a onetime party of rugged individualists into a sycophantic personality cult. In the early months of Trump’s candidacy, the Republican Party’s most important figures, people such as Marco Rubio, Ted Cruz, and Lindsey Graham, were united—and loud—in their scorn and contempt. Even more, in their outrage: Trump was a menace and an affront to our democracy. Then, awkwardly, Trump

won. Thank You for Your Servitude is Mark Leibovich's unflinching account of the moral rout of a major American political party, tracking the transformation of Rubio, Cruz, Graham, and their ilk into the administration's chief enablers, and the swamp's lesser lights into frantic chasers of the grift. What would these politicians do to preserve their place in the sun, or at least the orbit of the spray tan? What would they do to preserve their "relevance"? Almost anything, it turns out. Trump's savage bullying of everyone in his circle, along with his singular command of his political base, created a dangerous culture of submission in the Republican Party. Meanwhile, many of the most alpha of the lapdogs happily conceded to Mark

Leibovich that they were "in on the joke." As Lindsey Graham told the author, his supporters in South Carolina generally don't read The New York Times, and they won't read this book, either. All that cynicism, shading into nihilism, led to a country truly unhinged from reality, and to the events of January 6, 2021. It's a vista that makes the Washington of This Town seem like a comedy of manners in comparison. Thank You for Your Servitude isn't another view from the Oval Office: it's the view from the Trump Hotel. We can check out any time we want, but only time will tell if we can ever leave. *Uncovering Texas Politics in the 21st Century* Rowman & Littlefield  
An informed and practical road map for controlling disinformation, embracing

free speech, saving American elections, and protecting democracy "A fresh, persuasive and deeply disturbing overview of the baleful and dangerous impact on the nation of widely disseminated false speech on social media. Richard Hasen, the country's leading expert about election law, has written this book with flair and clarity."—Floyd Abrams, author of *The Soul of the First Amendment* What can be done consistent with the First Amendment to ensure that American voters can make informed election decisions and hold free elections amid a flood of virally spread disinformation and the collapse of local news reporting? How should American society counter the actions of people like former President Donald J. Trump, who used

social media to convince millions of his followers to doubt the integrity of U.S. elections and helped foment a violent insurrection? What can we do to minimize disinformation campaigns aimed at suppressing voter turnout? With piercing insight into the current debates over free speech, censorship, and Big Tech's responsibilities, Richard L. Hasen proposes legal and social measures to restore Americans' access to reliable information on which democracy depends. In an era when quack COVID treatments and bizarre QAnon theories have entered mainstream, this book explains how to assure both freedom of ideas and a commitment to truth.

*The Right* McFarland  
Justices on the Ballot addresses two

central questions in the study of judicial elections: how have state supreme court elections changed since World War II? And, what effects have those changes had on election outcomes, state supreme court decisions, and the public's view of the courts? To answer these questions, Herbert M. Kritzer takes the broadest scope of any study to date, investigating every state supreme court election between 1946 and 2013. Through an analysis of voting returns, campaign contributions and expenditures, television advertising, and illustrative case studies, he shows that elections have become less politicized than commonly believed. Rather, the changes that have occurred reflect broader trends in American politics, as well as increased involvement of state

supreme courts in hot-button issues. *Grand Old Party* Brookings Institution Press  
American Government 3e aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The

book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens.

*Federal Election Campaign Laws* The Politics Of Realignment

See America with 50 of Our Finest, Funniest, and Foremost Writers Anthony Bourdain chases the fumigation truck in Bergen County, New Jersey Dave Eggers tells it straight: Illinois is Number 1 Louise Erdrich loses her bikini top in North Dakota Jonathan Franzen gets waylaid by New York's publicist...and personal attorney...and historian...and

geologist John Hodgman explains why there is no such thing as a "Massachusettsean" Edward P. Jones makes the case: D.C. should be a state! Jhumpa Lahiri declares her reckless love for the Rhode Island coast Rick Moody explores the dark heart of Connecticut's Merritt Parkway, exit by exit Ann Patchett makes a pilgrimage to the Civil War site at Shiloh, Tennessee William T. Vollmann visits a San Francisco S&M club and Many More!

The Fight to Vote Farrar, Straus and Giroux

Cover crops slow erosion, improve soil, smother weeds, enhance nutrient and moisture availability, help control many pests and bring a host of other benefits to your farm. At the same time, they can reduce costs, increase profits and even

create new sources of income. You'll reap dividends on your cover crop investments for years, since their benefits accumulate over the long term. This book will help you find which ones are right for you. Captures farmer and other research results from the past ten years. The authors verified the info. from the 2nd ed., added new results and updated farmer profiles and research data, and added 2 chap. Includes maps and charts, detailed narratives about individual cover crop species, and chap. about aspects of cover cropping.

Running Against the Devil Univ of California Press

Don't miss syndicated radio host and author Mark Levin's #1 New York Times acclaimed and longtime bestselling manifesto for the conservative

movement. When nationally syndicated radio host Mark R. Levin's Liberty and Tyranny appeared in the early months of the Obama presidency, Americans responded by making his clarion call for a new era in conservatism a #1 New York Times bestseller for an astounding twelve weeks. As provocative, well-reasoned, robust, and informed as his on-air commentary, with his love of our country and the legacy of our Founding Fathers reflected on every page, Levin's galvanizing narrative provides a philosophical, historical, and practical framework for revitalizing the conservative vision and ensuring the preservation of American society. In the face of the modern liberal assault on Constitution-based values, an attack that has resulted in a federal government

that is a massive, unaccountable conglomerate, the time for reinforcing the intellectual and practical case for conservatism is now. In a series of powerful essays, Levin lays out how conservatives can counter the tyrannical liberal corrosion that has filtered into every timely issue affecting our daily lives, from the economy to health care, global warming to immigration, and more.

The Politics Of Realignment Routledge

**The Pig Book** National Geographic Books

Public disenchantment with and distrust of American government is at an all-time high and who can blame them? In the face of widespread

challenges—everything from record levels of personal and national debt and the sky high cost of education, to gun violence, racial discrimination, an immigration crisis, overpriced pharmaceuticals, and much more—the government seems paralyzed and unable to act, the most recent example being Covid-19. It's the deadliest pandemic in over a century. In addition to an unimaginable sick and death toll, it has left more than thirty million Americans unemployed. Despite this, Washington let the first round of supplemental unemployment benefits run out and for more than a month were unable to agree on a bill to help those suffering. This book explains why we are in this situation, why the government is unable to respond to key challenges, and

what we can do to right the ship. It requires that readers “upstream,” stop blaming the individuals in office and instead look at the root cause of the problem. The real culprit is the system; it was designed to protect liberty and structured accordingly. As a result, however, it has left us with a government that is not responsive, largely unaccountable, and often ineffective. This is not an accident; it is by design. Changing the way our government operates requires rethinking its primary goal(s) and then restructuring to meet them. To this end, this book offers specific reform proposals to restructure the government and in the process make it more accountable, effective, and responsive.

**Thank You for Your Servitude**

Brookings Institution Press

A narrative history of the John Birch Society by a daughter of one of the infamous ultraconservative organization’s founding fathers. Named a best nonfiction book of 2013 by Kirkus Reviews and the Tampa Bay Times Long before the rise of the Tea Party movement and the prominence of today’s religious Right, the John Birch Society, first established in 1958, championed many of the same radical causes touted by ultraconservatives today, including campaigns against abortion rights, gay rights, gun control, labor unions, environmental protections, immigrant rights, social and welfare programs, the United Nations, and even water fluoridation. Worshipping its anti-Communist hero Joe McCarthy, the Birch

Society is perhaps most notorious for its red-baiting and for accusing top politicians, including President Dwight Eisenhower, of being Communist sympathizers. It also labeled John F. Kennedy a traitor and actively worked to unseat him. The Birch Society boasted a number of notable members, including Fred Koch, father of Charles and David Koch, who are using their father's billions to bankroll fundamentalist and right-wing movements today. The daughter of one of the society's first members and a national spokesman about the society, Claire Conner grew up surrounded by dedicated Birchers and was expected to abide by and espouse Birch ideals. When her parents forced her to join the society at age thirteen, she became its youngest member of the

society. From an even younger age though, Conner was pressed into service for the cause her father and mother gave their lives to: the nurturing and growth of the JBS. She was expected to bring home her textbooks for close examination (her mother found traces of Communist influence even in the Catholic school curriculum), to write letters against "socialized medicine" after school, to attend her father's fiery speeches against the United Nations, or babysit her siblings while her parents held meetings in the living room to recruit members to fight the war on Christmas or (potentially poisonous) water fluoridation. Conner was "on deck" to lend a hand when JBS notables visited, including founder Robert Welch, notorious Holocaust denier Revilo Oliver,

and white supremacist Thomas Stockheimer. Even when she was old enough to quit in disgust over the actions of those men, Conner found herself sucked into campaigns against abortion rights and for ultraconservative presidential candidates like John Schmitz. It took momentous changes in her own life for Conner to finally free herself of the legacy of the John Birch Society in which she was raised. In *Wrapped in the Flag*, Claire Conner offers an intimate account of the society—based on JBS records and documents, on her parents’ files and personal writing, on historical archives and contemporary accounts, and on firsthand knowledge—giving us an inside look at one of the most radical right-wing movements in US history and its lasting

effects on our political discourse today. *All-mail-ballot Elections* DIANE Publishing  
The authors assess alternatives for a next-generation intercontinental ballistic missile (ICBM) across a broad set of potential characteristics and situations. They use the current Minuteman III as a baseline to develop a framework to characterize alternative classes of ICBMs, assess the survivability and effectiveness of possible alternatives, and weigh those alternatives against their cost.

Congressional Record DIANE Publishing  
This is a print on demand edition of a hard to find publication. Examines terrorists’ involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed

bank robbery, and smuggling weapons of mass destruction. There are 3 parts: (1) Compares the criminality of internat. jihad groups with domestic right-wing groups. (2) Six case studies of crimes includes trial transcripts, official reports, previous scholarship, and interviews with law enforce. officials and former terrorists are used to explore skills that made crimes possible; or events and lack of skill that the prevented crimes. Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

Crimes Committed by Terrorist Groups

Princeton University Press

Over the years, America's national elections have become focused almost

exclusively on Democrats and Republicans; other parties exist but rarely rise to prominence. Elections at the state level, on the other hand, offer a livelier history, with successful candidates from political parties of all stripe, including Free Soil, Abolitionist, Anti-Monopoly, Farmers Alliance, War Democrat, Anti-Masonic, Socialist, and many more. This book lists the party affiliation of state legislatures beginning in 1796 through the elections of 2006. Information on each state includes a summary of how its electoral process developed, including the origins and stipulations of each state's constitution, the terms and size of the legislature, and other details pertaining to the history of the state's legislative branch. Each state's chapter closes with a list of

sources. In all, the book documents over 100 different party affiliations.

Supreme Ambition Simon and Schuster  
With new and revised chapters throughout, the sixth edition of *Campaigns and Elections American Style* allows academics and campaign professionals the chance to explain how the COVID-19 pandemic, 2020 general election, and 2022 midterm election upended the campaign process and changed the landscape of political campaigns forever. Offering a unique and careful mix of Democrat and Republican, academic and practitioner, and male and female campaign perspectives, this volume scrutinizes national and local-level campaigns. Students, citizens, candidates, and campaign managers learn not only how

to win elections but also why it is imperative to do so in a safe and ethical way. Perfect for a variety of courses in American government, this book is especially valuable to schools of campaign management and campaign professionals working at every level from the local to the global. Highlights of the Sixth Edition Covers the 2020 and 2022 elections with an eye to 2024. Examines changes to the campaign process as a result of COVID-19 and puts them in context with campaign traditions over time. Includes a new organization that moves campaign finance up front to emphasize the centrality of fundraising to successful campaigns. Offers more data to inform campaign planning and management, especially related to key topics such as the change in news media

coverage, the growth and use of social media, the use of "big data" in campaigns, and changes in field and voting rules and policies.

**Voting Assistance Guide** Anchor  
NATIONAL BESTSELLER ONE OF THE  
NEW YORK TIMES 10 BEST BOOKS OF  
THE YEAR Who are the immensely  
wealthy right-wing ideologues shaping  
the fate of America today? From the  
bestselling author of *The Dark Side*, an  
electrifying work of investigative  
journalism that uncovers the agenda of  
this powerful group. In her new preface,  
Jane Mayer discusses the results of the  
most recent election and Donald Trump's  
victory, and how, despite much  
discussion to the contrary, this was a  
huge victory for the billionaires who  
have been pouring money in the

American political system. Why is  
America living in an age of profound and  
widening economic inequality? Why  
have even modest attempts to address  
climate change been defeated again and  
again? Why do hedge-fund billionaires  
pay a far lower tax rate than middle-  
class workers? In a riveting and indelible  
feat of reporting, Jane Mayer illuminates  
the history of an elite cadre of  
plutocrats—headed by the Kochs, the  
Scaifes, the Olins, and the  
Bradleys—who have bankrolled a  
systematic plan to fundamentally alter  
the American political system. Mayer  
traces a byzantine trail of billions of  
dollars spent by the network, revealing a  
staggering conglomeration of think  
tanks, academic institutions, media  
groups, courthouses, and government

allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize  
[Cheap Speech](#) Beacon Press  
 A National Book Critics Circle Award Finalist, Nonfiction A New York Times Notable Book of 2015 A Washington Post

Notable Nonfiction Book of 2015 A Boston Globe Best Book of 2015 A Kirkus Reviews Best Nonfiction Book of 2015 An NPR Best Book of 2015 Countless books have been written about the civil rights movement, but far less attention has been paid to what happened after the dramatic passage of the Voting Rights Act (VRA) in 1965 and the turbulent forces it unleashed. *Give Us the Ballot* tells this story for the first time. In this groundbreaking narrative history, Ari Berman charts both the transformation of American democracy under the VRA and the counterrevolution that has sought to limit voting rights, from 1965 to the present day. The act enfranchised millions of Americans and is widely regarded as the crowning achievement of the civil rights movement. And yet,

fifty years later, we are still fighting heated battles over race, representation, and political power, with lawmakers devising new strategies to keep minorities out of the voting booth and with the Supreme Court declaring a key part of the Voting Rights Act unconstitutional. Berman brings the struggle over voting rights to life through meticulous archival research, in-depth interviews with major figures in the debate, and incisive on-the-ground reporting. In vivid prose, he takes the reader from the demonstrations of the civil rights era to the halls of Congress to the chambers of the Supreme Court. At this important moment in history, *Give Us the Ballot* provides new insight into one of the most vital political and civil rights issues of our time.

**Blue Metros, Red States** Yale University Press

This highly readable narrative history of the Republican Party profiles the G.O.P. from its emergence as an antislavery party during the 1850s to its current place as champion of political conservatism.

*Liberty and Tyranny* Taylor & Francis

The landslide reelection of President Ronald Reagan in 1984 prompted political analysts to consider the possibility of a national realignment of the electorate toward the Republican party. The 1986 elections, however, proved any predictions of a national realignment to be premature. A major shift in voting patterns had not taken place—except in the Mountain West, where a realignment was already in

place. Once second only to the southern states in Democratic attachments, these western states (Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming) now compose the most Republican region in the nation. The contributors to this volume assert that this substantial change in electoral patterns, which has spanned nearly forty years, resulted not from a westward migration but from a widespread conversion among those who are born and remain in the region. In analyzing this realignment, these writers—some of the nation's best electoral scholars—provide historical and contemporary overviews and assess the important issues not only for voters but also for party organizations and members of Congress. Their focus in *The*

*Politics of Realignment*, however, is on the Mountain West's role in contemporary American politics. The authors present a comprehensive investigation into the meaning of this regional realignment for national politics. *Wrapped in the Flag* Rand Corporation Includes bibliographical references and index.

Simon and Schuster

David French warns of the potential dangers to the country—and the world—if we don't summon the courage to reconcile our political differences. Two decades into the 21st Century, the U.S. is less united than at any time in our history since the Civil War. We are more diverse in our beliefs and culture than ever before. But red and blue states, secular and religious groups, liberal and

conservative idealists, and Republican and Democratic representatives all have one thing in common: each believes their distinct cultures and liberties are being threatened by an escalating violent opposition. This polarized tribalism, espoused by the loudest, angriest fringe extremists on both the left and the right, dismisses dialogue as appeasement; if left unchecked, it could very well lead to secession. An engaging mix of cutting edge research and fair-minded analysis, *Divided We Fall* is an unblinking look at the true dimensions and dangers of this widening ideological gap, and what could happen if we don't take steps toward bridging it. French reveals chilling, plausible scenarios of how the United States could fracture into

regions that will not only weaken the country but destabilize the world. But our future is not written in stone. By implementing James Madison's vision of pluralism—that all people have the right to form communities representing their personal values—we can prevent oppressive factions from seizing absolute power and instead maintain everyone's beliefs and identities across all fifty states. Reestablishing national unity will require the bravery to commit ourselves to embracing qualities of kindness, decency, and grace towards those we disagree with ideologically. French calls on all of us to demonstrate true tolerance so we can heal the American divide. If we want to remain united, we must learn to stand together again.
